Estudio de las relaciones civiles militares en Venezuela desde el siglo XIX hasta nuestros días Inés Margarita Guardia Rolando, Giannina Olivieri Pacheco, 2016 **Militares y civiles** Arturo Bray, 1958 *Políticos y militares en Colombia* Javier Duque Daza, 2020-09-30 Este libro analiza dos eventos de la historia reciente del país en los que la inestabilidad política y el deterioro institucional alcanzaron su mayor expresión la toma del Palacio de Justicia por parte de una célula terrorista del grupo guerrillero M 19 en noviembre de 1985 y los nexos de la clase política con el narcotráfico que desembocó en el escándalo del Proceso 8000 entre 1994-1997 Además estudia por qué en Colombia en los momentos que parecían más propicios para que las Fuerzas Militares asumieran el control del poder político no ocurrieron golpes militares o intentos de golpes y por el contrario se mantuvo una democracia electoral

 Buttó, Frédérique Langue, 2006 *Debating Civil-Military Relations in Latin America* David R Mares, Rafael
 Martinez, 2013-09-01 The study of civil military relations in Latin America produced a rich debate and research agenda prior
 to 2000 But this agenda was largely abandoned during the past decade as the spectre of military dictatorship has virtually
 disappeared with the political role of the military in many countries dramatically diminished Indeed in no country that has
 initiated a process of holding the military accountable to civilian control has the military openly rebelled Yet the institutions
 and public attitudes that guarantee democratic civilian control of the military exist in a general context of political
 polarisation citizen insecurity and in many countries a sense of developing ungovernability The military coup in Honduras
 2009 the military response to the police rebellion in Ecuador 2010 and the speculation concerning the Venezuelan military's
 behaviour in the event that Hugo Chavez is incapacitated or dies 2013 demonstrates the relevance and importance of the
 civil military relationship today In this volume leading scholars from Latin America the U S and Spain debate the ability of
 contemporary Latin American civil military relationships to weather these challenges The authors examine new types of
 regimes the rise of participatory democracy new political orientations the renaissance of the Left in Latin America and new
 missions for the military Debate centres on the indicators to evaluate the level of consolidation of civilian control the manner
 in which these indicators are measured and the empirical ambiguities that arise These challenges must be confronted in
 order to effectively address the question of how much progress has been made in the region in subordinating the military to
 civilian control which countries are lagging behind and why Published in association with CILAS University of California San

 Micett, 2008 **La dictadura de Primo de Rivera en Almería (1923-1930). Nuevas leyes para un nuevo régimen**
 Pedro Martínez Gómez, 2006-01-11 En septiembre de 1923 el general Primo de Rivera encabeza un golpe militar que da paso
 a una Dictadura que se prolonga hasta enero de 1930 Si la sociedad española en su conjunto aprobó la solución militar ante el
 descrito de la política la sociedad almeriense vio como en los primeros meses el Directorio daba respuesta a las demandas
 económicas con la creación de la Comarca Oficial Uvera y la instalación de la Reserva Estratégica para el Ejército de Fricción Con la
 suspensión de las Cortes el régimen inicia una fase destructiva de la vieja política con el intento de dismantelar el caciquismo

rural al que considera el mal de España. Con la aprobación del R.D. de 30 de septiembre de 1923 la Junta de vocales asociados sustituye a los concejales electos. De inmediato los gobernadores civiles militares inician la depuración de alcaldes, concejales y secretarios municipales. En el caso de Almería las depuraciones son más estrictas de lo apuntado hasta el momento si bien siguen un modelo perfectamente definido por el que se aleja del poder municipal a quienes habían sustentado a los políticos cuneros favoreciendo de este modo a quienes durante años habían quedado marginados de la política provincial. Desde los primeros meses de 1924 el régimen entra en una fase constructiva encaminada a modernizar y mejorar el país a la vez que dotarlo de unos elementos ideológicos propios. Con la aprobación del Estatuto municipal en 1924 y el Estatuto provincial en 1925 se ponen las bases de una modernización de la administración local y provincial. Partiendo de un nuevo concepto más amplio de municipio y definiendo un modelo territorial propio en el que se rechaza la vía regionalista, los estatutos plantean una mayor autonomía política administrativa y económica respecto a la legislación municipal y provincial vigente hasta ese momento. Suspendida la novedosa e innovadora reforma electoral, las designaciones de concejales y diputados quedan en manos de los todopoderosos Gobiernos civiles que como en el caso de Almería en su mayoría están ocupados por militares y funcionarios. A diferencia de otras provincias en Almería los sectores católicos no acaparan el poder provincial hasta mediados de 1926 que quedan marginados inicialmente ante el prestigio económico y social del importante propietario banquero y comerciante Antonio González Egea. A la vez que las reformas de la hacienda municipal previstas en el Estatuto municipal permiten un aumento presupuestario en los presupuestos municipales, el incremento en los impuestos que recae sobre los ciudadanos provoca un malestar continuo que condiciona toda una inestabilidad política con la sucesión de tres alcaldes en la capital en apenas seis años. En la Diputación mientras el régimen se vanagloriaba de favorecer un aumento en los ingresos y una reducción en las aportaciones municipales, lo cierto es que las cantidades ingresadas por los ayuntamientos a la Diputación no descienden por la obligación de tener que hacer frente a las deudas pendientes entre 1917 y 1924. El aumento presupuestario posibilitado a través de presupuestos extraordinarios permite un aumento en la inversión provincial que se centra en la conservación y construcción de caminos vecinales. Con la Dictadura surge una nueva forma de caciquismo vinculada a un clientelismo de Estado y de partido, que prosigue durante el franquismo. Desde el Gobierno Civil se favorece a determinadas redes clientelares que a pesar del nuevo Reglamento de Secretarios municipales y las reformas en la justicia municipal siguen contando con estos importantes elementos de la estructura de poder local gracias a la irregularidades favorecidas desde el Gobierno Civil. A cambio estos poderes locales consiguen niveles elevados de afiliación a Unión Patriótica y el Somatén. La única obligación a la que tienen que hacer frente es la de mantener una desahogada situación presupuestaria en sus respectivos municipios ya que de lo contrario caen en Régimen de Tutela Económica. Con la Organización Corporativa Nacional puesta en marcha en 1926 el régimen da una respuesta propia a la lucha de clases. Se trata de un modelo corporativo propio, resultado del tradicionalismo español, el catolicismo social y el krausismo en un contexto de Estado
