Equally important, the book examines meanings about teachers that circulate in the culture through fiction, biography, and talk. Synthetic and well-written with a fine sense of historical and empirical detail and an equally fine sense of what is at stake politically and educationally in education today, the book is an important contribution to our understanding of gender relations in education. Michael W Apple, The University of Wisconsin-Madison. This book is a valuable contribution to our understanding of the way conceptions of gender have shaped school practices. Kathleen Weiler Tufts University. Biklen's qualitative sources provide rich insights, and her blend of sociology and history offers a fresh conceptual approach. *History of Education Quarterly*. *Indian Prehistoric Archaeological Anthropology* Gaya Pandey, 2020-01-01 The book *Indian Prehistoric Archaeological Anthropology* is a valuable contribution in describing sites, industries, traditions, and cultures of our those ancestors who were struggling hard for their survivals as hunters, gatherers, cave dwellers, and parasite on nature, particularly forest.
