**Driven from Within** Michael Jordan, 2005-10-24 Michael Jordan is the rare global icon whose celebrity extends beyond his original stage and onto multiple platforms His relentless determination produced six NBA Championships and some of the most spectacular performances in sports history while his enduring grace and unique sense of style made him equally famous in the worlds of fashion business and marketing In Driven from Within Michael makes it clear that the basis for his phenomenal success came from the inside out thanks in part to those who guided him along the way His skill work ethic philosophy personal style competitiveness and presence have flowed from the basketball court into every facet of his life Nearly three years removed from his last turn as an athlete Michael's twentieth Air Jordan shoe has helped push Nike's Brand Jordan division to almost 500 million in sales Nothing of value comes without being earned That's why great leaders are those who lead by example first You can't demand respect because of a title or a position and expect people to follow That might work for a little while but in the long run people respond to what they see This is a book about the power of collaboration and teamwork the awe inspiring energy generated when people combine their creativity and passion and a fearless desire to lead Whether waking at 6 a m to work on fundamentals as a high school junior or spending hours with legendary designer Tinker Hatfield on the intricacies of state of the art shoe design Michael Jordan has never wavered in his desire to be the best It all started with an appetite to prove Whether it was competing with my siblings or trying to get attention from my parents I wanted to show what I could do what I was capable of accomplishing I wanted results and I was driven to find out the best way to get them Everyone knows the results In Driven from Within Michael Jordan and those in his inner circle reveal the philosophy that makes it all happen <u>Driven from Home</u> David Silkenat, 2016-10-15 Examining refugees of Civil War era North Carolina Driven from Home reveals the complexity and diversity of the war s displaced populations and the inadequate responses of governmental and charitable organizations as refugees scrambled to secure the

necessities of daily life In North Carolina writes David Silkenat the relative security of the Piedmont and mountains drew pro Confederate elements from across the region Early in the war Union invaders established strongholds on the coast to which their sympathizers fled in droves Silkenat looks at five groups caught up in this floodtide of emigration enslaved African Americans who fled to freedom white Unionists pro Confederate whites both slave owners who often forced their slaves to migrate with them and non slave owners and young women often from more besieged areas of the South who attended the state s many boarding schools From their varied experiences a picture emerges of a humanitarian crisis driven by mobility shaped by unprecedented economic pressures and disease vectors and exacerbated by governments unwilling or unable to provide meaningful relief For anyone seeking context to current refugee crises Driven from Home has much to say about the crushing administrative and logistical challenges of aid work the illusory nature of such concepts as home fronts and battle lines and the ongoing debate over links between relief and dependence
