[The Poseidon Project](#) David Bosco, 2022 In The Poseidon Project David Bosco tells the story of how rulers merchants navies environmentalists and activists have struggled to craft rules for the oceans From the Dutch challenge to the Portuguese in the 17th century to the current turmoil in the South China Sea it tracks the tension between efforts to control maritime space and the idea that the oceans should be unowned and open to all

The Situation Lila Glasoe Francese, 2020-05-05 The Situation A Radical Journey Thru Sisterhood is an intimate portrayal of two sisters Carolyn and Lila whose lives are deeply intertwined over forty years The official FDNY response time to 9 11 was five seconds Five seconds That's how long it took for FDNY for NYPD for Port Authority EMS to respond to an urgent need from the public Five seconds Hundreds died in an instant Thousands more poured in to continue to fight for their brothers and sisters The breathing problems started almost immediately and they were told they weren't sick they were crazy And then as the illnesses got worse and things became more apparent Well okay you're sick but it's not from the pile And then when the science became irrefutable Okay it's the pile but this is a New York issue I don't know if we have the money And I'm sorry if I sound angry and undiplomatic But I'm angry and you should be too and they're all angry as well and they have every justification to be that way Your indifference cost these men and women their most valuable commodity time It's the one thing they're running out of Jon Stewart's testimony before Congress Jon Stewart's testimony before Congress reminded America in scathing terms of their responsibility to 9 11 first responders but the effects of that day spread to nearby residents as well Carolyn Glasoe Bailey owned an art gallery in lower Manhattan and years later in Los Angeles she was diagnosed with brain cancer Her doctors told her it was mostly likely due to her proximity to Ground Zero When Jon Stewart took to CSPAN it moved Lila Glasoe Francese her sister to finally release the book she wrote about Carolyn's journey When Carolyn is diagnosed with glioblastoma brain cancer Lila is unaware of the complexity of the diagnosis and unprepared for the devastating path to come When she was told she had cancer Carolyn opted into treatment even knowing it might change her personality At that time Lila went to search for a book to help her understand what her sister was going through and

what her family should expect She couldn't find anything to support her So she wrote the book she needed at the time to support others in their own journey The Situation takes readers on an emotional and intense journey that explores the lifelong bond between siblings and the aching loss of deep relationship Like When Breath Becomes Air by Paul Kalanithi and Being Mortal by Atul Gawande it deals intimately with the choices terminal patients face and the effect of those choices on those who love them

Micromodels-Volume 1 Markus Christl,Thorsten Feuchter,Harry Jacobsen,Andreas Rackel,Dirk Stukenbrok, On the road and off road on and under water and even in the air micro models can do everything like the big ones Since miniaturised electronic components tiny motors and the smallest batteries have been available it is possible to build remote controlled models even in H0 scale They can drive fly or swim can be steered have indicators headlights and blue lights compete in four wheel drive truck trials or dive in the aquarium The authors all pioneers of this new fascinating hobby show here how to get from the simple conversion of a commercially available model to the realisation of a wide range of special functions to the high school of micromodelling There are detailed building descriptions richly illustrated with more than 200 illustrations for a truck with refinances a bulldozer with crawler tracks a Unimog for road and rail a landing ship a research submarine a twin engine aircraft and several more In addition there are explanations of the basic electrical and electronic components as well as sources of supply and useful tips and tricks for the workshop because micromodelling requires special knowledge and skills Discover a new challenge for talented tinkerers micromodelling
