Joach. de Virués y Spínola & F. T. A. Chaluz de Vernevil Jos. Joach. de Virués y Spínola,1850 The Compassionate, but Punishing God Nathan C. Lane,2010-03-08 Lane provides a canonical analysis of the credo of Exodus 34 6 7 and its major parallels in the Hebrew Bible He argues that the credo was an important theological expression for the ancient Israelites and that the final form of the Tanak is marked by the use of the credo These uses in the final form of the canon give evidence of the theological tension over the presence of the foreigners in the postexilic community And this tension is marked by the use of the credo in texts that emphasize YHWH s covenantal relationship with ancient Israel Torah movement toward the nations Prophets and YHWH as king over the whole earth Psalms *The Minority of Henry the Third* Kate Norgate,2021-05-20 In *The Minority of Henry the Third* Kate Norgate delves into a pivotal period in English history detailing the years of political instability surrounding the young King Henry III s ascension Norgate employs a rich narrative style characterized by scholarly rigor and vivid imagery immersing readers in the complexities of medieval power dynamics The book intricately examines the tug of war between royal authority and baronial rebellion underpinned by Norgate s meticulous research and analysis of primary sources which illuminates the challenges faced by a monarch at such a tender age during the mid 13th century Kate Norgate a prominent historian and skilled biographer brings her deep seated passion for medieval history to this work inspired by her own experiences in studying England s monarchs and their political landscapes Norgate s academic background and previous works have equipped her to dissect the intricate web of alliances and conflicts that characterized Henry s minority allowing her to portray not just the historical events but also the societal implications of these turbulent times This book is highly recommended for those interested in English history medieval studies and political power struggles Norgate s insightful analysis provides both an engaging narrative and a thorough academic framework that benefits historians students and casual readers alike Immerse yourself in this compelling account and gain a deeper understanding of a crucial chapter in the history of the English monarchy Proceedings of the Royal Society of Edinburgh Royal Society of Edinburgh,1882 List of fellows for 1908 in v 25 *Talking of the Royal Family* Prof Michael Billig,Michael Billig,2002-11 Important themes and issues flow through the seemingly trivial chatter about royalty This book was the first serious study of royalty to emerge from this rhetorical perspective and now with a new preface remains relevant today **Royal Tourism** Phil Long,Nicola J. Bell, 2018-06-12 The pastor who seeks to preach expositionally through Psalms faces a daunting task for the sermon series would take several years to complete and many of the sermons would seem repetitious because of similar psalms To respond to this challenge the author has used the book theology method to analyze the Book of Psalms into twenty eight theological themes providing the preacher with material for approximately a one year series on the book Each chapter includes a list of applicable theological propositions that can be preached or taught to contemporary audiences Then the chapter concludes by linking the topic to New Testament passages This monograph contains over seventy tables mainly charting the Hebrew terms used for a particular theme Careful textual and exegetical notes provide guidance for translation and interpretation of many verses Furthermore relevant Hebrew word studies inform theological understanding Backing up the analysis are numerous references to Psalm commentaries both classical and contemporary *Royal Dictionary English and French and French and English ... Remaking Men David Tacey, 2013-10-23 The nature of masculinity is a popular subject for contemporary authors either treated critically from a sociological standpoint or analysed from a psychological and spiritual perspective In *Remaking Men* David Tacey argues that we must strive to bridge the gap between these separate traditions masculinity should neither be hijacked by the spiritual Jung influenced men's movement nor discussed merely as a product of socio political forces Examining his own and other men's experience in a critical and lively discourse he evades the simplistic optimism of the inner journey approach and the chronic pessimism of contemporary academic arguments This is a fascinating and very accessible look at masculinity for those who want to explore self and society with intelligence and soul History of
