Bussard, 2014-03-11 div Revolutionizing the history of street photography Unfamiliar Streets demonstrates an expanded understanding of the genre through the work of a fashion photographer a photojournalist a conceptual artist and a contemporary artist DIV Isaac Bashevis Singer and the Lower East Side Isaac Bashevis Singer, 2004 Isaac Bashevis Singer the Polish born Yiddish writer and Nobel laureate and New York documentary photographer Bruce Davidson collaborated on a surreal feature film made in 1973 entitled Isaac Bashevis Singer's Nightmare and Mrs Pupko's Beard This film was at once a documentary about Singer's New York and a dramatization of one his short stories The film grew out of their friendship as residents of the same building on the upper West Side of Manhattan and their common interest in New York City street life During and after production Davidson made numerous portraits of Singer and also returned to the Lower East Side for a documentary series of photographs A selection of more than forty of the stunning images made between 1957 and 1990 is available here for the first time in Isaac Bashevis Singer and the Lower East Side Photographs by Bruce Davidson The book also includes portraits of Singer stills from the film the black and white portfolio known as The Garden Cafeteria and selections from the Lower East Side series The Garden Cafeteria was a collaboration depicting denizens of the East Broadway restaurant frequented by Singer during his trips to The Jewish Daily Forward The portfolio has never been published nor exhibited in its entirety until this volume Included is an introduction by Singer himself on Davidson's images an in depth interview with Davidson about his art aesthetic and political views and his Jewishness and a reflective contextual essay by Ilan Stavans on the relevance of this collaboration between the writer and the photographer Through Davidson's lens we see Singer's literary world of Holocaust survivors and migrants from Eastern Europe a displaced culture in its twilight This book is a co publication and appears in conjunction with an exhibition organized and presented by the Mead Art Museum at Amherst College on the occasion of the centennial celebration nationwide of Singer's birth in 2004 Freedom Riders Ann Bausum, 2006 Explores the Civil Rights movement and the

Californian Contemporary Authors Amy Elisabeth Fuller,2007-09 A biographical and bibliographical guide to current

the authors themselves or drawn from published interviews feature stories book reviews and other materials provided by the
authors publishers □□□□□□ ,2009 **Between the Black Box and the White Cube** Andrew V. Uroskie,2014-02-27
Today the moving image is ubiquitous in global contemporary art The first book to tell the story of the postwar expanded
cinema that inspired this omnipresence Between the Black Box and the White Cube travels back to the 1950s and 1960s
when the rise of television caused movie theaters to lose their monopoly over the moving image leading cinema to be
installed directly alongside other forms of modern art Explaining that the postwar expanded cinema was a response to both
developments Andrew V Uroskie argues that rather than a formal or technological innovation the key change for artists
involved a displacement of the moving image from the familiarity of the cinematic theater to original spaces and contexts He
shows how newly available inexpensive film and video technology enabled artists such as Nam June Paik Robert Whitman
Stan VanDerBeek Robert Breer and especially Andy Warhol to become filmmakers Through their efforts to explore a fresh
way of experiencing the moving image these artists sought to reimagine the nature and possibilities of art in a post cinematic
age and helped to develop a novel space between the black box of the movie theater and the white cube of the art gallery
Packed with over one hundred illustrations Between the Black Box and the White Cube is a compelling look at a seminal
moment in the cultural life of the moving image and its emergence in contemporary art **Photography at the Worcester
Art Museum** David Acton,Worcester Art Museum,2004 **Time of Change** ,2002 The Book of Photography Anne H.

A Nation of Neighborhoods Benjamin Looker,2015-10-22 Despite the pundits who have written its epitaph and the latter day refugees who have fled its confines for the half acre suburban estate the city neighborhood has endured as an idea central to American culture In *A Nation of Neighborhoods* Benjamin Looker presents us with the city neighborhood as both an endless problem and a possibility Looker investigates the cultural social and political complexities of the idea of neighborhood in postwar America and how Americans grappled with vast changes in their urban spaces from World War II to the Reagan era In the face of urban decline competing visions of the city neighborhood s significance and purpose became proxies for broader debates over the meaning and limits of American democracy By studying the way these contests unfolded across a startling variety of genres Broadway shows radio plays urban ethnographies real estate documents and even children s programming Looker shows that the neighborhood ideal has functioned as a central symbolic site for advancing and debating theories about American national identity and democratic practice
