Civil War Genealogy:

Civil War Genealogy Jane Hedlin, 1993-01-01 **First Guide to Civil War Genealogy and Research** Gerald Post, 2010

The years 2011 through 2015 mark the Sesquicentennial 150th Anniversary of the great American Civil War. This historic event will generate a renewed interest in all things Civil War and now is a good time to research and learn about your Civil War ancestors. If any of your ancestors were living in America at the time of the Civil War, chances are very good that your great grandfather or great great grandfather you have eight of them was one of the 3.5 million soldiers who fought for either the North or South. If this is the case, the good news is that there probably is a wealth of information about your Civil War Confederate or Union ancestor and his military unit waiting for you in some dusty archive. And getting your own copy of these records is as easy as going online to the Web sites listed in this book. This book gives you the information needed for your own Confederate or Union Civil War genealogical research. Chapter 2 provides a Quick Start method using the Internet to get you started on your research with a minimum effort. Other chapters explain how and where Web sites and addresses are provided to get information about your ancestors from the National Archives, State Archives, the census records, the Internet, local libraries, and many other sources. This book also provides background information on the Civil War and how military units were raised and organized.

Tracing Your Civil War Ancestor Bertram Hawthorne Groene, 1973. Information on literally hundreds of thousands of Civil War Soldiers' lives and military experiences is available to anyone who knows how to extract it from the millions of state and federal records and countless books wherein this information is preserved.

Michigan Genealogy Carol McGinnis, 2005. This is one of the finest statewide sourcebooks ever published, a remarkable compilation of sources and resources that are available to help researchers find their Michigan ancestors. It identifies records on the state and regional level and then the county level, providing details of vital records, court and land records, military records, newspapers, and census records, as well as the holdings of the various societies and institutions whose resources and facilities support the special needs of the genealogist. County by county, it lists the names, addresses, websites, e-mail addresses, and hours of business of libraries, archives, genealogical and historical societies, courthouses, and other record repositories. It describes their manuscripts and record collections, highlights their special holdings, and provides details regarding queries, searches, and restrictions on the use of their records.
