same time over the last 150 years as the numerous and notable aspects of Forrest's life and legacy were considered by different people at different times. *The Greatest Generals of the Confederacy* Charles River Editors, 2025-05-04

In 1867 Edward Pollard, an editor for a Richmond newspaper, published *The Lost Cause*, championing his voluminous book as a New Southern history of the war. Pollard's work poignantly reflected the sentiments of unrepentant rebels clinging to their ideology. Pollard explicitly explained the motivation behind what he termed the Lost Cause. Although the South had lost the Civil War, he argued that the South could still wage and win the war of ideas. Henceforth, the Lost Cause remembered the Confederacy and their leaders as a doomed cause that was justly and heroically fought for by noble, chivalrous, virtuous men. The ideal Southern soldier, of course, was the Marble Man. With the exception of George Washington, perhaps the most famous general in American history, is Robert E. Lee. January 19, 1807 – October 12, 1870. Despite the fact he led the Confederate Army of Northern Virginia against the Union in the Civil War, as the son of U.S. Revolutionary War hero Henry Light Horse Harry Lee III and a relative of Martha Custis Washington, Lee was imbued with a strong sense of honor and duty from the beginning. And as a top graduate of West Point, Lee had distinguished himself so well before the Civil War that President Lincoln asked him to command the entire Union Army. Lee famously declined serving his home state of Virginia instead after it seceded. Nobody personified the virtuous Christian soldier of the Lost Cause quite like Thomas Jonathan Jackson, who became one of the most famous generals of the Civil War, even if many of the people he continues to fascinate probably don't remember his whole name. That's because Jackson earned his famous Stonewall moniker at the First Battle of Manassas, or Bull Run, when Brigadier General Bee told his brigade to rally behind Jackson, whose men were standing like a stone wall. Ironically, it's still unclear whether that was a compliment for standing strong or an insult for not moving his brigade, but the nickname stuck for the brigade and the general. Alongside Lee, no one epitomized the chivalry and heroism celebrated by the Lost Cause more than JEB Stuart. 1833–1864, the most famous cavalry officer of the Civil War, Stuart was equal parts great and grandiose, leading the cavalry for the Confederacy in Lee's Army of Northern Virginia until his death at the Battle of Yellow Tavern in May 1864. Stuart was a throwback to the past, colorfully dressing with capes, sashes, and an ostrich-plumed hat while sporting cologne and a heavy beard. But he was also brilliant in conducting reconnaissance and proved capable of leading both cavalry and infantry at battles like Chancellorsville. As the eyes and ears of Robert E. Lee's army, none were better, despite the fact that he was only in his late 20s and early 30s during the Civil War, far younger than most men of senior rank. When the war broke out, Forrest enlisted in the army and was instructed to raise a battalion of cavalry. A self-made man with no formal military training, Forrest spent the entire war fighting in the Western theater, becoming the only individual in the war to rise from the rank of Private to Lieutenant General. By the end of the war, Forrest was known throughout the South as the Wizard of the Saddle, and anecdotes of his prowess in battle were legendary. In addition to being injured multiple times in battle, Forrest has been credited with having killed 30 Union soldiers in combat and having 29 horses shot out from under him.

History has properly accorded Forrest his place as one of the most courageous soldiers of the Civil War and Forrest attained a number of command successes in the Western theater of the war But Forrest was also at the head of Confederate troops accused of massacring a Union garrison comprised mostly of black soldiers at Fort Pillow
