## **Citizen Greg The Extraordinary Story Of Greg Dyke And How He Captured The Bbc:**

**Citizen Greg** Chris Horrie, Steve Clarke, 2000 No one could have foretold Greg Dyke's astonishing rise from unemployed former Marks & Spencer's work with the disgraced Jonathan Aitken in the dramatic rescue of TV AM the political battles which earned him his role as New Labour's favourite media executive the 1994 takeover of LWT which left Greg unemployed and the Director General's arrival at the BBC with a blow by blow account of the backstabbing between the BBC governors and New Labour spin doctors Morning Glory Ian Jones, 2004 **Remembering British Television** Kristyn Gorton, Joanne

Garde-Hansen, 2019-03-21 This original book asks how in an age of convergence when television no longer means a box in the corner of the living room that we sit and watch together do we remember television of the past How do we gather and archive our memories Kristyn Gordon and Joanne Garde Hansen explore these questions through first person interviews with tv producers curators and archivists and case studies of popular television series and fan communities such as Cold Feet and Doctor Who Their discussion takes in museum exhibitions popular television nostalgia programming and vintage tv websites

*Everybody Wants to Rule the World* Roger Domeneghetti, 2023-05-04 The 1980s most memorable sporting moments show how sport became fully entwined in our national story Travel back to the 1980s to Botham's Ashes and the Brixton riots the Moscow Olympics and the miners strike the Crucible Theatre and the Falklands to explore how we got to where we are now Discover how sporting heroes were made and destroyed how wars were fought on the pitch and how sport responded to and drove cultural change in our society From Sebastian Coe to Margaret Thatcher John Barnes to the ZX Spectrum Martina Navratilova to Section 28 *Everybody Wants to Rule the World* speaks to our treasured memories of eighties sports while also throwing light on where things went deeply wrong In so doing it tells nothing less than the story of how British sport came into the modern era A comfortable armchair ride crammed with colourful detail *Literary Review* The Talent Industry

Raymond Boyle, 2018-07-28 This book explores how the digital multiplatform delivery of television is affecting the role performed by cultural intermediaries responsible for talent identification and development Drawing on original research from key stakeholders across the television and social video sectors such as broadcasters commissioning editors and talent agents it investigates whether the process of digitization is offering new pathways to capture and nurture a diverse talent base within the UK television industry It also provides an in depth study of how the term talent has historically been interpreted and understood within the UK television industry through the BBC and commercial PSBs such as ITV and Channel 4 *The Talent Industry* investigates how the traditional gatekeepers of talent in television are changing and examines the key role of talent agencies in managing and promoting contemporary on and off screen talent in the digital age *Creativity and Cultural Policy* Chris Bilton, 2014-01-03 Creativity has become a popular buzzword in contemporary cultural policy yet the term remains poorly understood In this collection cultural policy specialists together with experts on psychology creative enterprise and arts education consider how creativity is defined in a variety of settings from creative management to creative

labour The starting point of the book is to move beyond the notion that creativity is simply a product of extraordinary individuals and extraordinary thinking In reality creativity draws together apparently contradictory thinking styles processes and purposes which extend well beyond the mythical figure of the solitary genius This broad definition of creativity encompasses the contributions of managers entrepreneurs and intermediaries to the creative process as well as the creativity of consumers and schoolchildren In turn this implies a broad definition of cultural policy taking in intellectual property law education policy and corporate governance as well as policies towards the arts and creative industries This collection of articles offers new ways of thinking about creativity and about cultural policy It will be of interest not only to students and practitioners of cultural policy but to anyone who is curious about the value and purpose of creativity in contemporary culture This book was originally published as a special issue of International Journal of Cultural Policy

Inside Story Greg Dyke,2004 The eagerly awaited frequently explosive and always entertaining memoirs of the recent Director General of the BBC whose departure in January 2004 caused a huge popular outcry Greg Dyke grew up in the 1950s in the small West London suburb of Hayes Written off as a dud by his schoolteachers he attended York University before becoming a local newspaper reporter At the age of 30 he was unemployed Then came his lucky break he became a current affairs researcher at London Weekend Television LWT TVAM TV5 Pearson Television Greg Dyke s progress has been an extraordinary rollercoaster ride through some of our favourite programmes and his descriptions of the personalities and rivalries are animated by an irrepressible love of the medium Then on 28 January 2000 he became Director General of the BBC His appointment was almost as controversial as his departure was to be exactly four years later he was accused of being a Tony crony and his instincts were regarded as being far too populist Yet in his relatively brief spell at the helm he not only launched four new TV channels and five radio stations but also transformed an organization blighted by his predecessor John
