*God's Warriors* Nilay Saiya, Associate Professor of Public Policy and Global Affairs Nilay Saiya, 2025-06-30 *God's Warriors* challenges the assumption that most religious violence stems from marginalized groups contending instead that dominant and privileged religious majorities are the primary source. As countries have developed alliances between historically and culturally dominant religious communities and the state they have emboldened extremists from privileged religious communities to attack minorities. This has produced a paradox of privilege which today afflicts all the major religious traditions around the world.

*The Idea of God* Kenneth A. Dobbs, 2020-11-20 What holds society together? How does civilization survive from collapsing in on itself? In this work Kenneth A. Dobbs describes how religion is the cause of civilization's rise and prosperity. Beginning with psychological theories on human nature Dobbs establishes that humanity needs the religious values of truth, beauty and goodness to flourish. He then proves this psychological theory by analyzing religion's role in the historical developments of civilization in Mesopotamia, Egypt, Jerusalem, Greece, Rome and Christendom. He also responds to rebuttals and objections against the thesis that religion is still necessary for modern civilization. *The Idea of God* explores the historical, political and philosophical implications of both the implementation and rejection of religion within human civilization. Dobbs articulates religion's necessary role in civilization while also provocatively predicting Western civilization's fate for rejecting religion: societal collapse. The book follows a long intellectual tradition of historians and philosophers who have argued a similar thesis including Polybius, St Augustine, Arnold Toynbee, Russel Kirk, Richard M. Weaver and Christopher Dawson. Dobbs reintroduces these classical ideas to the modern world.

In the book *Images Of Indian Goddesses* Dr Madhu Bazaz Wangu explains the emergence of Indian goddesses within the changing social, political and cultural environment from the prehistoric to the present times and explains their metaphysical meanings. Why are Hindu goddesses paradoxical in nature? Why are they portrayed as erotic and maternal simultaneously? Why do they have multiple arms? Each year about two million pilgrims from over 100 countries converge on the Islamic holy city of Mecca for the hajj While the hajj is first and foremost a religious festival it is also very much a political event No government can resist the temptation to manipulate the hajj for political and economic gain Every large Muslim state has developed a comprehensive hajj policy and a powerful bureaucracy to enforce it The Muslim world s leading multinational organization the Organization of the Islamic Conference has established the first international regime explicitly devoted to pilgrimage Yet Robert Bianchi argues no secular or religious authority national or international can really control the hajj State sponsored pilgrimage management consistently backfires giving government opponents valuable ammunition and allowing them to manipulate the symbols and controversies of the hajj to their own ends Bianchi has been researching the hajj for over ten years and draws on interviews with and data from hajj directors in five Muslim countries Pakistan Malaysia Turkey Indonesia and Nigeria statistics from Saudi Arabian hajj authorities as well as his personal experience as a pilgrim The result is the most complete picture of the hajj available anywhere and a wide ranging work on Islam politics and power God and Globalization: Volume 3 Max L. Stackhouse,Peter J. Paris,Diane Burdette Obenchain,2001-12-01 These volumes examine both the promise and the threat of globalization using the tools of theological ethics to understand and evaluate the social contexts of life at the deepest moral and spiritual levels **The Great War and the Death of God** Charles A. O'Connor,2014-04-07 A compelling analysis of how World War I spurred the rise of atheism and the subsequent effect on Western theology philosophy literature and art The catastrophic Great War left humanity in a world no longer trustworthy and reassuring but seemingly meaningless and indifferent Instead of redressing humanity s cosmic alienation postwar Western culture abandoned its concern for cosmic meaning lost its confidence in human reason and enabled the scientific worldview of neo Darwinian materialism to emerge and eventually dominate the Western mind According to the proponents of that worldview science is the only source of genuine truth nature is the product of a blind evolutionary process and reality at bottom is just physics and chemistry Thus God is dead and continued belief in a transcendentally purposeful universe is intellectually indefensible and either disingenuous or delusional By turning away from the eternal questions about the nature of reality Western culture effectively

ceded unwarranted credibility and prominence to neo Darwinian materialism including its recently strident New Atheism O Connor revisits the 20th century s journey from Nietzsche s declaration of the death of God to the rise of materialism as the dominant worldview of western intelligentsia We live in a world that has largely expelled both mind and meaning from the citadels of serious intellectual pursuit and O Connor s book is a fascinating and scholarly expedition into the how and why of that troubling development Carter Phipps author of Evolutionaries I found this topic to be top rate The book is well researched and conceived nicely narrated and analyzed and an original body of inquiry into a challenging fascinating intellectual tradition Ronald M Johnson Professor Emeritus of American History Georgetown University

**Guests of God : Pilgrimage and Politics in the Islamic World** Robert R. Bianchi Formerly Associate Professor of Political Science University of Chicago,2004-09-09 Each year more than two million pilgrims from over 100 countries converge on the holy city of Mecca to reenact the ritual dramas that Muslims have been performing for centuries Making the hajj is one of the most important duties in the life of a Muslim The pilgrimage and its impact on international politics is enormous and growing every year yet Westerners know virtually nothing about it What is the hajj and what does it mean Who are the hajjis What do they do and say in Mecca and how do they interpret their experiences Who runs the hajj and what are their political objectives How does the hajj encourage international cooperation among Muslims and can it also promote harmony between Islam and the West In Guests of God Robert R Bianchi seeks to answer these and many other questions While it is first and foremost a religious festival he shows the hajj is also very much a political event The Muslim world s leading multinational organization the Organization of the Islamic Conference has established the first international regime explicitly devoted to pilgrimage Every large Muslim nation has developed a comprehensive hajj policy and a powerful bureaucracy to enforce it Yet Bianchi argues no authority secular or religious national or international can really control the hajj Pilgrims believe that they are entitled to travel freely to Mecca as Guests of God not as guests of any nation or organization that might wish to restrict or profit from their efforts to fulfill a fundamental religious obligation Drawing on his personal experience as a pilgrim and a wealth of data gathered over the course of ten years of research Bianchi has produced a fascinating look at the hajj filled with personal candid stories from political and religious leaders and hajjis from all walks of life A wide ranging study of Islam politics and power Guests of God is the most complete picture of the hajj available anywhere

**The Kingdom of God Is Green** Paul Gilk,2012-09-21 In the early 1970s living in inner city St Louis Paul Gilk asked his friends to explain why small farms were dying The answers did not satisfy Years of study followed Through the reading of history Gilk began to grasp the origins of both horticulture and agriculture their blossoming into Neolithic agrarian village culture and the impoundment of the agrarian village by bandit aristocrats at the formation of what we now call civilization Getting a grip on the relationship between agriculture and civilization was one thing but as a person strongly influenced by Gospel stories Gilk also wanted to know what the connection might be between the kingdom of God proclamation in the canonical Gospels and

the peasant world from which Jesus arose Aided in his thinking by the works of biblical scholars Marcus Borg and John Dominic Crossan Gilk began to realize that the kingdom of God was both a harkening back to the peace and freedom of precivilized agrarian village and a revolutionary anticipation of a postcivilized village mindedness organized organically on the basis of radical servanthood and radical stewardship We are Gilk says entering the dawn of this Green culture simultaneously with the deepening of civilized world disaster *The Destiny and Signs of God* Ionel Rotaru,2024-10-08 In the Book *The Destiny and Signs of God* Spiritual Psychoanalysis the author makes an analysis of his life through the lens of which he tries to convey to the reader God s way of communicating with each of us His life experience is like a model for every reader to learn to communicate with the Universe God directly without interpreters and without intermediaries a unique and personal communication with the Universe from the entire Universe *The Destiny and Signs of God* contains a poignant set of addictively chronicled teachings about our communication with God in person and shows how we can mobilize ourselves to get the answers to so many situations in our lives Who are we Where do we come from and where do we go How can the paths we choose determine the destiny of our lives In this book you will find specific solutions to save yourself and our civilization from the nightmare of the material life This book makes the connection between science and the Kingdom of Heaven So far our civilization has developed only one method of communication OUR EVERYDAY INTERPERSONAL COMMUNICATION Time has come for all of us to learn a second method of communication to commit our thoughts to COMMUNICATING WITH THE UNIVERSE This book is a new vision of ourselves and the whole universe The author a psychiatrist has described a new form of psychoanalysis known as spiritual psychoanalysis through which the reader will discover a way of communicating with the universe the signs of God as well as a new form of thinking spiritual thinking By interacting with the Universe we communicate with God and God is THE ONLY ONE in the Universe WHO can give us the best advice regarding our choice to build up our destiny and secure ourselves with a sound and continuous evolution
