Citizens In Service Volunteers In Social Welfare During The Depression 1929 1941:

Citizens in Service John Finbar Jones, John Middlemist Herrick, 1976 *Service Clubs in American Society* Jeffrey A. Charles, 1993 Placing the clubs in the context of twentieth century middle class culture Charles maintains that they represented the response of locally oriented traditional middle class men to societal changes The groups emerged at a time when service was becoming both a middle class and a business ideal As voluntary associations they represented a shift in organizing rationale from fraternalism to service The clubs and their ideology of service were welcome as a unifying force at a time when small cities and towns were beset by economic and population pressures **America's Struggle against**

Poverty in the Twentieth Century James T. Patterson, 2009-07-01 This new edition of Patterson's widely used book carries the story of battles over poverty and social welfare through what the author calls the amazing 1990s those years of extraordinary performance of the economy He explores a range of issues arising from the economic phenomenon increasing inequality and demands for use of an improved poverty definition He focuses the story on the impact of the highly controversial welfare reform of 1996 passed by a Republican Congress and signed by a Democratic President Clinton despite the laments of anguished liberals *Going it Alone* David B. Danbom, 2005 In *Going It Alone* Fargo Grapples with the Great Depression historian David B. Danbom shows how this exemplary American city struggled to survive problems it could not solve by itself People of all classes shunned and demonized those who accepted relief Unemployed men formed a club to barter goods and to influence work programs City leaders forced to accept federal help fought for local control Danbom also traces the effects of larger cultural changes not rooted in the Depression but sometimes exacerbated by it struggles between employers and workers the growing independence of women and conflict between parents and children **BOOK JACKET**

From Charity to Enterprise Stanley Wenocur, Michael Reisch, 2001 How did social work evolve as a profession in the United States Stanley Wenocur and Michael Reisch examine the history of social work and provide a theoretical model of professionalization for analyzing its development They offer a provocative view of American social work as an enterprise seeking exclusive control over the definition production and distribution of an essential commodity Now in paperback for the first time *From Charity to Enterprise* sets the professionalization of social work into a dynamic social context The explicit political and economic framework of Wenocur and Reisch's model enables the authors to examine how various subgroups within social work lost or gained control of the professional enterprise at various points **Companionship Programs and**

Nonprofessional Volunteers Linda Springs, 1996 *Between Work and Leisure* Robert A. Stebbins, 2017-09-08 Occupational devotion as defined by Robert A. Stebbins is a strong and positive attachment to a form of self enhancing work where the sense of achievement is high and the core activity or set of tasks is endowed with such intense appeal that the line between work and leisure is virtually erased This volume examines conditions that attract people to their work in this profound way and the many exceptional values and intrinsic rewards they realize there The author sets out by discussing

people who are devoted to their occupations and describes the kinds of occupations in which such people are found the nature of their commitment to their work and the kind of values they strive to realize through work Stebbins frames occupational devotion in four broad social contexts history religion work and leisure then considers the further subdivisions of gender social class and social character The heart of the book uses research findings on leisure to develop a powerful critique of the workaholic model Stebbins shows instead that deeply felt worker enthusiasm is devoid of addictive or coerced behavior Stebbins also explores the role of money How important is it What happens when money becomes a major if not dominant value as has happened for example in the realm of professional sports Finally he examines the social implications of the compatibility of work and serious leisure using exploratory research to identify their shared motivational factors Between Work and Leisure aims to debunk the prevailing myth that work and leisure are wholly separate and often as not mutually antagonistic spheres of life Stebbins shows that a close relationship between leisure and work offers the opportunity for people to find joy in work just as they do in leisure This volume will be of interest to those interested in work and occupations as well as those interested in the quality of their own lives *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1977

Voluntarism and Social Work Practice Florence Shishko Schwartz,1984 **America's Struggle Against Poverty, 1900-1985** James T. Patterson,1986 The Lived Experiences of African-American Women Professional Social Workers in Michigan from 1955-1973 Linda Annette Causey,2004 *America's Struggle Against Poverty, 1900-1980* James T. Patterson,1981 **Social Service Organizations** ,1978 *The New Era and the New Deal, 1920-1940* ,1981

Introduction to Human Service Networks Robert P. Scheurell,1987-08-07 This book asserts that human services in general and social work are highly interdependent and related to society's institutions and other human service professions To understand social work as a profession one needs to see where it interacts with other professions in the delivery of social services within the same social network *Taking Trusteeship Seriously* Richard C. Turner,1995 The Indian Journal of Public Administration ,1987 *Advocacy and Empowerment Movements in Philanthropy Since 1960* Robert Hamlett Bremner,1985 **The American Settlement Movement** ,1999-09-30 The American Settlement Movement was an influential part of the social welfare reforms of the Progressive Era In an era when America became an urban industrialized nation the development of the settlement house was interwoven with that of the American city and settlement workers living and working among the poor in the city were in the vanguard of a wide range of social welfare reform initiatives This selective bibliography covers titles providing an introduction and overview of the American Settlement Movement Arranged in six categories the titles include materials pertaining to the influence of the English Settlement Movement on the United States general surveys discussing the American Settlement Movement within the context of larger reform efforts studies focused on the Settlement Movement biographical titles settlement workers research and case studies and reference works The bibliography provides easy access to the literature of the American Settlement Movement Public Administration
