By the Civil Action According to the Reformed American Procedure. A Treatise Adapted to Use in All the States and Territories Where the System Prevails** John Norton Pomeroy, 2024-02-28 Reprint of the original first published in 1883 **Civil Forfeiture of Criminal Property** Simon N. M. Young, 2009-01-01 this work is an important contribution to the global discourse on pursuing property money or resources linked to crime Michelle Gallant Journal of Business Law Informed and informative Civil Forfeiture of Criminal Property is a seminal work of impressive scholarship and strongly recommended for professional academic and governmental judicial studies collections in general and criminal justice reference collections in particular Library Bookwatch Midwest Book Review This book is interesting because there is a dearth of writing on the subject It must be read for that reason Sally Ramage The Criminal Lawyer Once called the monster that ate jurisprudence civil forfeiture is now an established weapon in the fight against organized crime terrorism drug trafficking and corruption This fine collection of essays covering civil forfeiture regimes in ten diverse jurisdictions written by leading practitioners provides a comprehensive and detailed overview of the jurisprudential legal political and practical dimensions of the new generation of these powerful and controversial laws I commend this book to criminal civil comparative and human rights lawyers who have an interest in how serious and profit motivated crime and responses to it develop over time and in different legal cultures Arie Freiberg Monash University Australia In this book which is the first of its kind leading experts examine the civil and criminal forfeiture systems in Australia Canada China Ireland South Africa the United Kingdom and the United States In the fight against organized crime and international money laundering there is a global trend for countries to enact forfeiture and confiscation laws that are applied through the civil process rather than the traditional criminal justice system The authors gathered here analyze the appeal these civil forfeiture laws have for governments for their potential to disrupt criminal organizations and for their quantifiable benefits to the state But without the usual safeguards of the criminal process civil forfeiture laws are controversial attracting constitutional challenges particularly on human rights grounds This book will be of great interest to policy makers in government and law enforcement agencies who are thinking of reforming their own laws as well as to law

reform agencies or select parliamentary committees where the issue of reform is topical It will also appeal to students in criminal law criminology and human rights *Financial Regulation and Civil Liability in European Law* Olha O. durch Abfälle verursachten Schaden der im Jahre 1991 mit wesentlichen Änderungen versehen wurde und dem Rat nach wie vor zur Prüfung vorliegt. Das Buch beleuchtet den Richtlinienvorschlag rechtsvergleichend d.h. unter der Fragestellung, wie sich die Richtlinie auf die Rechtslage in verschiedenen Mitgliedsstaaten der EU auswirken würde, wenn sie in ihrer derzeitigen Fassung in Kraft tritt. Als Beispiele dienen England als Teil des Vereinigten Königreiches und Deutschland. Eine detaillierte und rechtsvergleichende Darstellung des englischen und deutschen Rechts in Bezug auf die zivilrechtliche Haftung für Abfälle ist daher der Untersuchung des Richtlinienvorschlages vorangestellt. Auf diese Weise leistet das Buch auch einen Beitrag zu der Diskussion, die das im Jahre 1993 von der Europäischen Kommission vorgelegte Grünbuch über die Sanierung von Umweltschaden ausgelöst hat. Dem in englischer Sprache verfaßten Haupttext wurde eine ausführliche deutsche Zusammenfassung beigegeben.

**Crime Prevention** Stephen Schneider, 2014-12-16

In *Crime Prevention Theory and Practice* Second Edition Dr Schneider has updated every chapter in this reliable text using the latest research, the most recently published articles and books, and feedback from professors and students using the first edition. Providing an introduction to dominant approaches, key concepts, theories, and research, the book supplies concrete advice on planning, implementing, and evaluating a crime prevention plan. This edition includes a new chapter applying crime prevention through social development principles to adolescents and young adults. This chapter is a recognition of the disproportionate rate of offending by adolescents and young adults, as well as the distinctive risk factors faced by these groups. It also emphasizes the unique nature of applying social problem-solving solutions to adolescents and young adults who have been in formal contact with the criminal justice system. The focus is on recidivism prevention, an often ignored but critical aspect of crime prevention. Laying out a systematic blueprint for a successful crime prevention project, the book also updates the extant literature on crime prevention, in particular the addition of research that has been published since the first edition of this book. Updated case studies reflecting new data present real examples of crime prevention programs and organizations and illustrate the conceptual, theoretical, and empirical elements of the book. Learning objectives, discussion questions, and exercises facilitate learning and retention, and a companion website provides ancillary material for students and professors.
