Invisible No More Pedro Noguera, Aída Hurtado, Edward Fergus, 2013-06-17 Latino men and boys in the United States are confronted with a wide variety of hardships that are not easily explained or understood. They are populating prisons, dropping out of high school, and are becoming overrepresented in the service industry at alarming degrees. Young Latino men especially have among the lowest wages earned in the country, a rapidly growing rate of HIV/AIDS, and one of the highest mortality rates due to homicide. Although there has been growing interest in the status of men in American society, there is a glaring lack of research and scholarly work available on Latino men and boys. This groundbreaking interdisciplinary volume, edited by renowned scholars Pedro Noguera, Aída Hurtado, and Edward Fergus, addresses the dearth of scholarship and information about Latino men and boys to further our understanding of the unique challenges and obstacles that they confront during this historical moment. The contributors represent a cross section of disciplines from health, criminal justice, education, literature, psychology, economics, labor, sociology, and more. By drawing attention to the sweeping issues facing this segment of the population, this volume offers research and policy, a set of principles, and overarching guidelines for decreasing the invisibility and thus the disenfranchisement of Latino men and boys.

Chicano and Chicana Literature Charles M. Tatum, 2022-07-26 The literary culture of the Spanish-speaking Southwest has its origins in a harsh frontier environment marked by episodes of intense cultural conflict, and much of the literature seeks to capture the epic experiences of conquest and settlement. The Chicano literary canon has evolved rapidly over four centuries to become one of the most dynamic, growing, and vital parts of what we know as contemporary U.S. literature. In this comprehensive examination of Chicano and Chicana literature, Charles M. Tatum brings a new and refreshing perspective to the ethnic identity of Mexican Americans. From the earliest sixteenth-century chronicles of the Spanish Period to the poetry and narrative fiction of the second half of the nineteenth century and the first half of the twentieth century, and then to the flowering of all literary genres in the post-Chicano Movement years, Chicano literature amply reflects the hopes and aspirations as well as the frustrations and disillusionments of an often marginalized population. Exploring the work of Rudolfo Anaya, Sandra Cisneros, Luis Alberto Urrea, and many more, Tatum examines the important social, historical, and cultural contexts in which the writing evolved, paying special attention to the Chicano Movement and the flourishing of literary texts during the 1960s and early 1970s. Chapters provide an overview of the most important theoretical and critical approaches employed by scholars over the past forty years and survey the major trends and themes in contemporary autobiography, memoir, fiction, and poetry. The most complete and up-to-date introduction to Chicana/o literature available, this book will be an ideal reference for scholars of Hispanic and American literature. Discussion questions and suggested reading included at the end of each chapter are especially suited for classroom use.
