City Of Gold The Biography Of Bombay:

City of Gold Gillian Tindall, 1992 *International Who's Who of Authors and Writers 2004* Europa Publications, 2003

Accurate and reliable biographical information essential to anyone interested in the world of literature The *International Who's Who of Authors and Writers* offers invaluable information on the personalities and organizations of the literary world including many up and coming writers as well as established names With over 8 000 entries this updated edition features Concise biographical information on novelists authors playwrights columnists journalists editors and critics Biographical details of established writers as well as those who have recently risen to prominence Entries detailing career works published literary awards and prizes membership and contact addresses where available An extensive listing of major international literary awards and prizes and winners of those prizes A directory of major literary organizations and literary agents A listing of members of the American Academy of Arts and Letters **Govind Narayan's Mumbai** , 2009-02-01

Guiding the reader on a tour of the sights and sounds of an emerging city struggling to shake off colonialism and wrestling with the formation of its own budding identity Narayan's beguiling book offers descriptions of Mumbai's daily life its people and its institutions the parts of the whole that come together to create this diverse and vivacious place This valuable text is a rare and enthralling glimpse into a fascinating period and place otherwise lost to time *Zoroastrian Rituals in Context* Michael Stausberg, 2018-08-14

Rituals it is agreed play a prominent role in Zoroastrianism one of the oldest continuous traditions of mankind In this book scholars from a broad range of disciplines make the first ever collective effort to address this issue From a historical and geographical perspective texts and contexts studied in these pages range from antiquity to modernity all the way from Japan China India Iran Europe to California The essays touch on questions of theory ritual texts change and performances gender and professional religion priesthood lay people The rituals studied are placed in a broad scope of social and local settings ranging from the royal court to the needy from the rural village to the urban metropolis from the domestic to the public *Medicine and Colonialism* Poonam Bala, 2015-10-06

Focusing on India and South Africa during the nineteenth and twentieth centuries the essays in this collection address power and enforced modernity as applied to medicine Clashes between traditional methods of healing and the practices brought in by colonizers are explored across both territories **The Last Great Plague of Colonial India** Natasha Sarkar, 2024-07-12

Plague has attained pandemic proportions on three occasions in recorded history It is within the context of the third modern pandemic that this book unfolds an outbreak which took over twelve million lives in India alone Natasha Sarkar examines for the first time the full social history of this extraordinary medical crisis in India at the end of the nineteenth century detailing the nature and progress of the disease within a complex colonial environment Deep seated colonial anxieties about governing India influenced and are disclosed in responses to the pandemic Disease carriers were identified and labelled and scapegoats stigmatized Western Imperialism and its developments in biomedicine clashed with older indigenous medical systems Sarkar

also considers attitudes approaches and mentalities in indigenous Indian society She explores what individuals and communities made of the disease and how social prejudices surrounding it and its sufferers became increasingly heightened in a colonial environment The plague crisis reveals disparate heterogeneous voices across communities the contradictions of a multi religious multi lingual and multi cultural society The last great plague of Colonial India is thus portrayed in all its political social economic and demographic dimensions **The Contemporary Novel and the City** S. Khanna,2015-12-04

This book examines the deeply divided terrain of the twentieth century city and its formative impact on narrative fiction It focuses on two major world authors at the two ends of the twentieth century who write systematically about the colonial and postcolonial cities they were born in James Joyce and Dublin and Salman Rushdie and Bombay The Soul of Mumbai Ivan Raskino, **Maritime History as Global History** Maria Fusaro,Amélia Polónia,2017-10-18 This study aims to provide new insights into the connections between maritime history and global history It demonstrates the significance of maritime activity as a conduit of global exchange by examining local national and international interdependencies and trade networks and a broad range of time periods geographical areas and various sub divisions of maritime historical research It is composed of ten essays with an introductory chapter and concluding chapter The first five essays discuss the effects globalisation on shipping in the early modern period the following three discuss maritime transportation and the economics of industrialisation from the nineteenth century to the present day the next discusses the impact of global entrepreneurialism on maritime history the penultimate discusses the connections and variables between maritime and global history and the concluding chapter examines the theoretical assumptions surrounding the two disciplines using the globalisation of Early Modern Spain as a case study to do so The study demonstrates that the core strength of maritime history is its essential place in global history and that the process of globalisation began at sea The Idea of India Sunil Khilnani,2016-01-15 Sunil

Khilnani s exciting book addresses the paradoxes and ironies that have surrounded the project of inventing India a project that has brought Indians considerable political freedom and carried their enormous democracy to the verge of being Asia s greatest free state but that has also left many of them in poverty and that is now threatened by divisive religious nationalism Khilnani s superb historical analysis conveys modern India s energy fluidity and unpredictability in its democracy and its voting patterns in its visions of economic development in its diverse cities and devotion to village culture and in its current disputes over its political identity Throughout he provokes and illuminates this fundamental question Can the original idea of India survive its own successes **A Cultural History of the British Empire** John MacKenzie,2022-12-06 A compelling history of British imperial culture showing how it was adopted and subverted by colonial subjects around the world As the British Empire expanded across the globe it exported more than troops and goods In every colony imperial delegates dispersed British cultural forms Facilitated by the rapid growth of print photography film and radio imperialists imagined this new global culture would cement the unity of the empire But this remarkably wide ranging spread of ideas had unintended

and surprising results In this groundbreaking history John M MacKenzie examines the importance of culture in British imperialism MacKenzie describes how colonized peoples were quick to observe British culture and adapted elements to their own ends subverting British expectations and eventually beating them at their own game As indigenous communities integrated their own cultures with the British imports the empire itself was increasingly undermined From the extraordinary spread of cricket and horse racing to statues and ceremonies MacKenzie presents an engaging imperial history one with profound implications for global culture in the present day *Urban Development and Environmental History in Modern South Asia* Ian Talbot, Amit Ranjan, 2022-11-04 This book provides a pioneering study of the historical interaction between the city and the natural environment from the colonial to the contemporary era in South Asia The book provides a multidisciplinary analysis examining the environmental history of the city and bringing together contributions from environmental experts and practitioners as well as academics Focusing on case studies stretching from the Maldives and Sri Lanka to the Indian subcontinent the chapters trace linkages between the contemporary and earlier patterns of urban expansion and their environmental effects and consider lessons that can be drawn with respect to preventing future environmental degradation and mitigating the effects of climate change An important contribution to the field this book studies the contemporary environmental issues arising from rapid South Asian urbanization It will be of interest to researchers in the field of South Asian studies world history and environmental history *World Cities, City Worlds* William Solesbury, 2018-12-17 When living and working in cities we need to make sense of them in order to get by We must delve below their surface to understand what makes them tick and how we can best engage with them This book argues that three tropes can help us namely metaphors icons and perspectives Metaphorically we can see the city as a community a battleground a marketplace a machine or an organism Some cities are iconic they present us with characteristics that are more generally true of cities and city life such as Venice Mumbai New York Tokyo Paris and Los Angeles Cities can also be viewed from different perspectives those of artists analysts rulers and citizens This book explores these ways of understanding cities drawing on rich accounts of cities across the world and through time Context Eric Parry, 2015-04-29 Demonstrates how a building's setting should inform and inspire rather than constrain architectural design *Context Architecture and the Genius of Place* is a highly engaging informative discussion of context in architectural theory and practice Eric Parry one of the UK's most highly regarded architects whose work has been widely lauded for its innovative response to its setting addresses the contemporary definition of context and its importance for sustainable everyday living and urban design Looking beyond the formal agenda to explore the fundamentals that give new social and cultural perspective to this vital point of departure for designers this book turns the urban statistician's telescopic focus on global trends inside out for a better understanding of the cultural and physical conditions that make archetypes like the Parisian Caf the London High Street the Baltic City Square and the Mumbai Market part of the architect's lexicon From pavement to

landscape readers will examine how context must be taken into account at every stage in the design process This book draws on the author's extensive experience within complex urban settings to show how the existing fabric and social conditions can provide an essential starting point for new design offering a framework for thinking about design responses and their relationship to cultural origins of place Discover the importance of orientation Develop a sequential understanding of urban space Hear the dialogue between parts within a whole Differentiate the uses of formal and informal Whereas existing urban settings particularly historic city centers are generally regarded as limiting to architectural creativity this book presents context as grounds for inspiration rather than constraint When used correctly these techniques create the feeling that a new building has always been there simply because it fits Context explains the methods behind brilliant architecture helping designers create buildings that not only belong but can provide a catalyst to urban life

Modernism in the Metrocolony Caitlin Vandertop, 2020-11-26 Compares twentieth century literature from a network of British colonial cities tracing a new peripheral history of urban modernism
