award over a five year period as its measure of police misconduct Police misconduct has many tangible and intangible consequences for a community such as violations of the law police brutality social consequences and long term public trust of the police On a very practical level as the author demonstrates the up front financial costs of prevention training and support to curb police misconduct are less expensive than the costs of civil liability payments for lawsuits This perspective creates a strong argument for policymakers for enhancing police training and police misconduct prevention programs This work will be of interest to researchers in police studies as well sociology and public policy
