Civil War Interregnum And Restoration In Gloucestershire 1640 167:

Civil War, Interregnum and Restoration in Gloucestershire, 1640-1672 Andrew Richard Warmington, 1997 Dr Warmington's examination of the impact of the Civil War in Gloucestershire begins with the descent into war between 1640 and 1642 showing how the two sides formed and why the Parliamentarians had the more durable war machine He then goes on to consider the anarchic situation between 1645 and 1649 and the series of new experiments in government which followed until 1660 The book demonstrates how the war created an almost entirely new governing group of minor gentlemen based on military service to the regime and religious affiliations looks at the vexed question of the cultural dimensions of popular allegiance in the period and examines popular activity or lack of it in Gloucestershire's distinct regions of Vale Wold and Forest during the Civil War The attempted rebellion of 1659 is examined in detail Transactions - Bristol and Gloucestershire Archaeological Society Bristol and Gloucestershire Archaeological Society, 2008 **Transactions of the Bristol and Gloucestershire Archaeological Society** Bristol and Gloucestershire Archaeological Society, 2007 God's Fury, England's Fire Michael J. Braddick, 2008 The sequence of civil wars that ripped England apart in the 17th century was the single most traumatic event between the medieval Black Death and the two world wars Braddick gives the reader a sense both of what it was like to live through events of uncontrollable violence and what really animated the different sides *Arts & Humanities Citation Index*, 2000 **Forthcoming Books** Rose Arny, 1997 *Criticón*, 1999 **Frühneuzeit-Info**, 1999 **Subject Index of Modern Books Acquired** British Library, 1961 **Civil War, interregnum and restoration in Gloucestershire** Andrew Richard Warmington, 1997 *The Victoria History of Shropshire* William Page, 1979 *Gloucester and the Civil War* Malcolm Atkin, Wayne Laughlin, 1993 SUSSEX IN THE GREAT CIVIL WAR AND THE INTERREGNUM, 1642-1660 CHARLES. THOMAS-STANFORD, 2018 *Gloucester & Newbury, 1643* Jon Day, 2007-09-20 The campaign that led to the first Battle of Newbury in 1643 represents a vital phase in the English Civil War yet rarely has it received the attention it deserves In this compelling and meticulously researched new study Jon Day shows how the campaign was critical to the outcome of the war and the defeat of Charles I The late summer 1643 was the military high tide for the king and his armies yet within two months the opportunity had been squandered The Royalists failed first to take the Parliamentary stronghold of Gloucester and then to defeat the Earl of Essex's army at Newbury If the Civil War had a tipping point this was surely it **Sussex in the Great Civil War and the Interregnum, 1642-1660** Charles Thomas-Stanford, 1910 *An Unhappy Civil War* John Wroughton, 1999 Rebellion Or Revolution? G. E. Aylmer, 1987 Here the author conveys the massive and continuing emotional and psychological impact of the events that occurred in England between 1640 and 1660 and offers up to date analysis of the causes significance and consequences of what happened *Plotting Popular Politics in Interregnum England* Caroline S. Boswell, 2008 This dissertation examines how ordinary English men and women negotiated the social cultural and political changes that accompanied a devastating Civil War and

the execution of their King in 1649 Arguing against the dichotomy that classifies people's reactions as either conventional or radical based on their political allegiances it maintains that the people supported regimes whose pretenses conformed to popular values This study includes an investigation of the various means of resistance people exercised against government intrusion into their everyday lives Despite officials repressive measures to curb the expression of opinion people continued to engage with the political culture fostered by the outbreak of pamphlet literature during the civil wars Court records pamphlets and manuscript accounts indicate that men and women articulated discontent through speech acts ritualistic violence intimidation and noncooperation with the enforcement of unpopular policies In response to intrusive policies people frequently focused their grievances on symbolic figures associated with the state These despised characters such as excise men and soldiers were people whose entrance into local society led to a drain on its economy and threatened its stability with no perceivable benefit to its inhabitants Although these manifestations of dissent cannot simply be equated with popular royalism the fact remains that the restoration of the monarchy was largely welcomed throughout the nation This dissertation argues that royalist propagandists redefined people's animosity toward the Interregnum state as evidence of their loyalty to the Stuarts particularly in the months leading up to the Restoration of Charles II In their rhetoric royalists not only embraced traditional cultural practices they also connected their continuation with the survival of monarchy Analyzing the politics surrounding popular disaffection and the politics of popular disaffection reveals that people's discontent played a significant role in creating fertile soil for the Restoration in 1660 The Civil War and Interregnum J. S. Morrill, 1990-01-01

Recollection in the Republics Imogen Peck, 2018
