## **Civil War In Lebanon 1975 92:**

*Civil War in Lebanon, 1975-92* E. O'Ballance, 1998-10-21 The sixteen year long civil war in Lebanon was caused by dissatisfaction over the distribution of political power The system favoured Christians who fought to eject Palestinian armed forces which sought to use the country as a spring board for attacks into adjacent Israel Western intervention was repelled by suicide bombing attacks Lebanese Christians and Muslims sub divided to fight each other Dominated by competing war lords this civil war was notable for massacres treachery atrocities kidnapping assassination changing alliances of convenience and invasions

**Understanding Civil War: Europe, Central Asia, and other regions** Paul Collier, Nicholas Sambanis, 2005-01-01 Annotation VOLUME I Africa VOLUME II Europe Central Asia and Other Regions volumes sold separately This is a superb manuscript and one that will become a standard reference in the field for students of conflict and civil war Robert Bates Eaton Professor of the Science of Government Harvard University The two volumes of Understanding Civil War build upon the World Bank's prior research on conflict and violence particularly on the work of Paul Collier and Anke Hoeffler whose model of civil war onset has sparked much discussion on the relationship between conflict and development in what came to be known as the greed versus grievance debate The authors systematically apply the Collier Hoeffler model to 15 countries in 6 different regions of the world using a comparative case study methodology to revise and expand upon economic models of civil war The book concludes that the greed versus grievance debate should be abandoned for a more complex model that considers greed and grievance as inextricably fused motives for civil war regions of Somalia Conflict in Somalia examines the results of the study and offers recommendations for reconstruction and development assistance that takes the knowledge on conflict into account

**Civil and Uncivil Violence in Lebanon** Samir Khalaf, 2002 Khalaf argues that historically internal grievances have been magnified or deflected to become the source of international conflict From the beginning he shows foreign interventions have consistently exacerbated internal problems BOOK JACKET

*Civil War in Lebanon, 1975-92* E. O'Ballance, 1999-01-11 The sixteen year long civil war in Lebanon was caused by dissatisfaction over the distribution of political power The system favoured Christians who fought to eject Palestinian armed forces which sought to use the country as a spring board for attacks into adjacent Israel Western intervention was repelled by suicide bombing attacks Lebanese Christians and Muslims sub divided to fight each other Dominated by competing war lords this civil war was notable for massacres treachery atrocities kidnapping assassination changing alliances of convenience and invasions

**Spheres of Intervention** James R. Stocker, 2016-05-01 In Spheres of Intervention James R. Stocker examines the history of diplomatic relations between the United States and Lebanon during a transformational period for Lebanon and a time of dynamic changes in US policy toward the Middle East Drawing on tens of thousands of pages of declassified materials from US archives and a variety of Arabic and other non English sources Stocker provides a new interpretation of Lebanon's slide into civil war as well as insight into the strategy behind US diplomatic initiatives

toward the Arab Israeli conflict During this period Stocker argues Lebanon was often a pawn in the games of larger powers The stability of Lebanon was an aim of US policy at a time when Israel s borders with Egypt and Jordan were in active contention Following the June 1967 Arab Israeli War the internal political situation in Lebanon became increasingly unstable due to the regional military and political stalemate the radicalization of the country s domestic politics and the appearance of Palestinian militias on Lebanese territory US officials were more deeply involved in Lebanese affairs than most outside the region realized After a series of internal crises in 1969 1970 and 1973 civil war broke out in Lebanon in 1975 The conflict reached a temporary halt after a Syrian military intervention the following year but this was only an end to the first stage of what would be a sixteen year civil war During these crises the US sought to help the Lebanese government in a variety of ways including providing military aid to the Lebanese military convincing Arab countries to take measures to help the Lebanese government mediating Lebanon s relations with Israel and even supporting certain militias

The Government and Politics of Lebanon Imad Salamey,2013-10-15 Aiming to contribute to the reader s greater understanding of Lebanese government and politics this book provides a comprehensive examination of the origin development and institutionalization of sectarian consociationalism in Lebanon A recurrent proposition advanced in this book is that Lebanese sectarian consociationalism has been both a cure and a curse in the formulation of political settlements and institution building On the one hand and in contrast to many surrounding Arab regimes consociational arrangements have provided the country with a relative democratic political life A limited government with a strong confessional division of power and a built in checks and balance mechanism prevented the emergence of dictatorship or monarchy On the other hand a chronic weak state has complicated efforts for nation building in favour of sectarian fragmentation external interventions and strong polarization that periodically brought the country to the verge of total collapse and civil war While examining Lebanese sectarian politics of conflict and concession during different historic junctures many revelations are made that underlie the role of domestic and international forces shaping the country s future Presenting an implicit description of the power and functions of the various branches of government within the context of sectarian consociationalism this book is an important introductory text for students of Lebanese Politics and Middle Eastern politics more broadly

My Enemy's Enemy Geraint Hughes,2012-03-13 Suitable for contemporary security scholars and those involved in political military policy this title offers terminology intends to clarify scholarly understanding of proxy warfare a framework for understanding why states seek to use proxies in order to fulfil strategic objectives

**The Peace In Between** Astri Suhrke,Mats Berdal,2013-03 This volume examines the causes and purposes of post conflict violence The end of a war is generally expected to be followed by an end to collective violence as the term post conflict that came into general usage in the 1990s signifies In reality however various forms of deadly violence continue and sometimes even increase after the big guns have been silenced and a peace agreement signed Explanations for this and other kinds of violence fall roughly into two broad categories those that stress the legacies

of the war and those that focus on the conditions of the peace There are significant gaps in the literature most importantly arising from the common premise that there is one predominant type of post war situation This post war state is often endowed with certain generic features that predispose it towards violence such as a weak state criminal elements generated by the war time economy demobilized but not demilitarized or reintegrated ex combatants impunity and rapid liberalization The premise of this volume differs It argues that features which constrain or encourage violence stack up in ways to create distinct and different types of post war environments Critical factors that shape the post war environment in this respect lie in the war to peace transition itself above all the outcome of the war in terms of military and political power and its relationship to social hierarchies of power normative understandings of the post war order and the international context This book will of much interest to students of war and conflict studies peacebuilding and IR Security Studies in general

*Lebanon and the Split of Life* Meriam Soltan, 2024-05-14 This scholarly biography traces the life and art of Lebanese American neo expressionist Nabil Kanso 1940 2019 It explores key moments across the artist s transnational career by foregrounding his longest running internationally toured exhibition the Journey of Art for Peace 1985 1993 More specifically it traces the historical trajectory of his 10 28 mural scale painting Lebanon from the circumstances of its production at the height of the Lebanese Civil War in 1983 through its short lived exhibition history with the Split of Life series in the few years that followed The book scaffolds an understanding of the artist as an activist and works toward offering distinctly spatial readings of his painterly practice of which the act of bearing witness is highlighted as permeating the entirety of his oeuvre It concludes with a contemporary recontextualization of Lebanon in the country s current social political and cultural climate and emphasizes the artist s work as essential to the theorization of larger traditions of political and protest art The first of its kind and the result of a research fellowship wherein the author was invited to be the first to work through the artist s unpublished archive this book lays the groundwork for scholarship on the art of Nabil Kanso an essential yet hitherto unstudied pioneer of the neo expressionist art movement of the 1960s It draws extensively on primary source material including personal notes diaries sketchbooks correspondences paintings watercolors photographs recorded interviews and the like To best animate that source material within the context of this publication each chapter is prefaced with short narrative anecdotes inspired by the artist s personal notes to better ground the subsequent research and scholarship in the artist s own terms and experiences Born in Beirut Kanso like many of his generation would seek sought refuge abroad from political instability in his home country It is through this intrinsic proximity to yet physical distance from the cycles of violence and corruption in Lebanon that Kanso would go on to create his grandest greatest mural scale series This book more than anything explores the artist s oeuvre as an attempt to bear witness and offer testimony to those moments an inclination that would see the artist grapple with some of the most ferocious crimes against humanity committed throughout his lifetime As such this book pairs close readings of Kanso s art and personal practice with both historical and contemporary context

Varady,2017-06-21 This book offers a fresh perspective on the impact of the US intervention in Lebanon in 1982 and the decision making drivers that led the Reagan Administration into the Lebanese Civil War Based on newly released archival materials from high level Washington officials such as President Reagan Secretary of State Shultz and Secretary of Defense Weinberger it argues that the failure of the Reagan Administration to accurately understand the complex political landscape of the Lebanese Civil War resulted in the US led Multinational Force becoming militarily intertwined in the conflict This book challenges the notion that Reagan deployed US Marines under the ideals of international peacekeeping asserting that the US Administration hoped that the Multinational Force would create the political capital that Reagan needed to strengthen the US position both in the Middle East and globally Ultimately the peacemakers were forced to withdraw as they evolved into antagonists A case study in the foreign policy doctrines of key Washington decision makers throughout the 1980s this project is perfect for any International Relations scholar or interested reader seeking to understand the links between the mistakes of the Reagan Administration and contemporary US interventions in the Middle East The Evolving Arab City Yasser

*Ending Civil War* Matthew Preston, 2004-09-30 Matthew Preston returns politics to its

rightful place at the heart of the study of internal conflict Rejecting approaches that emphasise economics or ethnicity this comparative investigation of the wars in Rhodesia and Lebanon sets out the complex political dynamic that eventually produced the ultimately successful peace agreements of Lancaster House and Taif respectively It was a dynamic though in which the ebbs and flows of events at the negotiating table and on the battlefield played only a supporting role Rather more significant were power struggles within belligerent parties that brought consolidated yet unscrupulous leadership growing disempowerment and suffering of civilians of all communities and the acquisition and subsequent leverage over the belligerents by regional powers Yet the years of negotiation over seats in parliament failed to usher in a democratic era in either country Peace brought a de escalation in violence but the political struggle continued to be won decisively by Robert Mugabe s ZANU PF in independent Zimbabwe and by Syria and her allies in Lebanon At a time when Western leaders proclaim the political necessity of addressing failed states Ending Civil War provides a salutary reminder that the competing elites of those failed states possess their own political agendas ones frequently resistant to the command of great but distant powers The primary agendas of civil war in Rhodesia and Lebanon were not those of economic greed nor of ethnic hatred but of the age old phenomenon of the struggle for control of organisations of civilians and ultimately of the state The idioms of violence were those of the time cyclical bouts of fighting massacres assassinations and kidnappings but the deployment of limited violence for political ends was one which Carl von Clausewitz would clearly have recognised
