**W. David Sloan, Lisa Mullikin Parcell**

## **Civilizing Voices American Press Criticism 1880 1950:**

*Exporting Press Freedom* Craig LaMay, 2017-07-12 International media assistance is a small but important form of international democracy promotion aid Media assistance boomed after the 1989 transitions in Central Europe but now flows to virtually all regions of the world Today the media assistance industry is focused on the problem of sustainability How are free and independent public affairs media supposed to maintain their editorial mission while facing hostile political systems or the demands of the consumer marketplace Many media in developing countries have been or are grant dependent When grants are exhausted or withdrawn media that were funded to further democratic consolidation typically wither and die Some become mere grant chasers Others abandon public service to the demands of market competition or political patronage As a result governmental and non governmental grant makers now emphasize the need for sustainability in considering grants in the media sector Many grant recipients have grown frustrated sometimes bitter and have sought to take a much more active role in the way assistance programs are put together Just how is sustainability to be achieved while also ensuring a public service editorial mission *Exporting Press Freedom* examines the history and practice of media assistance and argues that the dilemma of media independence and sustainability is best understood as an economic problem rather than one of poor editorial standards or lack of will It includes profiles of news and public affairs media in developing and democratizing countries and also of two non governmental organizations that have pioneered the use of low interest loans in media assistance These profiles exemplify strategic and entrepreneurial approaches to developing and supporting public service media Such approaches may be of use not only in the developing world but in the consolidated Western democracies as well where concern has grown about poor journalistic performance and its consequences f *American Journalism* W. David Sloan, Lisa Mullikin Parcell, 2014-01-10 News consumers made cynical by sensationalist banners AMERICA STRIKES BACK THE TERROR OF ANTHRAX and lurid leads might be surprised to learn that in 1690 the newspaper Publick Occurrences gossiped about the sexual indiscretions of French royalty or seasoned the story of missing children by adding that barbarous Indians were lurking about before the disappearance Surprising too might be the media s steady adherence to if continual tugging at its philosophical and ethical moorings These 39 essays written and edited by the nation s leading professors of journalism cover the theory and practice of print radio and TV news reporting Politics and partisanship press and the government gender and the press corps presidential coverage war reportage technology and news gathering sensationalism each subject is treated individually Appropriate for interested lay persons students professors and reporters Instructors considering this book for use in a course may request an examination copy here **An Aristocracy of Critics** Stephen Bates, 2020-10-27 The story behind the 1940s Commission on Freedom of the Press groundbreaking then timelier than ever now A well constructed timely study clearly relevant to current debates Kirkus starred review In 1943 Time Inc editor in chief Henry R Luce sponsored the greatest collaboration of intellectuals in the twentieth century He and University of

Chicago president Robert Maynard Hutchins summoned the theologian Reinhold Niebuhr the Pulitzer winning poet Archibald MacLeish and ten other preeminent thinkers to join the Commission on Freedom of the Press They spent three years wrestling with subjects that are as pertinent as ever partisan media and distorted news activists who silence rather than rebut their opponents conspiracy theories spread by shadowy groups and the survivability of American democracy in a post truth age The report that emerged A Free and Responsible Press is a classic but many of the commission s sharpest insights never made it into print Journalist and First Amendment scholar Stephen Bates reveals how these towering intellects debated some of the most vital questions of their time and reached conclusions urgently relevant today *The Resistant Writer* Charles Paine,1999-02-11 The Resistant Writer integrates two lively sub fields in rhetoric and composition nineteenth century composition history and contemporary issues about teaching cultural studies in composition Examining the broad cultural anxieties that nineteenth century intellectuals faced reveals that training in composition was envisioned as more than the means for producing competent writers The training also reacted to and tried to ameliorate the nineteenth century crisis in public discourse this one brought about not by television commodity capitalism or the World Wide Web but by the then dominant medium of public discussion the newspaper Paine carefully reveals that today s writing teachers are not the first to desire that the composition classroom have social import beyond the academy These thoughtful new insights from composition s origins form an intriguing critique of contemporary cultural studies and composition theories of student transformation

**The Idea of Public Journalism** Theodore Lewis Glasser,1999-05-14 This volume offers a critical and constructive examination of the claims of public journalism the controversial movement aimed at getting the press to promote and indeed improve not merely report on the quality of public life From leading contributors original essays refine the terms of the debate by situating it within a broad cultural historical and philosophical framework Exploring the movement s promise as well as its problems The Idea of Public Journalism sheds lights on issues of political power freedom of expression democratic participation and press responsibility *Picturing the Past* Bonnie Brennen,Hanno Hardt,1999 Explores the relations between photo journalism and history investigating how photographs shape both what we remember and how we remember This book provides insight into how photographs generate a sense of national community and reinforce prevailing social cultural and political values

**Before the Shooting Begins** James Davison Hunter,1994-03-28 Addressing America s cultural conflict about such issues as abortion homosexuality and family values the author presents a plan in which America can achieve a renewed democracy despite these differences

**Regents' Proceedings** University of Michigan. Board of Regents,1994 [Proceedings of the Board of Regents](#) University of Michigan. Board of Regents,1994

**Watching the Sun Rise** Jacqui Murray,2004-01-01 Historians have long claimed that a tradition of fear of Japan dominated Australian thinking about foreign affairs and defense after Japan s defeat of Russia in 1905 and that this fear remained widespread throughout the Australian population until the Pacific War This study of Australian reporting on Japan

challenges that claim by exposing a culture of state censorship intimidation of the media and neglect of official public discussion of foreign affairs in the years 1931-1941 which resulted in newspapers, radio and news reels projecting a collective national consciousness of Japan as a nation of little import despite very real fears in senior political ranks about Japanese designs on Australia. Jacqui Murray's argument for the Australian media's underestimation of Japan's threat is sustained by close examination of media practices, publications and broadcasts which clearly show misleading representations of Japan before the Pacific War. *Watching the Sun Rise* details not only government peace-time media censorship but also war-time propaganda flows from Australian, British and Japanese sources into the Australian media and examples of cooperation and espionage among media personnel. *European Immigrant Women in the United States* Judy Barrett Litoff, Judith McDonnell, 1994. *Communities of Journalism* David Paul Nord, 2001. Widely acknowledged as one of our most insightful commentators on the history of journalism in the United States, David Paul Nord offers a lively and wide-ranging discussion of journalism as a vital component of community. In settings ranging from the religion-infused towns of colonial America to the rapidly expanding urban metropolises of the late nineteenth century, Nord explores the cultural work of the press. [The Year That Defined American Journalism](#) W. Joseph Campbell, 2013-10-08. *The Year that Defined American Journalism* explores the succession of remarkable and decisive moments in American journalism during 1897, a year of significant transition that helped redefine the profession and shape its modern contours. This defining year featured a momentous clash of paradigms pitting the activism of William Randolph Hearst's participatory journalism of action against the detached, fact-based antithesis of activist journalism as represented by Adolph Ochs of the *New York Times* and an eccentric experiment in literary journalism pursued by Lincoln Steffens at the *New York Commercial Advertiser*. Resolution of the three-sided clash of paradigms would take years and result ultimately in the ascendancy of the *Times* counter-activist model which remains the defining standard for mainstream American journalism. *The Year That Defined American Journalism* introduces the year study methodology to mass communications research and enriches our understanding of a pivotal moment in media history.

**War & Press Freedom** Jeffery Alan Smith, 1999. *War and Press Freedom: The Problem of Prerogative Power* is a groundbreaking and provocative study of one of the most perplexing civil liberties issues in American history: What authority does or should the government have to control press coverage and commentary in wartime? First Amendment scholar Jeffery A. Smith shows convincingly that no such extraordinary power exists under the Constitution and that officials have had to rely on claiming the existence of an autocratic higher law of survival. Smith carefully surveys the development of statutory restrictions and military regulations for the news media from the ratification of the Bill of Rights in 1791 through the Gulf War of 1991. He concludes that the armed forces can justify refusal to divulge a narrow range of defense secrets but that imposing other restrictions is unwise, unnecessary, and unconstitutional. In any event, as electronic communication becomes almost impossible to constrain, soldiers and journalists must learn how to respect each other's obligations in a democratic

system     **Civilizing Voices** Marion Tuttle Marzolf,1991     *History of the Mass Media in the United States* Margaret A. Blanchard,2013-12-19 The influence of the mass media on American history has been overwhelming History of the Mass Media in the United States examines the ways in which the media both affects and is affected by U S society From 1690 when the first American newspaper was founded to 1995 this encyclopedia covers more than 300 years of mass media history History of Mass Media in the United States contains more than 475 alphabetically arranged entries covering subjects ranging from key areas of newspaper history to broader topics such as media coverage of wars major conflicts over press freedom court cases and legislation and the concerns and representation of ethnic and special interest groups The editor and the 200 scholarly contributors to this work have taken particular care to examine the technological legal legislative economic and political developments that have affected the American media     *America's Battle for Media Democracy* Victor Pickard,2015 Drawing from extensive archival research the book uncovers the American media system s historical roots and normative foundations It charts the rise and fall of a forgotten media reform movement to recover alternatives and paths not taken

**The Civil War and the Press** S. Kitrell Rushing,2023-06-14 The power of the American press to influence and even set the political agenda is commonly associated with the rise of such press barons as Joseph Pulitzer and William Randolph Hearst at the turn of the century The latter even took credit for instigating the Spanish American War Their power however had deeper roots in the journalistic culture of the nineteenth century particularly in the social and political conflicts that climaxed with the Civil War Until now historians have paid little attention to the role of the press in defining and disseminating the conflicting views of the North and the South in the decades leading up to the Civil War In *The Civil War and the Press* historians political scientists and scholars of journalism measure the influence of the press explore its diversity and profile the prominent editors and publishers of the day The book is divided into three sections covering the role of the press in the prewar years throughout the conflict itself and during the Reconstruction period Part 1 Setting the Agenda for Secession and War considers the rise of the consumer society and the journalistic readership the changing nature of editorial standards and practice the issues of abolitionism secession and armed resistance as reflected in Northern and Southern newspapers the reporting on John Brown s Harper s Ferry raid and the influence of journalism on the 1860 election results Part 2 In Time of War includes discussions of journalistic images and ideas of womanhood in the context of war the political orientation of the Jewish press the rise of illustrated periodicals and issues of censorship and opposition journalism The chapters in Part 3 Reconstructing a Nation detail the infiltration of the former Confederacy by hundreds of federally subsidized Republican newspapers editorial reactions to the developing issue of voting rights for freed slaves and the journalistic mythologization of Jesse James as a resister of Reconstruction laws and conquering Unionists In tracing the confluence of journalism and politics from its source this groundbreaking volume opens a wide variety of perspectives on a crucial period in American history while raising questions that remain pertinent to contemporary tensions between press

power and government power The Civil War and the Press will be essential reading for historians media studies specialists political scientists and readers interested in the Civil War period

**The Oxford History of Popular Print Culture** Gary Kelly, Joad Raymond, Christine Bold, 2011 Planned nine volume series devoted to the exploration of popular print culture in English from the beginning of the sixteenth century to the present

*CBS's Don Hollenbeck* Loren Ghiglione, 2008 Loren Ghiglione recounts the fascinating life and tragic suicide of Don Hollenbeck the controversial newscaster who became a primary target of McCarthyism's smear tactics Drawing on unsealed FBI records private family correspondence and interviews with Walter Cronkite Mike Wallace Charles Collingwood Douglas Edwards and more than one hundred other journalists Ghiglione writes a balanced biography that cuts close to the bone of this complicated newsman and chronicles the stark consequences of the anti Communist frenzy that seized America in the late 1940s and 1950s Hollenbeck began his career at the Lincoln Nebraska Journal marrying the boss's daughter before becoming an editor at William Randolph Hearst's rip roaring Omaha Bee News He participated in the emerging field of photojournalism at the Associated Press assisted in creating the innovative ad free PM newspaper in New York City reported from the European theater for NBC radio during World War II and anchored television newscasts at CBS during the era of Edward R Murrow Hollenbeck's pioneering prize winning radio program CBS Views the Press 1947 1950 was a declaration of independence from a print medium that had dominated American newsmaking for close to 250 years The program candidly criticized the prestigious New York Times the Daily News then the paper with the largest circulation in America and Hearst's flagship Journal American and popular morning tabloid Daily Mirror For this honest work Hollenbeck was attacked by conservative anti Communists especially Hearst columnist Jack O Brian and in 1954 plagued by depression alcoholism three failed marriages and two network firings and worried about a third Hollenbeck took his own life In his investigation of this amazing American character Ghiglione reveals the workings of an industry that continues to fall victim to censorship and political manipulation Separating myth from fact CBS's Don Hollenbeck is the definitive portrait of a polarizing figure who became a symbol of America's tortured conscience

## Whispering the Secrets of Language: An Emotional Quest through **Civilizing Voices American Press Criticism 1880 1950**

In a digitally-driven world where monitors reign great and immediate connection drowns out the subtleties of language, the profound secrets and mental nuances hidden within phrases often get unheard.
