City Of Quartz:

City of Quartz Mike Davis, 2006-09-17 No metropolis has been more loved or more hated To its official boosters Los Angeles brings it all together To detractors LA is a sunlit mortuary where you can rot without feeling it To Mike Davis the author of this fiercely elegant and wide ranging work of social history Los Angeles is both utopia and dystopia a place where the last Joshua trees are being plowed under to make room for model communities in the desert where the rich have hired their own police to fend off street gangs as well as armed Beirut militias In *City of Quartz* Davis reconstructs LA's shadow history and dissects its ethereal economy He tells us who has the power and how they hold on to it He gives us a city of Dickensian extremes Pynchonesque conspiracies and a desperation straight out of Nathaniel West a city in which we may glimpse our own future mirrored with terrifying clarity *The Blackwell City Reader* Gary Bridge, Sophie Watson, 2010-03-08 Updated to reflect the most current thinking on urban studies *The Blackwell City Reader* Second Edition features a comprehensive selection of multidisciplinary readings relating to the analysis and experience of global cities Includes new sections of materialities and mobilities to capture the most recent debates The most international reader of its kind including extensive coverage of urban issues in Asia China and India Combines theoretical approaches with a wide range of geographical case studies Organized to be used as a stand alone text or alongside Blackwell's *A Companion to the City*

City of Quartz Mike Davis, 2006 Local Politics, The Future Is Present Philip Glahn, Cary Levine, 2024-06-18 A critical history of the pioneering art and technology group Mobile Image and their prescient work in communications networking and information systems In *The Future Is Present* Philip Glahn and Cary Levine tell the fascinating history of the visionary art group Mobile Image founded by Kit Galloway and Sherrie Rabinowitz in 1977 which appropriated emerging technologies from satellites to electronic message platforms Based in Los Angeles this under studied collective worked amid urban crisis a techno boom consolidating media power and ascendant neoliberal politics Mobile Image challenged fundamental conventions of the public sphere democracy communication and political participation as well as notions of power representation and identity Glahn and Levine argue not only for the historical importance of Mobile Image but also for a critical artistic process that is at once analytic and transformative They weave themes such as embodiment and its mediation public private dialectics and techno utopian vision throughout the book binding these projects to discourses around race gender and class as well as margin and center the local and the global In today's world of ubiquitous digital reproduction networking and social media *The Future Is Present* shows how the work of Mobile Image continues to have profound implications for art technology and the politics of public and private experience *City Limits* Keith Hayward, 2016-07-18 *City Limits* contributes to a growing body of work under the umbrella of cultural criminology It incorporates an impressive array of literature from beyond the boundaries of traditional criminology and makes a challenging and enlightening read *City of quartz* Mike Davis, 1998 **Cultural Techniques** Jörg Dünne, Kathrin Fehrer, Kristina

Kuhn,Wolfgang Struck,2020-08-24 This volume presents the preliminary results of the work carried out by the interdisciplinary cultural techniques research lab at the University of Erfurt Taking up an impulse from media studies its contributions examine from a variety of disciplinary perspectives the interplay between the formative processes of knowledge and action outlined within the conceptual framework of cultural techniques Case studies in the fields of history literary and media studies and the history of science reconstruct seemingly fundamental demarcations such as nature and culture the human and the nonhuman and materiality and the symbolical order as the result of concrete practices and operations These studies reveal that particularly basic operations of spatialization form the very conditions that determine emergence within any cultural order Ranging from manual and philological paper work to practices of opening up and closing off spaces and collective techniques of assembly these case studies replace the grand narratives of cultural history focusing on micrological examinations of specific constellations between human and nonhuman actors *City of Flows* Maria Kaika,2005 First

Companion is the definitive guide to LA in literature **Signs and Cities** Madhu Dubey,2007-11-01 Signs and Cities is the first book to consider what it means to speak of a postmodern moment in African American literature Dubey argues that for African American studies postmodernity best names a period beginning in the early 1970s marked by acute disenchantment with the promises of urban modernity and of print literacy Dubey shows how black novelists from the last three decades have reconsidered the modern urban legacy and thus articulated a distinctly African American strain of postmodernism She argues that novelists such as Octavia Butler Samuel Delany Toni Morrison Gloria Naylor Ishmael Reed Sapphire and John Edgar Wideman probe the disillusionment of urban modernity through repeated recourse to tropes of the book and scenes of reading and writing Ultimately she demonstrates that these writers view the book with profound ambivalence construing it as an urban medium that cannot recapture the face to face communities assumed by oral and folk forms of expression

A Theory of Urbanity Anton Zijderfeld, 2017-09-29 Cities provide for people not just functionally in terms of jobs obligations and practical pursuits but also and above all emotionally We like some cities and detest others Despite shared rationalizations and common modes of administration and design each city has its own culture A culture is typically human in that it contains all dimensions of the human personal condition from the lowest to the most sublime Urban culture comprises both economic and civic culture and is the source of a city's vitality For today's urban sprawls which have a weak and failing economic and civic culture the task of the urban administration and various economic and civic organizations is to strengthen conditions that can prevent the emergence of urban anomie With suburbanization the edge city and the emergence of cyberspace some argue that cities as integrated places of working and living are things of the past Zijderfeld argues that people are and remain social animals who like and need one another's company particularly in their economic socio cultural and political activities Throughout the ages cities have provided the environment in which people fulfill these needs Anton Zijderfeld discusses urban preferences the organizations and ramifications of urbanity the modernization of urban culture the uneasy alliance between urbanity and the interventionist state and the cultural dimensions of urban renewal Zijderfeld sees the economic and civic culture of the city as the centerpiece of contemporary urban management and contemporary urban democracy In this sense the new technology is an ally of the new urban renewal Most postmodern treatises on the end of the city are impressionistic and unsystematic In contrast Zijderfeld puts the qualitative dimensions of city life into focus catching its pulse and cultural rhythms in a systematic context that prior studies have lacked As such it will be of great interest to urban administrators p
