Grenz,1996 With a passion for communicating to today s postmodern generation Grenz uses the resources of the biblical message the heritage of the church and the thought forms of our culture as tools to construct a helpful theology that is biblical historical and contemporary With the goal of offering a systematic statement of the faith in a manner that can speak to contemporary culture he centers his reflections around the concept of community This focus encapsulates the biblical message stands at the heart of the church s theological heritage and speaks to the needs of people in today s world Features illustrations and sidebars November 98 publication date Copyright Libri GmbH All rights reserved *The Crisis of Conversion* J. August Higgins,2024-06-25 This book attempts to identify a central problem within the North American evangelical imagination around the issue of religious experience and its relationship to the basic hermeneutical stance of biblical and theological interpretation The relatively recent emergence of the academic discipline of Christian spirituality offers a new set of methodological insights that may help to mediate the theological impasse between more conservative and progressive perspectives concerning the appropriate role of human experience for evangelical thought and practice Specifically we will explore the experience of religious conversion that lies at the center of evangelical spirituality in critical dialogue with the challenges and opportunities brought about by recent philosophical discourse and the postmodern turn variously understood

Embedded Faith Carlton Johnstone,2013-12-04 *Embedded Faith* explores the way Christian faith journeys of young adults are embedded within church communities It discusses why young adults go to church why they change churches why some are involved in the practice of church two timing and what they are looking for in a church *Embedded Faith* also provides valuable insight into the relationship between geographic mobility and belonging to a faith community in a transient age *Embedded Faith* discusses areas where young adults are engaging and disengaging with church life such as preaching and worship It addresses how stage of life transitions and life experience impact on one s experience and involvement in church This book will enable anyone working with young adults in a church context to give shape to a ministry that is more

sensitive and connected to the realities faced by young adults and will call you to the importance of listening to the lived experience of young adults as it relates to faith and church *Ecologies of Faith in a Digital Age* Stephen D. Lowe, Mary E. Lowe, 2018-06-19 Many Christian institutions have embraced new technologies especially online education But is it possible for us to grow spiritually through our digital communities Steve Lowe and Mary Lowe longtime proponents of online education trace the motif of spiritual growth through Scripture and consider how students and professors alike might foster digital ecologies in which spiritual transformation can take place **Approaching the World's Religions, Volume 2** Robert Boyd, 2017-06-20 Evangelical theology strives to be evangelical conservative and contemporary In a world in which everyone is Christian evangelical theology provides a balanced position between fundamentalism and liberalism While theological debates within the family will occur to be evangelical is a breath of fresh air for many However we do not live in such a world We do find ourselves living in a secular global society It is secular because no religious organization dictates how we live our lives It is global for at least two reasons First our technology brings us immediately in contact with those faraway places Second and of more importance we can simply step outside our front doors and encounter our neighborhoods that reflect a global pluralism This raises the question how shall we then live The intent of *An Evangelical Theology of Religions* is to suggest a direction for evangelicals to think about the secular global society in which they live in a way that is not only conservative but also evangelical and contemporary The final essay strives to address the evangelical aspect of our tradition that places an emphasis on the Great Commission and the law of love **Beyond 400** David J. Cohen, Michael Parsons, 2011-01-01 This volume deals with the varied forms of shame reflected in biblical theological psychological and anthropological sources Although traditional theology and church practice concentrate on providing forgiveness for shameful behavior recent scholarship has discovered the crucial relevance of social shame evoked by mental status adversity slavery abuse illness grief and defeat Anthropologists sociologists and psychologists have discovered that unresolved social shame is related to racial and social prejudice to bullying crime genocide narcissism post traumatic stress and other forms of toxic behavior Eleven leaders in this research participated in a conference on The Shame Factor sponsored by St Mark's United Methodist Church in Lincoln NE in October 2010 Their essays explore the impact and the transformation of shame in a variety of arenas comprising in this volume a unique and innovative resource for contemporary religion therapy ethics and social analysis *The Johannine Gospel's Concept of Community* Godibert Kelly Gharbin, 2025-05-27 The Johannine Gospel's Concept of Community takes an interdisciplinary approach to contextualizing the New Testament in an African milieu which helps Johannine scholarship intersect with Akan anthropology and sociology through a tripartite frame of interpretation a narratological analysis of community oriented narratives in John the exegesis of the Akan concept of community encapsulated in their proverbial lore the anthology of inestimable information about the Akan conceptualization of communitarianism and an engagement between the two conceptual schemes through an intercultural reading The methodological principles utilized

foster a cross pollination of ideas between the Johannine characterization of a community of God and the community concept present in Akan maxims This allows the Akan concept of communitarianism to enrich the reader s understanding of the text It also allows John s theology of community revealed in what Jesus epitomizes prescribes and proscribes for the believing community to serve as a form of discernible evaluation for Akan and other believers on the modus vivendi redolent of a believing community In the end it forces a redefinition of community replacing the anthropocentric individualistic and acquisitive elements that have typified the human community with a theocentric and authentically collectivist approach

Uncommon Unity Richard Lints, 2022-10-19 A crucial book Timothy Keller Our world is facing increasing hostilities Political and cultural differences rage even among people who otherwise show goodwill And the church is no stranger to extreme polarization theological backbiting and political squabbling Jesus s prayer in John 17 that the church be one as he and the Father are one seems increasingly unattainable But what if Scripture actually provides the key for thinking about unity in diversity In *Uncommon Unity: Wisdom for the Church in an Age of Division* Richard Lints explores the nature of diversity and how Christians can think more clearly about unity in an increasingly polarized age Drawing on theological historical and sociological resources Lints exposes problems with the inclusion narrative of democracy and shows a better way forward for fostering unity in the midst of extreme diversity If we are to think rightly about diversity wisdom is required for the church in our late modern world Through wisdom Christians can display real unity in diversity and bear witness of the God who made them for himself as diverse members of his one body Readers of *Uncommon Unity* will be heartened that Scripture and Christian tradition provide an antidote to division

An Ordinary Mission of God Theology Andrew R. Hardy, 2022-04-13 The mission church literature seems to be dominated by idealized conceptions of the benefits of equipping congregations to participate in local mission work This investigation challenges this idealism by paying critical attention to congregants ordinary theologies that develop in reaction to the communication of *Missio Dei* theology to them Their voices are absent from the formal literature The study employs rescripting methodology to modify key assumptions made in the formal ecclesiological literature by drawing on insights that come from Christians ordinary theological voices The study traces how the introduction of a *Missio Dei* theology to a British Reformed congregation had a significant impact on them A small team of Christian leaders communicated *Missio Dei* theology to this church over a period of six years It found that mission changes came at substantial personal cost to the church s members 1 a schism occurred when congregants attempted to remove the leader responsible for these changes from his office as church pastor and a third of congregants left the church because they did not want to embrace the church s new mission identity 2 three divergent groups then emerged two of them wanted different kinds of churches that seemed incompatible 3 two thirds of members supported and participated in the church s mission activities which put strains on some of their families 4 unresolved tensions continued to impact the congregation throughout the whole change process 5 unexpectedly for a Reformed church a third group made up

of women developed prophetic practices that arose due to the mediation of Missio Dei theology. Vitally, this thesis challenges the notion that helping churches to become mission focused will make them thrive.

Approaching the World's Religions, Volume 1 Robert Boyd, 2017-05-04 Philosophically Thinking about World Religions is different from other works in the discipline today. It deviates from the typical approaches used for the study of world religions. Its goal is to engage readers in thinking hard about world religions, not about the data surrounding those traditions. By focusing on philosophical questions, each reader should be challenged to do their own investigations that may reveal the heart of these traditions. Another stance that this project takes that distinguishes it from other texts in the discipline is that it advocates an inclusivist perspective regarding the world religions. Pluralism, which is the predominate assumption today, ends either in contradiction or in the development of a metatheory that dismisses crucial distinctions between the various traditions or eliminates some ancient religions because they do not fit the metatheory. By taking an open inclusivist approach, all religious traditions may engage at the table of dialogue. The final essay is about justice and social affairs. While that discussion is couched within the context of a particular tradition, each religious tradition must have the discussion. But it must be more than an intrareligious dialogue; it must become an interreligious dialogue.

The Healing Spirit Leo O. Stossich, 2019-02-26 This book traces the journeys of seven victims of childhood sexual abuse who have experienced recovery through the activity of the Holy Spirit within the context of the local church. These recovered victims have been enabled to move beyond the devastation of abuse by others whom they trusted to a place of emotional and psychological stability, appropriate sexual intimacy with their spouses, and a growing level of spiritual maturity. While the Christian community has been slow to grasp the severity and extent of the problem or to provide the healing resources of the gospel, some victims have found recovery in local churches. The author has undertaken in-depth interviews to elicit and explore the narratives of their journeys from woundedness to well-being. These narratives are an important source of information on the activity of the Holy Spirit in healing. While the Spirit is an entity hidden to us, the author has explored the experiences of seven recovered victims to disclose meaning for the work of the Spirit in all areas of Christian ministry.

The Community of the Weak Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale. Both in the academy and in the public square, as well as in the manifold local and pastoral moments of ministry and community social activism, the social, the postmodern, and the theological intermingle in engaging and border-crossing ways. The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch, using jazz as a metaphor, writing ethnographically messy texts out of the personal windows of lived experiences, combining fragments of autobiography with theological reconstruction. A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts. The author proposes a systematic and fundamental theology that is more jazzy, global, and narrative.

deeply embedded in pastoral ministry to tell its postmodern story *The Mind of a Leader* Bruce E. Winston, 2022-08-11 This edited collection examines the mind of leaders throughout the Bible to understand how thoughts and behaviors can support or sabotage leadership efforts It is divided into three parts the first part addresses thinking influence and communicating through the theoretical lenses of humility metacognition and personal well being Part Two addresses managing motivating and change through the theoretical lenses of leader follower relationships and Lewin's change model Finally Part Three addresses ethics service and character through the theoretical lenses of participative leadership inclusivity resilience and mentoring Each chapter uses a biblical example to demonstrate the role of the mind in the effectiveness of different leaders This volume will serve as a valuable resource to researchers interested in leadership studies particularly those examining the biblical perspective **Paul, the Community, and Progressive Sanctification** James M. Howard, 2007 What role does the Christian community play in the process of growing in Christian maturity This book argues that in Pauline theology the redeemed community is a necessary means for the progressive sanctification of the individual believer an idea that is largely misunderstood in parts of the Western church It evaluates foundational theological considerations traditionally omitted from sanctification studies and places them within the context of Pauline theology Included are the missiological nature of holiness the initiatory character of God the creation of the new humanity as reflecting the image of God and the impact upon the church resulting from the radical redefinition by Christ of the cultural symbols surrounding the Jewish temple system This book offers a corrective to the individualized approach to Christian growth For Paul the focus of God's transformative activity culminates with the community rather than the individual the goal of which is to reveal God's glory to the broader creation *In Praise of Worship* David J. Cohen, Michael Parsons, 2010-06-01 Drawing together scholars from fields of biblical studies systematic theology liturgics and pastoral theology In Praise of Worship questions an overemphasis on singing and music alone as worship in today's church Whilst not minimizing moments of conscious and deliberate worship the authors show that according to a close reading of Scripture and a clear understanding of theology the whole of our lives is to be considered as worship glorifying to the Lord who deserves such honor Contributors Nancy Ault Alastair Campbell David J. Cohen David G. Firth Travis Fitch Michael W. Goheen Stephen Haar Brian S. Harris Chris Jack Angela McCarthy Alan Niven John W. Olley Michael O. Neil Robin Parry Michael Parsons Michael J. Quicke **Our Father, Our Teacher** Christopher J. Reeves, 2022-09-16 From the beginning God created men and women in his own image as the objects of his love His intention has been to father mankind raising us as his children While the intimacy of this relationship was broken through the fall our Father has never stopped loving us His faithful lovingkindness is unchanged And through Jesus we not only see the intimate relationship of Father and Son as the divine pattern but we find ourselves restored as children in his household Through Jesus we can experientially live in relationship with our Father and through the working of the Holy Spirit within affectionately call him our Abba The greatest opportunity is now afforded to us

to walk in loving intimacy with our Father as he raises us teaches us his ways and matures within us his divine nature of other centered love Our Father Our Teacher is a biblical exploration of how God is drawing men and women to himself in an experiential relationship of love and learning **Reframing Paul** Mark Strom,2000-10-12 Mark Strom unveils Paul in his original context and invites us to engage with him in new terms He courageously draws Paul into vital conversation with contemporary evangelicalism This book is for anyone who wants to learn how the church can be an attractive community of transforming grace and conversation
