Citizenship And Welfare State Reform In Europe

Christopher Pierson, Francis G. Castles

Citizenship And Welfare State Reform In Europe:

Citizenship and Welfare State Reform in Europe Jet Bussemaker, 2003-12-16 This volume analyses citizenship in relation to recent changes in European welfare states It examines concrete changes in social rights and citizenship roles and offers normative investigations of citizenship

Citizenship and Welfare State Reform in Europe Jet Bussemaker, 2003-12-16 This work examines the concept of citizenship in relation to social policy in the context of the rapidly changing European welfare states Leading academics analyse concrete changes in social rights and citizenship roles and offer theoretical investigations of citizenship and the welfare state Issues discussed include citizenship versus residence as a basis for social rights the relationship between rights and obligations workers rights and non workers rights exclusion and inclusion in the labour market and community life the relationship between social and political citizenship poverty and social exclusion new roles for citizens as clients consumers and participants in the welfare state

The Politics of Welfare State Reform in Continental Europe Silja Häusermann, 2010-03-15 This book demonstrates that political exchange and coalition building have become the key ingredients for continental European pension reform

The Survival of the European Welfare State Stein Kuhnle, 2003-09-02 Crisis Breakdown Dismantlement Since the 1970 s these have become the catchphrases used to describe the condition of the welfare states in Europe in academic and media analyses alike This book provides an alternative more optimistic interpretation It aims to increase both theoretical understanding and empirical knowledge of recent welfare reforms in areas including Spain Denmark the UK Germany and the EU as a whole An essential resource for students researchers and practitioners with an interest in the welfare state

Ideas and Welfare State Reform in Western Europe P. Taylor-Gooby, 2005-08-02 The new welfare settlement in Europe involves a re direction of policy in the context of a unified market and currency system and of more stringent economic competition Realignment of the policy assumptions and goals of the key actors is central to this process This book reviews the main policy paradigms and analyzes the processes whereby they have changed in the most salient policy areas and is based on recent interviews with more than two hundred and fifty senior policy actors in seven West European countries

Changing Welfare States Anton Hemerijck, 2013 Changing Welfare States is a major new examination of the wave of social reform that has swept across Europe over the past two decades In a comparative fashion it analyses reform trajectories and political destinations in an era of rapid socioeconomic restructuring including the critical impact of the global financial crisis on welfare state futures The book argues that the overall scope of social reform across the member states of the European Union varies widely In some cases welfare state change has been accompanied by deep social conflicts while in other instances unpopular social reforms received broad consent from opposition parties trade unions and employer organizations The analysis reveals trajectories of welfare reform in many countries that are more proactive and reconstructive than is often argued in academic research and the media Alongside retrenchments there have been deliberate attempts often given impetus by intensified European

economic integration to rebuild social programs and institutions and thereby accommodate welfare policy repertoires to the new economic and social realities of the 21st century Welfare state change is work in progress leading to patchwork mixes of old and new policies and institutions on the lookout perhaps for greater coherence Unsurprisingly that search process remains incomplete resulting from the institutionally bounded and contingent adaptation to the challenges of economic globalization fiscal austerity family and gender change adverse demography and changing political cleavages

Promoting Income Security as a Right Guy Standing, 2005-03-01 This book is about an idea that has a long and distinguished pedigree the idea of a right to a basic income This means having a modest income guaranteed a right without conditions just as every citizen should have the right to clean water fresh air and a good education

Handbook on Welfare State Reform Bernhard Ebbinghaus, Moira Nelson, 2025-08-11 This comprehensive Handbook examines the capacity of advanced welfare states to adapt to sustained pressures and unforeseen crises It explores the enduring relevance of established frameworks in explaining welfare state change as well as their effectiveness in addressing essential areas for reform

EU Health Systems and Distributive Justice Danielle Da Costa Leite Borges, 2016-07-01 EU Health Systems and Distributive Justice uses theories of distributive justice to examine tensions created by the application of the Internal Market rules to the provision of health care services within the European Union Using the concepts and principles embedded in the theories of egalitarianism and libertarianism this book analyses the impact of the Internal Market rules on common values and principles shared by European health systems such as universality accessibility equity and solidarity This analysis is conducted using the specific issue of cross border health care This book makes innovative contributions to the study of the relationship between EU health systems and the Internal Market it encompasses the analysis of all principles recognised by EU institutions as guiding principles of European health systems it integrates human rights law and practice into the discussion of the EU Court of Justice s approach to patient mobility cases and it assesses the potential impact of the Internal Market over EU health systems through the lens of distributive justice looking at the underlying principles of these systems that are mostly concerned with social justice Ultimately this is not a book on EU law and health care but it is a book on distributive justice health care and the principles and policies guiding European health systems

A Companion to Europe Since 1945 Klaus Larres, 2014-01-28 A Companion to Europe Since 1945 provides a stimulating guide to numerous important developments which have influenced the political economic social and cultural character of Europe during and since the Cold War Includes 22 original essays by an international team of expert scholars Examines the social intellectual economic cultural and political changes that took place throughout Europe in the Cold War and Post Cold War periods Discusses a wide range of topics including the Single Market European American relations family life and employment globalization consumption political parties European decolonization European identity security and defence policies and Europe s fight against international terrorism Presents Europe in a broad geographical conception to give equal weighting to developments in the Eastern and

Western European states *EU Citizenship and Social Rights* Frans Pennings, Martin Seeleib-Kaiser, 2018-03-30 In the 1990s the Maastricht Treaty introduced the right to free movement for EU citizens In practice however there are substantial barriers to making use of this right particularly to integration and to accessing the social and welfare rights available This is particularly true when it comes to accessing social rights such as social assistance housing benefit study grants and health care This book provides a detailed description and thorough analysis of these barriers in both law and practice Welfare State Reform in Southern Europe Maurizio Ferrera, 2005-02-07 This new study delivers a detailed analysis of the efforts being made to reduce poverty and social exclusion in Portugal Spain Italy and Greece After an initial discussion of the southern model of the welfare state the situation of each country is clearly illustrated This book also discusses how the experience of southern Europe might bear upon the situation of the East European accession countries This is excellent reading for those interested in social change across Europe and beyond **Why Europe Is Lesbian and Gay Friendly (and Why America Never Will Be)** Angelia R. Wilson, 2013-07-09 Why Europe Is Lesbian and Gay Friendly and Why America Never Will Be examines the differences in politics policy and culture in leading Western democracies and offers an explanation as to why lesbian and gay citizens in Europe reap more benefits of equality This analysis of the political economy of care calls attention to the ways in which care is negotiated by various investors the state families individuals and the faith based voluntary sector and the power dynamics of this negotiation Historically Christian churches have been leading primary investors in care providing a direct safety net for children and the elderly Despite European secularization the involvement of the Christian church elites in both the provision of service and the setting of the values frame for welfare cannot be underestimated The historical involvement of Christian churches is unique in each country but one common factor is the normative interpretation of the family The role of Christian values from left leaning social justice Reformed Protestant individualism or social conservatism in relation to the political economy of care gives a distinctive flavor to questions about under what circumstances policymakers are compelled or not to expand policies to include lesbian and gay citizens **The New Governance of Welfare States in the United States and Europe** Mariely López-Santana, 2015-02-17 Detailed examination of the territorial and governance dimensions of contemporary welfare reforms in the United States and Europe Until recently studies of changes in the welfare state have tended to focus on transformations in the nature of social policies and their level of generosity The New Governance of Welfare States in the United States and Europe concentrates on an often overlooked dimension territorial and governance transformations Employing detailed case studies and more than seventy five interviews Mariely López-Santana captures how a variety of postindustrial countries across both sides of the Atlantic have transformed the postwar organization of their labor market policy settings through decentralization centralization and delegation reforms These changes have in turn changed the role of national and subnational levels of government as well as nongovernmental actors in the organization management and provision of labor market policies and

services Lopez Santana's multidisciplinary comparative and multilevel approach to welfare state change is an original and important step forward in our understanding of welfare reforms enacted since the mid 1990s *Gender and Generational Division in EU Citizenship* Trudie Knijn, Manuela Naldini, 2018-07-27 Family law gender equality care arrangements and the consequences of demographic change have long been on the agenda of the European Union. However, these are coloured by national and cultural factors more than any other disputes and form a barrier to the equalising of status for European citizens. Using an interdisciplinary approach and bringing together law scholars, political scientists and sociologists, this book looks at the implications of the categorisation of identity in the European Union and what they mean for the realisation of citizens' rights throughout the EU. Gendering Citizenship in Western Europe Ruth Lister, 2007 This study combines conceptual, theoretical, empirical and policy material to explore a key concept in contemporary European political policy and academic debates. **Corporate Social Responsibility and the Welfare State** Jeanette Brejning, 2016-05-13 Over the past four decades many European welfare states have seen an increasing involvement of the commercial sector in their mixed economies of welfare. One aspect of this development that has yet to be fully understood in social policy analysis is the engagement of businesses to address social problems such as social exclusion through activities labelled as corporate social responsibility (CSR). Although CSR has gained increasing currency on both national and international policy agendas since the 1990s, it remains a topic which is predominantly researched in business schools and from a business perspective. This book aims to redress this imbalance by focusing on the social aspect of CSR. Based on interviews with a wide spectrum of people who work with CSR professionally in England, Denmark and in the EU Commission, the book argues that when CSR is linked to social exclusion, it is a way of renegotiating responsibilities in mixed economies of welfare. The book also offers a comprehensive historical understanding of CSR as it traces the emergence and development of CSR in West European welfare economies as diverse as England, Denmark, Sweden, Norway, Germany and France. By situating CSR within the conceptual framework of the mixed economy of welfare and using Historical Institutionalism as a theoretical perspective to explore and explain the relationship between the welfare state and CSR, this book makes an innovative contribution to critical debates in comparative social policy. *The Welfare State Reader* Christopher Pierson, Francis G. Castles, 2006 Includes 20 selections reflecting the thinking and research in welfare state studies; these readings are organized around a series of debates on welfare regimes, globalization, Europeanization, demographic change and political challenges. The Transformation of Welfare States? Nick Ellison, 2006-04-07 This accessible work provides a political sociology of welfare states in industrial societies with both historical and contemporary perspectives. Ellison focuses on the social and political underpinnings of a number of welfare regimes and looks at the transformations they have undergone and the challenges they face. This book assesses current debates about the role of globalization in welfare state change, paying particular attention to contemporary views about the capacity of embedded institutional structures to limit the effects of global economic pressures.

Ellison assesses the changing nature of social policies in nine OECD countries selected to include liberal social democratic and continental welfare regimes Taking labour market and pension policies as the main areas of investigation this volume provides snapshots of welfare reform in each case charting the ways in which different regimes manage the range of challenges with which they are confronted Ultimately the book suggests that all contemporary welfare regimes are experiencing a level of neoliberal drift As yet this trend towards liberalization remains constrained in those countries with more coordinated economies and institutionalized forms of social partnership but the question is for how long This book will be of great interest to students and scholars of International Politics Sociology and Social Policy *European Welfare States and Supranational Governance of Social Policy* A. Johnson, 2005-04-12 Ailish Johnson examines national welfare state regimes of EU Member States and the features of the European Union and the International Labour Organization that encourage cooperation and assure outcomes of supranational cooperation higher than theories of inter state bargaining or social dumping would predict By tracing the development of EU and global social policy from the 1950s to today she identifies policy leaders resisters and passive states She concludes with an analysis of the forms and outputs of supranational social policy and suggests limits of social policy in an enlarged European Union

As recognized, adventure as competently as experience very nearly lesson, amusement, as capably as pact can be gotten by just checking out a ebook **Citizenship And Welfare State Reform In Europe** furthermore it is not directly done, you could put up with even more roughly this life, not far off from the world.

We give you this proper as with ease as easy quirk to acquire those all. We allow Citizenship And Welfare State Reform In Europe and numerous ebook collections from fictions to scientific research in any way. along with them is this Citizenship And Welfare State Reform In Europe that can be your partner.
