edition A Clown in a Grave Michael Skau, 1999 Skau covers the complete works of Corso one of the four major Beat Generation writers with Jack Kerouac Allen Ginsberg and William S Burroughs who attempted to provide an alternative to what they saw as the academic forms of literature dominating American writing through the 1940s and 1950s BOOK JACKET

Charlie Chaplin and Buster Keaton Charles River Editors, 2025-05-01 Only a select few actors become international stars in their time but none had as unique a career as Charlie Chaplin Chaplin was the first true film star and he managed to do so even when films were still silent He has been honored with too many awards to count and the fact that his name remains instantly recognizable nearly a century after his first film is a testament to his influence Even today Chaplin's films are arguably more recognizable than those of perhaps any other actor or director everyone is familiar with the famous Tramp costume and persona and even the casual film enthusiast has likely seen films such as *City Lights* 1931 and *Modern Times* 1936 Chaplin is known for the singular blend of pathos and humor evinced by his films and it is not uncommon for audiences to laugh and cry at alternate points of a Chaplin film a trait that continues to endear audiences even to this day For this reason in his review of Stephen Weissman's biography of Chaplin Martin Sieff noted It is doubtful any individual has ever given more entertainment pleasure and relief to so many human beings when they needed it most As Sieff's comment suggests Chaplin's career coincided with the two World Wars and the Great Depression but while Chaplin the actor was popular Chaplin the person became controversial in the final decades of his life In fact there is a wide discrepancy between the almost uniformly enthusiastic praise of Chaplin today and the subversive identity he cultivated toward the latter part of his career Although accusations of being a communist sympathizer and Chaplin's confrontation with the House Committee on Un American Activities have mostly become a footnote in the storied career of a man best remembered as an acting pioneer it forced Chaplin to spend the last 15 years of his career working as an artist in exile and the shifting viewpoints of Chaplin were instrumental in forcing people to evaluate the way in which they viewed celebrities as well as what it means to be entertained Indeed it is impossible to substantiate the belief that Chaplin's later films are poorer in quality than his earlier ones yet the public largely rejected his later directorial efforts In the end it must be acknowledged that more than any other figure who had come before him the public was aware of Chaplin's personal life in ways that were often upsetting and inconsistent with the persona effected through his films In the 1920s the burgeoning movie industry was starting to come into its own and alongside actor and director Charlie Chaplin Buster Keaton was at the peak of Hollywood It's no surprise that Keaton was so effective in silent films because he had been practicing comedy in his family's vaudeville acts as *The Little Boy Who Can't Be Damaged* becoming a popular performer by the age of 5 Indeed his physical form of comedy which initially involved having his father throw him around the stage translated well onto the screen and some of his slapstick and other comic gags remain legendary even today in part because Keaton practiced his own stunts In fact Keaton wrote his own material and was a crucial comic influence on acts like *The Marx Brothers* and *The Three Stooges* In addition to being one of

the foremost comedians of his time and writing his own stuff Keaton also directed many of his own films and he mastered the use of cameras at a time when film was still relatively new As Time magazine writer Richard Corliss noted Watch his beautiful compact body as it pirouettes or pretzels in tortured permutations or even more elegantly stands in repose as everything goes crazy around it Watch his mind as it contemplates a hostile universe whose violent whims Buster understands withstands and miraculously tames

Skover,Ronald K Collins,2013-03-01 By the time Lucien Carr stabbed David Kammerer to death on the banks of the Hudson River in August 1944 it was clear that the hard partying teenage companion to Jack Kerouac Allen Ginsberg Neal Cassady and William S Burroughs might need to reevaluate his life A two year stint in a reformatory straightened out the wayward youth but did little to curb the wild ways of his friends Mania tells the story of this remarkable group who strained against the conformity of postwar America who experimented with drink drugs sex jazz and literature and who yearned to be heard to remake art and society in their own libertine image What is more remarkable than the manic lives they led is that they succeeded remaking their own generation and inspiring the ones that followed From the breakthrough success of Kerouac s On the Road to the controversy of Ginsberg s Howl and Burroughs Naked Lunch the counterculture was about to go mainstream for the first time and America would never be the same again Based on more than eight years writing and research Ronald Collins and David Skover authors of the highly acclaimed The Trials of Lenny Bruce 2002 2012 bring the stories of these artists hipsters hustlers and maniacs to life in a dramatic fast paced and often darkly comic narrative

Chaplin's War Trilogy Wes D. Gehring,2014-09-18 The book examines Charlie Chaplin s evolving perspective on dark comedy in his three war films Shoulder Arms 1918 The Great Dictator 1940 and Monsieur Verdoux 1947 In the first he uses the genre in a groundbreaking manner but yet for a pro war cause In Dictator dark comedy is applied in an antiwar way In Monsieur Verdoux Chaplin embraces the genre as an individual in defense against a society out to destroy him All three are pivotal films in the development of the genre in film with the latter two movies being very controversial for their time

Chaplin in the Sound Era Eric L. Flom,2015-07-11 Charles Chaplin s sound films have often been overlooked by historians despite the fact that in these films the essential character of Chaplin more overtly asserted itself in his screen images than in his earlier silent work Each of Chaplin s seven sound films City Lights 1931 Modern Times 1936 The Great Dictator 1940 Monsieur Verdoux 1947 Limelight 1952 A King in New York 1957 and A Countess from Hong Kong 1967 is covered in a chapter length essay here The comedian s inspiration for the film is given along with a narrative that describes the film and offers details on behind the

scenes activities There is also a full discussion of the movie s themes and contemporary critical reaction to it
