## **Citizen Newhouse Portrait Of A Media Merchant:**

**Citizen Newhouse** Carol Felsenthal,2011-01-04 An acclaimed biographer takes on one of the world's most elusive media moguls in Citizen Newhouse The harvest of four years and over 400 interviews Carol Felsenthal's book is an unauthorized investigative biography that paints a tough yet even handed portrait Here is the father Sam Newhouse who developed a formula for creating newspaper monopolies in small metropolitan markets and turned it into a huge family fortune And the sons Si in the magazine business with his crown jewels The New Yorker Vanity Fair and Vogue and Donald who runs the family's newspaper and cable television companies Focusing on Si's life and career Citizen Newhouse takes the measure of one of America's most powerful yet unexamined figures Felsenthal shows how Si's quirky behavior as a shy and awkward outsider has had a far reaching impact on the properties he owns affecting and in the opinion of some compromising the quality of the Newhouse product across the country and the world Felsenthal shines a light on the breathtaking changes that have taken place among Si's top editors and the fabulous perks available to members of this elite She also lays bare the role played by Roy Cohn in the affairs of both father and son Citizen Newhouse provides a fascinating account of powerful and glamorous lives and their impact on the newspapers and magazines we read every day [Empire of the Elite](#) Michael M. [Hell and High Water](#) Rebecca Theim,2013-10-11 ERIC HOFFER BOOK AWARD SHORTLIST FINALIST BUSINESS CATEGORY NATIONAL FEDERATION OF PRESS WOMEN REGIONAL FINALIST GENERAL NONFICTION INDEPENDENT PUBLISHER BOOK AWARDS GOLD MEDAL CURRENT EVENTS Near midnight on May 23 2012 the New York Times broke the story that Advance Publications the New York based owner of about three dozen US newspapers would use its 175 year old New Orleans Times Picayune as the testing ground for a risky experiment The Picayune which won fierce local devotion international acclaim and two Pulitzer Prizes for its heroic coverage of the aftermath of 2005's Hurricane Katrina would

become a three day per week publication and shift its focus to its much derided nola.com Web site leaving New Orleans as the largest US city without a daily newspaper. The profitable newspaper with the country's highest readership penetration in a city its size then proceeded to purge its veteran newsroom, antagonize much of the city and state, attract negative national and international attention and jeopardize its vaunted reputation all in an effort to create a new blueprint for the profitable operation of American newspapers in today's increasingly digital world. The Times-Picayune wasn't the first or last Advance Publications newspaper to undergo this transformation. The company began implementing this plan at many of its newspapers in 2009 despite waves of protest. However, the Times-Picayune was its foremost guinea pig. In a desperate attempt to recapture public favor, Advance implemented daily newsstand-only editions of the Times-Picayune to supplement its scant coverage.

Author Rebecca Theim's deft treatment of the impact on employees and region, the enigmatic owners of Advance Publications, and Advance Publications' ambitious business model is a revelatory exposé of the swiftly changing face of journalism. *Wordslinger* Leonard Novarro, 2022-10-14 I didn't decide to write this book out of some noble dedication to the field of journalism. Or to revitalize the good old days by recapturing the past. Or tell a great story or two while singing the praises of newspapers. God knows, the newspapers didn't always get it right, although they did get it right more than they got it wrong. Now, in this era of the Internet and social media, the opposite often is true. How else would you explain the fact that millions in the United States and abroad believe in a conspiracy theory that a ring of Satan-worshipping pedophiles, cannibals, and sex traffickers are working to unseat the president of the United States and take over the world, a theory that began at President Trump rallies in 2018 and one that he clings to along with many of his Facebook and Twitter followers. *The Magazine Century* David E. Sumner, 2010 The future of magazines is murky. Their past glorious. How we got from there to here is told in this compelling history. It's thrilling, funny, disturbing, sad, and ultimately inspiring. And in these pages are broad and helpful hints on how we can return to glorious. Richard B. Stolley, Founding Editor, People, and Senior Editorial Adviser, Time Inc. Book Jacket **About Town** Ben Yagoda, 2000 Illuminated by interviews with more than fifty people, including the late Joseph Mitchell, William Steig, Roger Angell, Calvin Trillin, Pauline Kael, John Updike, and Ann Beattie, *About Town* penetrates the inner workings of the New Yorker as no other book has done. **BOOK JACKET** **Dreaming in French** Alice Kaplan, 2012-04-02 A year in Paris. Countless American students have been lured by that vision and been transformed by their sojourn in the City of Light. These stories tell of that experience and how it changed the lives of three extraordinary American women. *Annual Bibliography of the History of the Printed Book and Libraries* Department of Information & Collections, 2005-12-21 The *Annual Bibliography of the History of the Printed Book and Libraries* aims at recording articles of scholarly value which relate to the history of the printed book, to the history of arts, crafts, techniques, and equipment, and of the economic, social, and cultural environment involved in its production, distribution, conservation, and description. Power, Privilege and the Post Carol Felsenthal, 2011-01-04 Katharine Graham's story has all the elements of the phoenix rising from

the ashes and in Carol Felsenthal's unauthorized biography *Power Privilege* and the Post Graham's personal tragedies and triumphs are revealed. The homely and insecure daughter of the Jewish millionaire and owner of The Washington Post Eugene Myer Kay married the handsome brilliant and power hungry Phillip Graham in 1940. By 1948 Kay's father had turned control of The Washington Post over to Phil who spent the next decade amassing a media empire that included radio and TV stations. But as Felsenthal shows he mostly focused on building the reputation of the Post and positioning himself as a Washington power player. Plagued by manic depression Phil's behavior became more erratic and outlandish and his downward spiral ended in 1963 when he took his own life. Surprising the newspaper industry Kay Graham took control of the paper beginning one of the most unprecedented careers in media history. Felsenthal weaves her exhaustive research into a perceptive portrayal of the Graham family and an expert dissection of the internal politics at the Post and a portrait of one of a unique tragic and ultimately triumphant figure of twentieth century America.

Writing for The New Yorker Green Fiona Green, 2015-01-20 Original critical essays on an iconic American periodical providing new insights into twentieth century literary culture. This collection of newly commissioned critical essays reads across and between New Yorker departments from sports writing to short stories, cartoons to reporters at large, poetry to annals of business. Attending to the relations between these kinds of writing and the magazine's visual and material constituents, the collection examines the distinctive ways in which imaginative writing has inhabited the prime real estate of this enormously influential periodical. In bringing together a range of sharply angled analyses of particular authors, styles, columns and pages, this book offers multiple perspectives on American writing and periodical culture at specific moments in twentieth century history.

**Key Features:** Eleven new perspectives on major American writers including Roth, Cheever, Plath and Updike in relation to their first publication contexts. Reconsiders modern and contemporary American writing and periodical culture, focusing critical attention on commercially successful smart magazines. Draws on new research in The New Yorker's manuscript and digital archives. A distinctive combination of close critical reading and cultural analysis.

Focus Michael Gross, 2017-08-29 Fashion photographers sold not only clothes but ideals of beauty and visions of perfect lives. Gross provides a rollicking account of fashion photography's golden age, the wild genius, ego, passion and antics of the men and a few women behind the camera, from the postwar covers of Vogue to the triumph of the digital image. He takes you behind the scene of revolutionary creative processes and the private passions of these visionary magicians.
