Robbins, 2021-10-11 This important volume presents the first comprehensive history of early modern La Rochelle a port town whose fractious residents became embroiled in the French Reformation Opening chapters situate the Rochelais within the geopolitics of an oceanic frontier where urbanites created a strong heavily armed civic government in part because they perceived themselves as isolated civilizing agents surrounded by the savage inhabitants of a lawless environment Analysis of the city's Reformation proceeds within this context of place and politics showing how various ranks of the citizenry idiosyncratically adopted the tenets of Calvinism amalgamating these salvific doctrines with traditional civic rites and values to the consternation of more orthodox pastors Juxtaposing serial sources from multiple archives Robbins shows with innovative detail how local political and religious struggles intermeshed setting the city and its Reformed congregations on a fatal collision course with the Bourbon monarchy Concluding chapters examine how great aristocratic families churchmen and Catholic magistrates joined in a local Counter Reformation remaking urban power politics from the ground up *City under the Sea* Kenneth Bulmer, 2019-02-10 Jeremy Dodge knew the Earth would face starvation if it were not for the new science of aquaculture With the world's population numbering many billions only the extra food being cultivated on the bottom of the sea could feed everyone But like the rest of the surface dwellers Jeremy did not know what a vicious monopoly underwater cultivation had become That is until the dreadful moment when he himself was kidnaped and dragged beneath the depths And there he was to learn that just making his own escape would not be enough he would have to save mankind from the tyranny of a new race of water breathing human monsters **The Summer City by the Sea** Emil R. Stephen Cave,John Martin Fischer,2023-11-22 In this book Stephen Cave and John Martin Fischer debate whether or not we should choose to live forever This ancient question is as topical as ever while billions of people believe they will live forever in an otherworldly realm billions of dollars are currently being poured into anti ageing research in the hope that we will be able to radically extend our lives on earth But are we wise to wish for immortality What would it mean for each of us as individuals for society and for the planet In this lively and accessible debate the authors introduce the main arguments for and against living forever along with some new ones They draw on examples from myth and literature as well as new thought experiments in order to bring the arguments to life Cave contends that the aspiring immortalist is stuck on the horns of a series of dilemmas such as boredom and meaninglessness or overpopulation and social injustice Fischer argues that there is a vision of radically longer lives that is both recognizably human and desirable This book offers both students and experienced philosophers a provocative new guide to a topic of perennial importance Key Features Gives a comprehensive overview of the main arguments for and against living forever Uses lively examples from myth literature and novel thought experiments Highly accessible avoiding jargon and assuming no prior knowledge without sacrificing intellectual rigour Includes helpful pedagogical features including chapter summaries an annotated reading list a glossary and clear examples *A Daily Expositor of the New Testament; in which the Text is Divided Into Sections, with a Practical Exposition ... Sea Gods Steven Sora, 2007-06-19 An investigation of the geographical incongruities in Homer's epics locates Troy on the coast of Iberia in a conflict that changed history Cites the rise in sea level in 1200 B C as leading to the invasion and victory of the Atlantean sea people over the goddess worshipping Trojans who ruled the coasts Identifies Troia Troy as part of a tri city area that later became Lisbon Portugal In The Triumph of the Sea Gods Steven Sora argues compellingly that Homer's tales do not describe adventures in the Mediterranean but are adaptations of Celtic myths that chronicle an Atlantic coastal war that took place off the Iberian Peninsula around 1200 B C It was a war between the pro goddess Celtic culture that presided over what is now Portugal and the patriarchal culture of the sea faring Atlanteans The invasion of the Atlantean sea peoples brought destruction to the entire region stretching from Western Europe's Atlantic border to Egypt Syria and Turkey This was a turning point not only politically but also spiritually The goddess became demonized as seen in myths such as Pandora's Box in which woman was seen as the source of evil not the origin of life and Homer's tale of the epic Greek and Trojan war which was triggered by the abduction of a woman The actual historical struggle described in Homer's stories Sora explains occurred during what was the last in a series of rises in sea level that inundated various land masses Atlantis and permitted sea passage to areas previously accessible only by land The Sea Gods Atlanteans attacked the tri city region of Troia Troy near present day Lisbon which shortly thereafter fell victim to a devastating series of seaquakes and tsunamis The war and the subsequent destructive weather broke the power of this seaboard civilization leading to a wholesale invasion by the sea peoples and the rapid decline of the region's goddess worshipping culture that had reigned there since Neolithic times Sora shows how Homer's tales allow the modern world to glimpse this ancient conflict which has been obscured for centuries *Notes on the City Walls of Chester, Historical and Constructive* James Allanson Picton, 1888 **A**
