A Practitioner's Guide to the EC-Turkey Association Agreement Nicola Rogers, 2023-09-29 It is over 35 years since the Association Agreement between Turkey and the EC was signed and only slow progress has been made towards the accession of Turkey to the Community. However, the benefits of the Agreement in terms of the rights bestowed on Turkish workers in the Community cannot be negated. The Agreement and its subsidiary legislation now provide the most established rights of third country nationals in Community law. This volume provides an essential reference to the provisions of the Agreement and subsequent Council of Association decisions as they affect migrant workers from Turkey. It also contains an up to date analysis of the ECJ rulings in the field. It includes the relevant texts of the Agreement and the Council of Association decisions, the texts of all the ECJ judgments in the field, detailed analysis of the provisions and ECJ judgments. This comprehensive guide to the EC Turkey Association Agreement is useful to both practitioners and academics.

Taxation, 2003 *A Practitioner's Guide to Working with Sexual Offenders, Families, and Victims* Glyn Hudson-Allez, 2025-05-23 This unique text aims to cover the many variations of presentations that a mental health professional needs to address in order to conduct effective work with sex offenders and alleged offenders, their victims as well as their families and children. The book is divided into three sections. It commences with an overview of the criminal justice process and its ramifications not just for the alleged offender but also for the wider family and friends who may feel totally out of control over what is happening in their lives as well as for the victim. It also covers the secondary victimisation of the children of alleged offenders. The next section is designed to take some of the fear out of working with these clients, looking at unexpected specific issues that may be presented with these clients, how to address the client's trauma history and how to support them on their journey through the criminal justice system. Chapters include working with non-offending partners within minority groups like those within the neurodivergent or LGBTQIA communities with women who commit offences as well as with children and adolescents. Section three covers some of the therapeutic ethical dilemmas within this work, including supervision, confidentiality, safeguarding and disclosure. Each chapter in the book is written by an experienced hands-on therapist, giving voice and humanity to their clients. This book is designed for all the mental health workers who find the ubiquitous issue of sexual abuse in all its forms coming through their office door.
