Droll Science:

The Chasm Crossed Kit Cain, 2006-05-15 The Chasm Crossed is about my personal spiritual journey through various schools of thought and training beginning with an early exposure to the wilds and beauty of nature in the back woods of Nova Scotia thence to an Episcopal preparatory school Hindu meditation techniques a Catholic monastery Zen meditation training becoming a missionary in the Christian Church and later to personal inner and outer teachers I have always been one of those individuals compelled to reach out beyond the confines of what we see feel hear taste or smell into the area of the unknown and unprovable which has been in the past the rather exclusive domain of religion spirituality and mysticism No matter what school of thinking or beliefs I found myself learning within the boundaries of each school sooner or later became too limiting for my eternally questioning mind I did however keep track of my thoughts contemplations and experiences during that 35 year period and wrote them down sometimes as poetry sometimes as prose and sometimes as an entire book such as is Soul And Man This book is a story of the journey itself without a lot of theory or contemplative thought **Course**
