## **Cities In American Life:**

City Songs and American Life, 1900-1950 Michael L. Lasser, 2019 Nothing defines the songs of the great American songbook more richly and persuasively than their urban sensibility During the first half of the twentieth century songwriter such as Harold Arlen Irving Berlin Dorothy Fields George and Ira Gershwin and Thomas Fats Waller flourished in New York City the home of Tin Pan Alley Broadway and Harlem Many of these remarkably deft and forceful creators were native New Yorkers Others got to Gotham as fast as they could Either way it was as if from their vantage point on the West Side of Manhattan these artists were describing America not its geography of politics but its heart to Americans and to the world at large In City songs and American life 1900 1950 renowned author and broadcaster Michael Lasser offers an evocative and probing account of the popular songs including some written originally for the stage or screen that America heard and sang and danced to during the turbulent first half of the twentieth century Lasser demonstrates how the spirit of the teeming city pervaded these wildly diverse songs Often that spirit took form overtly in songs that portrayed the glamor of Broadway of the energy and jazz age culture of Harlem But a city bred spirit or even a specifically New York City way of feeling and talking also infused many other widely known and loved songs stretching from the early decades of the century to the twenties the age of the flapper bathtub gin and women s right to vote the Great Depression and finally World War II Throughout this remarkable book Lasser emphasizes how the soul of city life as echoes in the nation s songs developed and changed in tandem with economic social and political currents in America as a whole Dust jacket flap      **African American Lives** Henry Louis Gates, Evelyn Brooks Higginbotham, 2004-04-29 The first book of its kind since 1982 s Dictionary of American Negro Biography African American Lives leads us into a new era of African American biographical scholarship In collaboration with Oxford University Press and the American Council of Learned Societies and with contributions from over four hundred scholars and experts in many fields the editors and their staff at the W E B Du Bois Institute for African and African American Research at Harvard University have collected in this single volume the lives of many of the most important and most interesting names in African American history BOOK JACKET      **The Quality of Urban Life** United States. Congress. House. Committee on Banking and Currency. Ad Hoc Subcommittee on Urban Growth, 1970 Pt 2 of a 3 pt work Part 1 has title Population trends Y 4 B 22 1 P 81 pt 1 hearings held June 3 5 13 16 18 24 25 July 1 10 22 and 31 1969 Part 3 Industrial location policy Y 4 B 22 1 In 2 pt 3 hearings held July 23 September 23 24 October 6 7 November 18 19 December 2 3 1970      The State of the Cities , 1998      **Commanders Digest** , 1968      People & Politics in Urban America Robert W. Kweit, Mary G. Kweit, 2013-10-31 This revised textbook for courses on urban politics challenges the notion that the field is dominated by political economy showing that despite the undeniable importance of economic issues citizens do play a significant part in urban politics      **People and Politics in Urban America, Second Edition** Robert W. Kweit, Mary G. Kweit, 2013-11-26 First Published in 1998 Approximately 75 percent of Americans live in cities and surrounding suburbs and

the characteristics of those cities inescapably affect the quality of their lives This book examines the extent to which these Americans use the political process to control the characteristics of life in their metropolises In addition this second edition revision places great emphasis on the role of political leaders while recognising the interdependence between those leaders and various interests in the city     Proposed Amendments to the Securities Act of 1933 and to the Securities Exchange Act of 1934 United States. Congress. House. Committee on Interstate and Foreign Commerce,1942     The Twentieth-Century American City Jon C. Teaford,2016-09-15 Touching on aging central cities technoburbs and the ongoing conflict between inner city poverty and urban boosterism The Twentieth Century American City offers a broad accessible overview of America's persistent struggle for a better city     **Commentary In American Life** Murray Friedman,2005 Founded by the American Jewish Committee in 1945 as a monthly journal of significant thought and opinion Jewish affairs and contemporary issues Commentary magazine has through the years had a far reaching impact on American politics and culture Commentary in American Life traces this influence over time especially in creating the neoconservative movement The authors of each chapter also consider the ways the magazine shaped and reflected major cultural and literary trends in the United States The end result offers a full accounting of one of the most important journals of American political thought providing insight into the development of American collective politics and culture over the last six decades     The Portable Radio in American Life Michael Brian Schiffer,2022-04-19 As an artifact of culture the portable radio is an unusual but perfect subject for investigation by archaeologist Schiffer Seeing the history of everyday objects as the history of the life of a people he shows how the portable radio has reflected changes in American society as surely as clay pots have for ancient cultures     The History of the German Americans in Early Los Angeles City and County Hans W. Eberhard,     *Congressional Record* United States. Congress,1977 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873     *The Analyst in the Inner City* Neil Altman,2010 In 1995 Neil Altman did what few psychoanalysts did or even dared to do He brought the theory and practice of psychoanalysis out of the cozy confines of the consulting room and into the realms of the marginalized to the very individuals whom this theory and practice often overlooked In doing so he brought together psychoanalytic and social theory and examined how divisions of race class and culture reflect and influence splits in the developing self more often than not leading to a negative self image of the other in an increasingly polarized society Much like the original this second edition of The Analyst in the Inner City opens up with updated detailed clinical vignettes and case presentations which illustrate the challenges of working within this clinical milieu Altman greatly expands his section on race both in the psychoanalytic and the larger social world including a focus on whiteness which he argues is socially constructed in relation to blackness

However he admits the inadequacy of such categorizations and proffers a more fluid view of the structure of race A brand new section Thinking Systemically and Psychoanalytically at the Same Time examines the impact of the socio political context in which psychotherapy takes place whether local or global on the clinical work itself and the socio economic categories of its patients and vice versa Topics in this section include the APA s relationship to CIA interrogation practices group dynamics in child and adolescent psychotherapeutic interventions and psychoanalytic views on suicide bombing Ranging from the day to day work in a public clinic in the South Bronx to considerations of global events far outside the clinic s doors but closer than one might think this book is a timely revision of a groundbreaking work in psychoanalytic literature expanding the import of psychoanalysis from the centers of analytical thought to the margins of clinical need **American Life During the**

**Industrial Age** Alexis McCrossen,2024-12-11 This volume explores the Industrial Age 1860 1914 bringing together published and archival primary sources with introductory essays that contextualize a period of extraordinary social cultural and economic transformation The Industrial Age s developments which included electricity internal combustion engines moving assembly lines and clock time posed as much risk and opportunity as do today s innovations Today artificial intelligence terrorism climate change and the threat of pandemics like Covid 19 threaten our safety and sense of well being just as machine production the labor movement toxic chemicals and waste and epidemics like tuberculosis and cholera posed significant challenges in the Industrial Age This modern and innovative collection features tried and tested topics such as immigration and labor along with underexplored ones such as electricity abundance and contaminants Each chapter includes a historiographical essay exploring the rich historical and sociological scholarship on the period in the United States while framing the documents and illustrations included in the chapter **American Life During the Industrial Age** is an ideal companion to undergraduate and graduate courses in United States history American studies the history of technology and the history of culture and society **The Automobile and American Life, 2d ed.** John Heitmann,2018-08-14 Now revised and updated this book tells the story of how the automobile transformed American life and how automotive design and technology have changed over time It details cars inception as a mechanical curiosity and later a plaything for the wealthy racing and the promotion of the industry Henry Ford and the advent of mass production market competition during the 1920s the development of roads and accompanying highway culture the effects of the Great Depression and World War II the automotive Golden Age of the 1950s oil crises and the turbulent 1970s the decline and then resurgence of the Big Three and how American car culture has been represented in film music and literature Updated notes and a select bibliography serve as valuable resources to those interested in automotive history **Homeless Lives in American Cities** P. Webb,2014-08-07

**Homeless Lives in American Cities** explores how the American discourse on homelessness arose from Victorian social and political anxieties about the impacts of immigration and urbanization on the middle class family It demonstrates how contemporary social work and policy emerge from Victorian cultural attitudes **Industrialization and the**

**Transformation of American Life: A Brief Introduction** Jonathan Rees, 2015-03-04 This book provides a descriptive episodic yet analytical synthesis of industrialization in America. It integrates analysis of the profound economic and social changes taking place during the period between 1877 and the start of the Great Depression. The text is supported by 30 case studies to illustrate the underlying principles of industrialization that cumulatively convey a comprehensive understanding of the era.

**Small Business and the Quality of American Life**, 1977 Core Values in American Life Arthur Neal, 2017-09-29 What values do Americans hold dear? What happens when real world situations cause those values to conflict? To better understand the intellectual map of how American society works, Arthur G. Neal and Helen Youngelson Neal analyze values prominent in American word and deed. These values appear in our nation's formal documents, rights and privileges prominently emphasized in the US Constitution and inscribed on the Statue of Liberty. They have shaped the historical destiny and indeed include those values most extensively propagated by the general population. Using these criteria, the authors identify individualism, the pursuit of happiness, freedom, consumerism, materialism, equality of opportunity, technology, mastery of the environment, quality of marriage, and national unity as the core American values. Core values provide the raw materials for the construction of contemporary society as a moral community wherever that community is located. Such values are clusters of ideas that are central to self-identities; they generate a sense of collective belonging and membership. As such, core values define the existing social order and advance a set of ideas for depicting a desirable future. The analysis presented here helps us understand contemporary conflicts inherent in the American value system and the problems confronted by Americans as they try to live within the limitations and contradictions of value systems.

## Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **Cities In American Life**

In a world inundated with screens and the cacophony of quick interaction, the profound energy and emotional resonance of verbal art frequently diminish into obscurity, eclipsed by the constant onslaught of noise and distractions. However, nestled within the musical pages of **Cities In American Life**, a captivating function of literary beauty that pulses with fresh emotions, lies an memorable journey waiting to be embarked upon. Written by a virtuoso wordsmith, that interesting opus instructions viewers on an emotional odyssey, delicately revealing the latent possible and profound impact stuck within the delicate internet of language. Within the heart-wrenching expanse of this evocative analysis, we will embark upon an introspective exploration of the book is main subjects, dissect its interesting writing style, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
