

What is Civics?

- Americans' understanding of citizenship goes back to ancient times. More than 2,500 years ago, the people of Greece and Rome had ideas about the duties of people who lived in a country and about what their government should be like. The Greek thinker Aristotle wrote that the best way to achieve liberty and equality was by all people sharing in the government. In this early culture, only a few people could be citizens and have the benefits of citizenship.
