100 Dreams and Their Biblical Interpretations Jacob Makaya, 2018-06-01. Sometimes you have a dream and when you wake up you thank God it was just a dream. God uses dreams to reveal what is going on in the spiritual realm of one's life. Dreams often reveal things that we may physically be unaware of. When you have a dream ignoring it does not solve the problem. God uses dreams to guide us so we make correct decisions in our lives. He also uses dreams to warn us if something bad was going to happen so we can pray and change it. More importantly, God uses dreams to reveal His purpose in our lives. Every dream has a purpose and interpretation. For instance, when you dream you are eating, being chased by people, driving a car, taking exams, being in a place you have never been, being in a place you know or used to live, etc. God is directing, speaking to you things that are going on in your life. The Bible has answers to all these dreams and many others. This book will reveal God's word to you on a personal level because interpretations of dreams are personal and are based on God's message to you.

Finding and Understanding your Purpose of Life Wandile Majola, 2016-05-09. Purpose is everything a human being can live with. Having a purpose and knowing your purpose of life should mean you know what best for you and you know what it takes to achieve what you wish to achieve in life. Purpose is what every human being on earth should have. Understanding life and the world itself, understanding the things that many people don't understand, which may help one see the true meaning of their lives and their purpose of life will guide them to a better place which is called a place of achievements. The world has a lot to learn about the people around the globe and how they do things. We live in a world full of people, different people, people who have dreams, people who wish to achieve a lot in life and want to pass all their achievement to the world by doing good to the public. Purpose brings peace to the world and it brings people together by teaching them the true meaning of life. To have a purpose, one should understand the purpose of life itself before understanding the world itself. Understanding is the key word for purpose; it is good for one to understand everything before having or knowing their purpose of life. Understanding what you want in life and understanding what kind of a person you are. To understand both these things may guide one to understanding everything about life and finding their purpose of life. Starting from your first till your last tears, understanding where you come from and who were there as well as how will you achieve whatever you wish to achieve in life. We come from different backgrounds where we live our lives differently and we behave

differently towards one another The world has its own ways of defining the purpose but it needs one to understand and master the true purpose of life to know all the rules of how to understand people and the world itself **Piper's Stories** Monty Jordan,2019-07-08 This book was a pleasure for me to write It started as a pen pal project with my nine year old granddaughter so we could stay in touch Well after a couple of letters back and forth I decided to start writing and sending her Bible stories The letters developed into a collection of eleven Bible stories that a child can understand These stories are taken from the King James Version of the Bible and written as they are stated in the Bible and true to what was given to us by God Although the stories were written so a child could understand I believe that anyone can get something out of this book I believe that it is our duty and responsibility to teach children about the word of God If this book helps in any way to do that with even one child or one adult then the purpose of this collection of Bible stories is complete **The Dream Cure** Theresa Cheung,2024-11-20 Decode Your Dreams and Empower Yourself Theresa Cheung who Women s Health magazine called the British Grande Dame of psychic and spiritual studies shows you how to unravel the mysteries of your unconscious mind The Dream Cure provides a map for your path to self discovery and healing Theresa Cheung reveals the meanings of common dream symbols and themes helping you harness their power to resolve anxieties overcome obstacles and ignite positive transformation Dreams are your secret superpower Theresa teaches you how to use them to improve creativity glimpse the future and understand yourself more than ever before She shares a wealth of practical exercises designed to improve both your waking and dreaming lives she even shows you how to influence your unconsciousness From reducing nightmares to dreamscaping this book provides the tools you need to make the best of your dreams *Three Keys to Self-Understanding* Pat Wyman,2001 Self discovery can be an elusive process Some people never fully express their true personalities because of obstacles from the past Others float through life with a set of defense mechanisms that seem adequate until something happens to shake that pattern In her groundbreaking work Pat Wyman combines three psychological techniques to create a successful method of personal integration The foundation of the work is a comparative exploration of how the MBTI instrument the Enneagram and Inner Child Healing can assist in self discovery In the end it is a strikingly honest and poignant study of how a remarkable group of people dealt with tragedy and abuse and how they achieved healing through intense introspection and the use of these three modalities Courageous clients share their stories poems artwork and letters which are interwoven throughout the author s in depth explanation of how to guide client s through this process *Sleeping to Dream and Dreaming to Wake Up!* Vijay Srinath Kanchi,2022-11-08 Dreams play a significant role in our life meaningfully affecting us in the development of our personality and our spiritual journey They are an everyday experience for any human being Dreams have always been of great interest to poets and philosophers alike since ancient times and examples are aplenty in Indian and Western scriptures However it is an uphill task for an ordinary person to fully appreciate the intricacies and significance of dreams in the day to day life It is here that this book proves as an invaluable guide providing deep
