Dreaming in the World's Religions Kelly Bulkeley, 2008-07-19 Backstreet Boys were the biggest band in the world for a short while and that period is documented on their first hits compilation 2001's *The Hits* Chapter One Twelve years later came *Essential Backstreet Boys* a double disc set that has all 13 songs from *The Hits* along with another 16 songs generally songs that came after 2001 when BSB started to slide down the charts There were hits 2005's *Incomplete* 2007's *Inconsolable* that just showed up on the Adult Contemporary charts a fair approximation of where the group wound up in their second decade *Essential Backstreet Boys* traces this evolution filling in a few more details of those early hit making years which makes this worthwhile for the dedicated fan but many listeners may find either *The Hits* or the variety of budget line collections released since to be a

better bet as they contain the hits and nothing but Stephen Thomas Erlewine *Dreaming and the Imagination* Matthew D. Newsom, 2025-04-01 Of all the human behaviors anthropologists consider perhaps the most conceptually challenging are those that cannot be directly observed This volume draws from rich ethnographic data to offer theoretical and methodological tools for mapping the intersections between two such behaviors dreaming and imagination Although Western perspectives tend to cast these as personal experiences contained within individual minds each contributor explores diverse cultural and historical contexts to demonstrate how these behaviours are always in some sense cultural and influenced by social others The cross cultural approach suggests theoretical flexibility and expands the study of imagination across multiple disciplines *Dreaming in Fields of Killer Sheep* David DiSalvo, 2003-10 From a fresh independent voice comes a collection of nine stories built on powerful emotional ground What does it take to forge self identity confront the past shatter personal myths and live an authentic life In *Dreaming in Fields of Killer Sheep* these questions are weaved throughout narratives in which individuals willing to face conflict both external and internal gain glimpses of truth in the shadows An everyman confronts a sexual predator in a department store and faces a dark reality lying just beneath the surface of his psyche A political staffer returns to her childhood home for a funeral and discovers disturbing news that challenges her to act An opportunist seeking an easy way out of trouble unexpectedly faces a choice of being an accomplice to unknown evil or an improbable hero And in the title story a young advertising executive crashes from his ascent into a sea of questions about what being authentic really means These and other tales in this collection challenge us to look beyond the obvious into dimly lit margins where truth and perception aren't so easily divided and where the battle for self is joined *Amid the Fall, Dreaming of Eden* Bradford T. Stull, 1999 To articulate this vision Stull looks to those who compose from an oppressed place finding in the works of W E B Du Bois Martin Luther King Jr and Malcolm X radical theopolitical practices that can serve as a model for emancipatory composition BOOK JACKET *Dreaming in Ensemble* Lucy Caplan, 2025 Lucy Caplan explores the flourishing of Black composers performers and critics of opera in America during the early twentieth century Working outside mainstream opera houses these artists fostered countercultural forms of expression that reimagined opera as a medium of Black aesthetic and political creativity *Dreaming and Historical Consciousness in Island Greece* Charles Stewart, 2017-04-06 On publication in 2012 *Dreaming and Historical Consciousness in Island Greece* quickly met wide acclaim as a gripping work that according to the Times Literary Supplement offers a wholly new way of thinking about dreams in their social contexts It tells an extraordinary story of spiritual fervor prophecy and the ghosts of the distant past coming alive in the present This new affordable paperback brings it to the wider audience that it deserves Charles Stewart tells the story of the inhabitants of K ronos on the Greek island of Naxos who in the 1830s began experiencing dreams in which the Virgin Mary instructed them to search for buried Christian icons nearby and build a church to house the ones they found Miraculously they dug and found several icons and human remains and at night the ancient owners of them would

speak to them in dreams The inhabitants built the church and in the years since have experienced further waves of dreams and startling prophesies that shaped their understanding of the past and future and often put them at odds with state authorities Today Kronos is the site of one of the largest annual pilgrimages in the Mediterranean Telling this fascinating story Stewart draws on his long term fieldwork and original historical sources to explore dreaming as a mediator of historical change while widening the understanding of historical consciousness and history itself Local and National Poets of America Thomas William Herringshaw,1890 *American Paper Son* Wayne Hung Wong,2024-04-22 In the early and mid twentieth century Chinese migrants evaded draconian anti immigrant laws by entering the US under false papers that identified them as the sons of people who had returned to China to marry Wayne Hung Wong tells the story of his life after emigrating to Wichita Kansas as a thirteen year old paper son After working in his father s restaurant as a teen Wong served in an all Chinese Air Force unit stationed in China during World War II His account traces the impact of race and segregation on his service experience and follows his postwar life from finding a wife in Taishan through his involvement in the government s amnesty program for Chinese immigrants and career in real estate Throughout Wong describes the realities of life as part of a small Chinese American community in a midwestern town Vivid and rich with poignant insights *American Paper Son* explores twentieth century Asian American history through one person s experiences **A New History of Asian America** Shelley Sang-Hee Lee,2013-10-01 A New History of Asian America is a fresh and up to date history of Asians in the United States from the late eighteenth century to the present Drawing on current scholarship Shelley Lee brings forward the many strands of Asian American history highlighting the distinctive nature of the Asian American experience while placing the narrative in the context of the major trajectories and turning points of U S history Covering the history of Filipinos Koreans Asian Indians and Southeast Indians as well as Chinese and Japanese the book gives full attention to the diversity within Asian America A robust companion website features additional resources for students including primary documents a timeline links videos and an image gallery From the building of the transcontinental railroad to the celebrity of Jeremy Lin people of Asian descent have been involved in and affected by the history of America A New History of Asian America gives twenty first century students a clear comprehensive and contemporary introduction to this vital history *Technicians of the Sacred* Jerome Rothenberg,1985-05-08 *Technicians of the Sacred* presents primitive and ancient poetries as the incantations they are loaded with power and very full of the magic that invests all good poetry The treatment is fascinating the commentaries are a gold mine of responses to the material by a strong poet the editor and his selection of analogous writings from a broad range of contemporary poets David P McAllester *Making the Team* Timothy Morris,1997 He concludes with a chapter that asks What does it mean to be literary What distinguishes high art from a baseball novel or a mystery or a romance novel or pornography *Making the Team* suggests that drawing the line may be a more vital concern not just for scholars but for Americans at large than anything critics have argued about for a very long time *The Oxford*

Un-American Dreams J. Jesse Ramírez, 2022-04-15 After the end the world will be un American This speculation forms the nucleus of *Un American Dreams* a study of US apocalyptic science fiction and the cultural politics of disimagined community in the short century of American superpower 1945 2001 Between the atomic attacks on Hiroshima and Nagasaki which helped to transform the United States into a superpower and initiated the Cold War and the terrorist attacks on the World Trade Center and the Pentagon which spelled the Cold War s second death and inaugurated the War on Terror apocalyptic science fiction returned again and again to the scene of America s negation During the American Century to imagine yourself as American and as a participant in a shared national culture meant disimagining the most powerful nation on the planet *Un American Dreams* illuminates how George R Stewart Philip K Dick George A Romero Octavia Butler

and Roland Emmerich represented the impossibility of reforming American society and used figures of the end of the world as speculative pretexts to imagine the utopian possibilities of an un American world The American Century was simultaneously a closure of the path to utopia and an escape route into apocalyptic science fiction the underground into which figures of an alternative future could be smuggled
