The Crime of Huey Dunstan James McNeish, 2010-06-18 A topical and compelling novel exploring the twin enigmas of buried memory and provocation How do I describe him Bubbly mischievous Surly uncooperative Happy go lucky straightforward Devious calculating Professor Chesney Ches for short recalls a court case in which he was an expert witness At its centre is Huey Dunstan a young man accused of murdering a taxi driver in cold blood Ches called in to try to determine the motivation behind this uncharacteristic act of violence is at first baffled by an ordinary unassuming polite young man who seems determined at all costs to incriminate himself The crux of the case involves the twin enigmas of buried memory and provocation both contentious elements that require risk taking at the edge of New Zealand law But Ches is no foreigner to dilemmas of this kind he is a trained psychologist specialising in trauma and he is blind This is a compelling beautifully written novel It is both emotionally engaging and thought provoking an important insight into the workings of the law and of humanity A tale told with such beguiling modesty that its toughness maturity and emotional power will take you by surprise Helen Garner
