## **City Limits Crime Consumer Culture And The Urban Experience:**

**City Limits** Keith Hayward, 2016-07-18 *City Limits* contributes to a growing body of work under the umbrella of cultural criminology which attempts to bring an appreciation of cultural change to an understanding of crime in late modernity Hayward and Young 2004 Hayward presents an ambitious theoretical analysis that attempts to inspire a cultural approach to understanding the crime city nexus and in particular to re address strain and the concept of relative deprivation in the context of a culture of consumption The book incorporates an impressive array of literature from beyond the boundaries of traditional criminology including urban studies social theory and most strikingly from art and architectural criticism illustrating a multidisciplinary approach This provides for a challenging and enlightening read with a particularly important emphasis on the impact of consumer culture on the lived urban experience and spatial dynamics of the city and in turn for an understanding of transgression and criminality Runner up for the British Society of Criminology Book Prize 2004 *City Limits*, 2004

**Crimes of Dissent** Jarret S. Lovell, 2009-07-01 From animal rights to anti abortion from tax resistance to anti poverty activists from across the political spectrum often deliberately break the law to further their causes While not behaviors common to hardened or self seeking criminals the staging of civil disobedience non violent resistance and direct action can nevertheless trigger a harsh response from law enforcement with those arrested risking jail time and criminal records *Crimes of Dissent* features the voices of these activists presenting a fascinating insider s look at the motivations costs and consequences of deliberately violating the law as a strategy of social change *Crimes of Dissent* provides readers with an in depth understanding of why activists break the law and what happens to them when they do Using dynamic examples both historic and recent Jarret Lovell explores how seasoned protesters are handled and treated by the criminal justice system shedding light on the intersection between the political and the criminal By adopting the unique vantage of the street level activist *Crimes of Dissent* provides a fascinating view of protest from the ground giving voice to those who refuse to remain silent by risking punishment for their political actions *Criminal Identities and Consumer Culture* Steve Hall, Simon

Winlow, Craig Ancrum, 2013-06-17 Using unique data taken from criminals locked in lower class locations this book aims to uncover feelings and attitudes towards a variety of criminal activities **Young Chinese in Urban China** Alex

Cockain, 2012-08-21 This book examines the condition of being a young person in China and the way in which changes in various dimensions of urban life have affected Chinese youths quests to understand themselves The author examines social factors such as changes in the physical construction of urban neighbourhoods changes in family life including reduced family size increasing rates of divorce and increased physical mobility of the family unit school life and mounting pressure to perform well in examinations and be a good student access to foreign and domestic media as well as access to the internet Drawing on the fields of social and cultural anthropology Alex Cockain shows that the process of self understanding in a changing spatial social and cultural world involves ongoing disjointed efforts to achieve a sense of security and belonging on

the one hand and a degree of increased autonomy in their relationships with for example parents and teachers on the other This book will appeal to anyone interested in Chinese Society Social and Cultural Anthropology Asian Anthropology and Youth Studies      **Understanding Deviance** Tammy L. Anderson, 2014-01-23 In this collection of 48 reprinted and

completely original articles Tammy Anderson gives her fellow instructors of undergraduate deviance a refreshing way to energize and revitalize their courses 36 are reprints 12 are original to this text anthology First in 12 separate sections she presents a wide range of deviant behaviors traits and conditions including underage drinking and drunk driving doping in elite sports gang behavior community crime juvenile delinquency hate crime prison violence and transgendered prisoners mental illness drug using women and domestic violence obesity tattooing sexual fetishes prostitution drug epidemics viral pandemics crime control strategies and racial inequality gay neighborhoods HIV and bugchasers and lastly youth multicultural identity and music scenes Second her pairing of classic and contemporary viewpoints about deviance and social control not only connects important literatures of the past to today's student readers her connections framework also helps all of us see social life and social processes more clearly when alternative meanings are accorded to similar forms of deviant behavior We also learn how to appreciate and interact with those who see things differently from ourselves This may better equip us to reach common goals in an increasingly diverse and ever changing world Third a major teaching goal of Anderson's anthology is to sharpen students critical thinking skills by forcing them to look at how a deviant behavior trait or condition can be viewed from opposing or alternative perspectives By learning to see deviance from multiple perspectives students will better understand their own and others behavior and experiences and be able to anticipate future trends Balancing multiple perspectives may also assist students in their practical work in social service criminal justice and other agencies and institutions that deal with populations considered deviant in one way or another      **Order and Conflict in Public Space**

Mattias De Backer, Lucas Melgaço, Georgiana Varna, Francesca Menichelli, 2016-05-20 Which public and whose space The understanding of public space as an arena where individuals can claim full use and access hides a reality of constant negotiation conflict and surveillance This collection uses case studies concerning the management use and transgression of public space to invite reflection on the way in which everyday social interaction is framed and shaped by the physical environment and vice versa International experts from fields including geography criminology sociology and urban studies come together to debate the concepts of order and conflict in public space This book is divided into two parts spaces of control and spaces of transgression Section I focuses on formal and informal surveillance and the politics of control using case studies to compare strategies in spaces including Olympic cities luxury skyscrapers residential neighbourhoods and shopping malls Section II focuses on transgressive or deviant behaviour in public spaces with case studies examining behaviour in nightlife districts governance of homelessness boy racer culture and abortion protests The epilogue concludes the book with an exploration of possible future avenues for research on public space and a critical appraisal of the concept of

public space itself This interdisciplinary collection will be of interest to students researchers and professionals in the areas of criminology sociology surveillance studies human and social geography and urban studies and planning *Terrorism, Risk and the Global City* Jon Coaffee, 2016-03-16 First published in 2003 this account of the anti terrorist measures of London s financial district and the changes in urban security after 9 11 has been revised to take into account developments in counter terrorist security and management particularly after the terrorist attack in London on July 7th 2005 It makes a valuable addition to the current debate on terrorism and the new security challenges facing Western nations Drawing on the post 9 11 academic and policy literature on how terrorism is reshaping the contemporary city this book explores the changing nature of the terrorist threat against global cities in terms of tactics and targeting and the challenge of developing city wide managerial measures and strategies Also addressed is the way in which London is leading the way in developing best practice in counter terrorist design and management and how such practice is being internationalized Policing Sport Mega-Events Dennis Pauschinger, 2024-02-15 Policing Sport Mega Events shows how globalised mega event security standards have been implemented and adapted in the everyday practices of security officials at various positions in the Brazilian security apparatus through first hand insights into the 2014 Men s World Cup and the 2016 Olympics in Rio de Janeiro The Harms of Beauty Sam Barnes, 2025-04-30 The beauty industry thrives on creating a sense of dissatisfaction with appearance with social media adding pressure to conform to idealized images of beauty This has led to a growing use of products for bodily improvement such as facial injectables and weight loss drugs which have arguably become increasingly normalized throughout society This groundbreaking ethnographic study lifts the lid on the dark side of beauty revealing why young people are willing to inflict self harm in the pursuit of perfection and exploring the motivations for using buying and selling counterfeit beauty products and services Empire of Scrounge Jeff Ferrell, 2006 Throughout this engaging narrative full of a colorful cast of characters from the mansion living suburbanites to the junk haulers themselves Ferrell makes a persuasive argument about the dangers of over consumption *Securing Respect* Andrew Millie, 2009-04-15 Securing respect contains essays from leading academics in the field that consider the origins current interpretations and possible future for the Respect Agenda It explores various policy and theoretical discourses relating to respect behavioural expectations and anti social behaviour **The City** Deborah Stevenson, 2013-04-26 This book is a fresh and engaging analysis of the city as a central concept in contemporary social thought It probes the contested and negotiated ways in which cities are built understood lived and imagined Taking a thematic approach and drawing on a range of theoretical methodological and empirical points of reference it examines such subjects as urban inequality public space creative cities globalization the night time economy suburbia and memory and emotion In *The City* Deborah Stevenson argues that as theories and concepts shape what is known about cities and urban life it is necessary to build conceptual frameworks that engage with the intersections and tensions between urban processes and trends as well as with the complexities of everyday

urban life This book's combination of original insight and critical synthesis will make it an invaluable contribution for an international interdisciplinary readership of students and scholars in sociology geography urban studies and wider social science and the humanities

**Deviant Leisure** Thomas Raymen, Oliver Smith, 2019-09-28 This book brings together a collection of critical essays that challenge the existing dogma of leisure as an unmitigated social good in order to examine the commodification and marketisation of leisure across a number of key sites Leisure and consumer culture have become symbolic of the individual freedoms of liberal society ostensibly presenting individuals with the opportunity to display individual creativity cultural competence and taste This book problematizes these assertions and considers the range of harms that emerge in a consumer society predicated upon intense individualism and symbolic competition Approaching the field of commodified leisure through the lens of social harm this collection of essays pushes far beyond criminology's traditional interest in deviant forms of leisure to consider the normalized social interpersonal and environmental harms that emerge at the intersection of leisure and consumer capitalism Capturing the current vitality and interdisciplinary scope of recent work which is underpinned by the deviant leisure perspective this collection uses case studies original research and other forms of empirical enquiry to scrutinise activities that range from alcohol consumption and gambling to charity tourism CrossFit training and cosmetic pharmaceuticals Drawn from researchers across the UK US Europe and Australia Deviant Leisure Criminological Perspectives on Leisure and Harm represents the first systematic attempt at a criminological consideration of the global harms of the leisure industry firmly establishing leisure as a subject of serious criminological importance

Globalizing the Streets Michael Flynn, David Brotherton, 2008 Not since the 1960s have the activities of resistance among lower and working class youth caused such anxiety in the international community Yet today the dispossessed are responding to the challenges of globalization and its methods of social control The contributors to this volume examine the struggle for identity and interdependence of these youth their clashes with law enforcement and criminal codes their fight for social political and cultural capital and their efforts to achieve recognition and empowerment Essays adopt the vantage point of those whose struggle for social solidarity self respect and survival in criminalized or marginalized spaces In doing so they contextualize and humanize the seemingly senseless actions of these youths who make visible the class contradictions social exclusion and rituals of psychological humiliation that permeate their everyday lives

**De Gruyter Handbook of Digital Criminology** Mareile Kaufmann, Heidi Mork Lomell, 2025-03-17 The De Gruyter Handbook of Digital Criminology examines how digital devices spread and cut across all fields of crime and control Providing a glossary of key theoretical methodological and criminological concepts the book defines and further establishes a vibrant and rapidly developing field At the same time Digital Criminology is not only presented as a novelty but also as a continuation of the discipline's history Each chapter can be read as a free standing contribution or texts can be combined to gain a more holistic understanding of Digital Criminology or to design a research project Expert contributions vary from Criminology Sociology

Law Science and Technology Studies to Information Science and Digital Humanities Together these supply readers with rich and original perspectives on the digitization of crime and control      **Cutting the Edge** Jeffrey Ian Ross,2011-12-31

Understanding crime criminals and criminal justice from a radical critical perspective is indispensable in today's academic applied research and policy sectors Neglect of this approach leads to narrow mindedness and the probability of repeating past mistakes or reinventing the wheel Cutting the Edge by Jeffrey Ian Ross will encourage individuals and organizations especially students and instructors to innovatively identify ways of experimenting with new policy initiatives designed to improve not only criminal justice but social and human justice as well Ross has significantly changed this volume to include six new chapters and three revised ones as well The studies chosen demonstrate the difference between critical criminology and other approaches used to study and explain criminological phenomena The authors do not approach the inequalities of the criminal justice system as phenomena that should be studied but as wrongs that must be righted Cutting edge critical criminology combines concerns about fairness in punishment tools of class analysis and the insights of feminism postmodernism and ethnography The authors included here wield these newer tools with elegance and enthusiasm Written with passion by experts in the field the book engages the mind as fully as it engages the emotions      The Surveillance

Studies Reader Hier, Sean,Greenberg, Joshua,2007-08-01 Examines thoughts about self surveillance scrutiny of specific parts of society sophisticated data gathering techniques and the ubiquity of CCTV This book is suitable for students of sociology politics social policy media and communications studies social psychology and criminology      *International Handbook of Criminology* Shlomo Giora Shoham,Paul Knepper,Martin Kett,2010-02-23 The second handbook in the Shoham trilogy which includes the esteemed International Handbook of Penology and Criminal Justice and the upcoming International Handbook of Victimology this volume is a comprehensive treatment of criminology theory This text contains contributions from 25 of the top international scholars in the field across a wide range of disciplines Topics include social deviance research methods biological and physiological explanations personality types and family socialization processes The book also explores ecological and economic factors differential association and situational crime prevention cultural conflicts and immigration as well as stigmas group delinquency and juvenile delinquency      **The Oxford Handbook of Criminology** Alison

Liebling,Shadd Maruna,Lesley McAra,2023 With contributions from leading authorities this is the definitive guide to current criminological theory research and policy The Oxford Handbook of Criminology provides a comprehensive collection of chapters covering the core and emerging topics studied on criminology courses indispensable to students academics and professionals alike 43 chapters written by over 85 leading academics exploring relevant theory cutting edge research policy developments and current debates encouraging students to appreciate the diverse and interdisciplinary nature of criminological discourse Includes detailed references to aid further research Chapters updated to reflect recent cases statistics and scholarship as well as significant current events such as Covid 19 and social justice movements New chapters
