Conroy,1995

In this study of the role of taverns in the development of Massachusetts society David Conroy brings into focus a vital and controversial but little understood facet of public life during the colonial era Concentrating on the Boston area he reveals a popular culture at odds with Puritan social ideals one that contributed to the transformation of Massachusetts into a republican society Public houses were an integral part of colonial community life and hosted a variety of official functions including meetings of the courts They also filled a special economic niche for women and the poor many of whom turned to tavern keeping to earn a living But taverns were also the subject of much critical commentary by the clergy and increasingly restrictive regulations Conroy argues that these regulations were not only aimed at curbing the spiritual corruption associated with public houses but also at restricting the popular culture that had begun to undermine the colony s social and political hierarchy Specifically Conroy illuminates the role played by public houses as a forum for the development of a vocal republican citizenry and he highlights the connections between the vibrant oral culture of taverns and the expanding print culture of newspapers and political pamphlets in the eighteenth century **Alcohol and Temperance in Modern History** Jack S. Newman,2010-08-03 Simon P Newman vividly evokes the celebrations of America s first national holidays in the years between the ratification of the Constitution and the inauguration of Thomas Jefferson He demonstrates how by taking part in the festive culture of the streets ordinary American men and women were able to play a significant role in forging the political culture of the young nation The creation of many of the patriotic holidays we still celebrate coincided with the emergence of the first two party system With the political songs they sang the liberty poles they raised and the partisan badges they wore Americans of many walks of life helped shape a new national politics destined to replace the regional practices of the colonial era Learning About Drinking Eleni Houghton,Anne M.
