City Of Angels 1998:

American Angels Peter Gardella,2007 Explores the rich history of angels in America from Spanish colonialism and Puritan culture to modern incarnations found on TV in movies in comic books and on bumper stickers Finds that Americans have constructed the useful angel as a servant of man rather than an agent of God **The Fantasy Film** Katherine A. Fowkes,2010-01-26 The Fantasy Film provides a clear and compelling overview of this revitalized and explosively popular film genre Includes analyses of a wide range of films from early classics such as The Wizard of Oz and Harvey to Spiderman and Shrek and blockbuster series such as The Lord of the Rings trilogy and The Harry Potter films Provides in depth historical and critical overviews of the genre Fully illustrated with screen shots from key films Film Remakes NA NA,2016-10-03 This is the first book to provide a comprehensive and systematic account of the phenomenon of cinematic remaking Drawing upon recent theories of genre and intertextuality Film Remakes describes remaking as both an elastic concept and a complex situation one enabled and limited by the interrelated roles and practices of industry critics and audiences This approach to remaking is developed across three broad sections the first deals with issues of production including commerce and authors the second considers genre plots and structures and the third investigates issues of reception including audiences and institutions *The Earthbound Parent* Richard A. Conn, Jr.,Robyn E. Blumner,2018-05-01 Richard A Conn Jr demonstrates why all parents who value science and reason can help stop the centuries old practice of religious indoctrination and offers advice on how to encourage children to discover the world and their place in it for themselves Only by teaching them that we are in this world together and have a limited time to live can we truly enable them to flourish and build a peaceful world not just for their generation but for the future *Hauntings and Poltergeists* James Houran,Rense Lange,2015-08-13 Few people can claim the distinction of experiencing first hand such occurrences as hauntings and the presence of poltergeists but countless numbers of people are fascinated by these unexplainable events Written by the world s most knowledgeable authorities in this field the essays in this work promote a better understanding of the manifestations of and various reasons for hauntings and poltergeist phenomena The experts come from such backgrounds as anthropology history philosophy psychiatry and sociology and provide sober yet highly readable in depth discussions of numerous ideas and rationalizations for hauntings and poltergeists from a critical and scientific perspective Divided into three major sections sociocultural physical and physiological and psychological perspectives this work provides an overview of each perspective and also addresses the general psychology of belief in the paranormal and how that belief relates to experiences with ghosts and poltergeists E-motion Picture Magic Birgit Wolz,2005 Like no other medium before it the popular movie presents the potential of a new power for illuminating the depth of human experience E Motion Picture Magic employs that power as a tool to increase consciousness Cinema therapy offers more perspective on life prompting the viewer to step back from his or her problems in order to feel less insecure worried or discontented Using films

for self improvement allows a shift in perspective when viewed with conscious awareness The use of movies for personal growth and healing carries forward a long standing connection between storytelling and self reflection that may date back to the beginnings of spoken language The movie experience used in very specific ways can have significant benefits for those who are willing to apply themselves using E Motion Picture Magic that can be both beneficial as well as enjoyable [Home Front Heroes](#) Elizabeth Abele,2013-12-04 This book traces the effects of the feminist and civil rights movements in the construction of Hollywood action heroes Starting in the late 1980s action blockbusters regularly have featured masculine figures who choose love and community over the path of the stoic loner committed solely to duty The American heroic quest of the past 25 years increasingly has involved a reclamation of home creating a place for the Hero at the hearth part of a more intimate community with less restrictive gender and racial boundaries The author presents pieces of contemporary popular culture that create the complex mosaic of the present day American heroic ideal Hollywood popular films are examined that best represent the often painful shift from traditional heroic masculinity to a masculinity that is less exceptional and more vulnerable There are also chapters on how issues of race and gender intersect with the new masculinity and on subgenres of 1990s films that also developed this postfeminist masculinity *Love & Marriage Lessons from Movies* Gokul Santhanam,2018-01-25 It is time we introduced Love Education in our colleges The way parents teach good touch or bad touch to their young kids adults need to get comfortable talking to their adolescents on the topic of love relationships Love is eternal and is important for a happy life Falling in love before marriage and falling in love after marriage are both important How to choose the right person how to be the right person why arranged marriages work how to impress your in laws managing your work and life and how to make love last a lifetime are some of the points covered in this book By linking these thoughts to romantic movies you have a concise easy to read interesting book Love Marriage Lessons from Movies This book is strongly recommended for those who are in love and those who will be For those who are married and for those who will be For those who love movies and for those who will after reading this book This new work by Gokul Santhanam has quite a quirky title I wish him loads of luck with his book Trisha Krishnan Indian Actor **More**
