Civilized Surveyor Thomas Mitchell And Australian Aboriginals:

The Civilised Surveyor Donald William Archdall Baker, 1997 Thomas Mitchell landed in Sydney in 1827 to become Surveyor General of New South Wales A cultured energetic and urbane man he worked first in the settled areas of the colony and then made four journeys of exploration spanning fifteen years

The Aboriginal Story of Burke and Wills Ian Clark, Fred Cahir, 2013-07-22 The Aboriginal Story of Burke and Wills is the first major study of Aboriginal associations with the Burke and Wills expedition of 1860 61 A main theme of the book is the contrast between the skills perceptions and knowledge of the Indigenous people and those of the new arrivals and the extent to which this affected the outcome of the expedition The book offers a reinterpretation of the literature surrounding Burke and Wills using official correspondence expedition journals and diaries visual art and archaeological and linguistic research and then complements this with references to Aboriginal oral histories and social memory It highlights the interaction of expedition members with Aboriginal people and their subsequent contribution to Aboriginal studies The book also considers contemporary and multi disciplinary critiques that the expedition members were on the whole deficient in bush craft especially in light of the expedition s failure to use Aboriginal guides in any systematic way Generously illustrated with historical photographs and line drawings The Aboriginal Story of Burke and Wills is an important resource for Indigenous people Burke and Wills history enthusiasts and the wider community This book is the outcome of an Australian Research Council project

Australian Contributions to Strategic and Military Geography Stuart Pearson, Jane L. Holloway, Richard Thackway, 2018-03-08 Drawing from military geography s spatial roots its embrace of dynamic systems and integration of human and biophysical environments this book helps in understanding the value of analyzing patterns processes and systems and cross scale and multi disciplinary ways of acting in a complex world while making the case for a resurgence of strategic and military geography in Australia Here leading experts demonstrate that geography retains its relevance in clarifying the scale and dynamics of defense activities in assessments of the international regional national and site impacts of changes in physical cyber and human geographies The cases presented show Australia contributing to a growing strategic and military geography

Australia's First Naturalists Penny Olsen, Lynette Russell, 2019-05-01 Would Blaxland Wentworth and Lawson have ever crossed the Blue Mountains without the help of the local Aboriginal people The invaluable role of local guides in this event is rarely recognised As silent partners Aboriginal Australians gave Europeans their first views of iconic animals such as the Koala and Superb Lyrebird and helped to unravel the mystery of the egg laying mammals the Echidna and Platypus Well into the twentieth century Indigenous people were routinely engaged by collectors illustrators and others with an interest in Australia s animals Yet this participation if admitted at all was generally barely acknowledged However when documented it was clearly significant Penny Olsen and Lynette Russell have gathered together Aboriginal peoples contributions to demonstrate the crucial role they played in early Australian zoology The writings of the early European naturalists clearly describe the valuable knowledge of the Indigenous

people of the habits of Australia s bizarre to a European fauna Australia s First Naturalists is invaluable for those wanting to learn more about our original inhabitants contribution to the collection recognition and classification of Australia s unique fauna It heightens our appreciation of the previously unrecognised complex knowledge of Indigenous societies *Artificial Horizon* Thomas, Martin,2014-05-20 Martin Thomas takes the reader on a journey through a compelling study of culture landscape and mythology For both Aboriginal people and their colonisers the rugged landscape of the Blue Mountains has stood as an intriguing riddle and a stimulus to the imagination The author evokes this dramatic and bewildering landscape and leads his readers through the cultural history of the locality in order to probe the dreamwork of imperialism **The Strains of Breeding** Gregory D. Kern,Adam Bobbette,2023-11-06 A kaleidoscopic rethinking of how we come to know the earth This book brings the history of the geosciences and world cosmologies together exploring many traditions including Chinese Pacific Islamic South and Southeast Asian conceptions of the earth s origin and makeup Together the chapters ask How have different ideas about the sacred animate and earthly changed modern environmental sciences How have different world traditions understood human and geological origins How does the inclusion of multiple cosmologies change the meaning of the Anthropocene and the global climate crisis By carefully examining these questions New Earth Histories sets an ambitious agenda for how we think about the earth The chapters consider debates about the age and structure of the earth how humans and earth systems interact and how empire has been conceived in multiple traditions The methods the authors deploy are diverse from cultural history and visual and material studies to ethnography geography and Indigenous studies and the effect is to highlight how earth knowledge emerged from historically specific situations New Earth Histories provides both a framework for studying science at a global scale and fascinating examples to educate as well as inspire future work Essential reading for students and scholars of earth science history environmental humanities history of science and religion and science and empire **Brokers and boundaries** Tiffany Shellam,Maria Nugent,Shino Konishi,Allison Cadzow,2016-04-27 Colonial exploration continues all too often to be rendered as heroic narratives of solitary intrepid explorers and adventurers This edited collection contributes to scholarship that is challenging that persistent mythology With a focus on Indigenous brokers such as guides assistants and mediators it highlights the ways in which nineteenth century exploration in Australia and New Guinea was a collective and socially complex enterprise Many of the authors provide biographically rich studies that carefully examine and speculate about

Indigenous brokers motivations commitments and desires All of the chapters in the collection are attentive to the specific local circumstances as well as broader colonial contexts in which exploration and encounters occurred This collection breaks new ground in its emphasis on Indigenous agency and Indigenous explorer interactions It will be of value to historians and others for a very long time Professor Ann Curthoys University of Sydney In bringing together this group of authors the editors have brought to histories of colonialism the individuality of these intermediaries whose lives intersected colonial exploration in Australia and New Guinea Dr Jude Philp Macleay Museum

The Scots in Australia Malcolm David Prentis, 2008 This is a highly descriptive account of the Scots in Australia from 1788 to the present It shows that the Scots have made a major contribution to all aspects of Australian life It is aimed at non specialist general readers although much of the audience will be Scottish Provided by publisher

Empire of Political Thought Bruce Buchan, 2015-10-06 A book about how European colonists in Australia represented the Indigenous peoples they found there and the tasks of governing them within the terms of Western political thought It emphasises how the framework of ideas drawn from the traditions of Western political thought was employed in the imperial government of Indigenous peoples

Ochre and Rust Philip Jones, 2019-01-10 Offers a fresh perspective on frontier relations between Australian Aboriginal people and European colonists

Indigenous Mobilities Rachel Standfield, 2018-06-07 This edited collection focuses on Aboriginal and M ori travel in colonial contexts Authors in this collection examine the ways that Indigenous people moved and their motivations for doing so Chapters consider the cultural aspects of travel for Indigenous communities on both sides of the Tasman Contributors examine Indigenous purposes for mobility including for community and individual economic wellbeing to meet other Indigenous or non Indigenous peoples and experience different cultures and to gather knowledge or experience or to escape from colonial intrusion This volume is the first to take up three challenges in histories of Indigenous mobilities First it analyses both mobility and emplacement Challenging stereotypes of Indigenous people as either fixed or mobile chapters deconstruct issues with ramifications for contemporary politics and analyses of Indigenous society and of rural and national histories As such it is a welcome intervention in a wide range of urgent issues Second by examining Indigenous peoples in both Australia and New Zealand this volume is an innovative step in removing the artificial divisions that have arisen from national histories Third the collection connects the experiences of colonised Indigenous peoples with those of their colonisers shifting the long held stereotypes of Indigenous powerlessness Chapters then convincingly demonstrate the agency of colonised peoples in shaping the actions and the mobility itself of the colonisers While the volume overall is aimed at opening up new research questions and so invites later and even more innovative work this volume will stand as an important guide to the directions such future work might take Heather Goodall Professor Emerita UTS

[Encyclopedia of Exploration, 1800 to 1850](#) Raymond John Howgego, 2004 In 732 major articles Raymond Howgego s Encyclopedia of Exploration 1800 to 1850 attempts to detail every significant traveller voyager or expedition that set out during the period Its indexes provide the names of over

3000 travellers and 1000 ships while the bibliographies cite more than 10 000 works of reference Extensive biographical information is included for the travellers themselves placing every expedition thoroughly in its historical context The text is fully cross referenced between articles whilst every article is supplemented by a comprehensive bibliography of both primary and secondary sources Pathfinders Michael Bennett,2020-03-01 There are few Aboriginal icons in White Australia history From the explorer to the pioneer the swagman to the drover s wife with a few bushrangers for good measure Europeans play all the leading roles A rare exception is the redoubtable tracker With skills passed down over millennia trackers could trace the movements of people across vast swathes of country Celebrated as saviours of lost children and disoriented adults and finders of missing livestock they were also cursed by robbers on the run Trackers live in the collective memory as one of the few examples of Aboriginal people s skills being sought after in colonial society In New South Wales alone more than a thousand Aboriginal men and a smaller number of women toiled for authorities across the state after 1862 This book tells the often unlikely stories of trackers including Billy Bogan Jimmy Governor Tommy Gordon Frank Williams and Alec Riley Through his work on native title claims historian Michael Bennett realised that the role of trackers and how they moved between two worlds has been largely unacknowledged His important book reveals that their work grew out of traditional society and was sustained by the vast family networks that endure to this day Pathfinders brings the skilled and diverse work of trackers not only to the forefront of law enforcement history but to the general shared histories of black and white Australia The word tracker conjures images of the legendary Aboriginal bush experts responsible for bringing criminals to justice and finding people lost in the wild Michael Bennett s new book is a very welcome addition The book charts an important though largely overlooked area of the country s history Aboriginal trackers hold a mythical yet obscure presence in the history of the continent Bennett weaves back into the nation s historical narrative these Aboriginal heroes and heroines Professor John Maynard *Science, Sexuality, and Race in the United States and Australia, 1780-1940* Gregory D. Smithers,2017 *Science Sexuality and Race in the United States and Australia 1780 1940* Revised Edition is a sociohistorical tour de force that examines the entwined formation of racial theory and sexual constructs within settler colonialism in the United States and Australia from the Age of Revolution to the Great Depression Gregory D Smithers historicizes the dissemination and application of scientific and social scientific ideas within the process of nation building in two countries with large Indigenous populations and shows how intellectual constructs of race and sexuality were mobilized to subdue Aboriginal peoples Building on the comparative settler colonial and imperial histories that appeared after the book s original publication this completely revised edition includes two new chapters In this singular contribution to the study of transnational and comparative settler colonialism Smithers expands on recent scholarship to illuminate both the subject of the scientific study of race and sexuality and the national and interrelated histories of the United States and Australia

The British Colonies Robert Montgomery Martin,1850

The Colonial Earth Tim Bonyhady,2003-04-01 Using the

work of great Australian painters and poets as an entry point this cultural study counters the popular myth that early colonial settlers were environmentally irresponsible and offers both aesthetic and historical evidence that suggests nature always figured prominently in the Australian national consciousness Preserving endangered species protecting forests maintaining public land rights and staving off climate change were at issue in the first environmental law of Australia enacted in 1788 Parliamentary debates personal observations and artistic renderings explore the texture and dimensions of early Australian environmentalism The British Colonies: British India Robert Montgomery Martin,1851 **The A to Z of the Discovery and Exploration of Australia** Alan Day,2009-06-19 This engaging reference examines the history of the search for and the discovery of Australia taking full account of the evidence for and the speculation surrounding possible earlier contacts by the Ancient Egyptians Arabs and Chinese seamen Day brings the expeditions to life expressing the desires that drove great sea captains deeper into turbulent waters searching for caches of spice silks and precious metals Covers a wide variety of topics including Seamen from eight nations The recovery of storm wrecked ships Diplomatic treaties Priority of discovery disputes Military and civil explorers and surveyors Topographical features Geographical terms and places Rivers and river system
