Creating The Constitution:

Creating Constitutional Change Gregg Ivers, Kevin T. McGuire, 2004 Because the justices of the U S Supreme Court interpret the Constitution their decisions can create constitutional change For quite some time general readers interested in understanding those changes have not had access to a concise volume that explores the major decisions through which those changes occur In order to make a wide range of decisions more comprehensible Gregg Ivers and Kevin T McGuire commissioned twenty four outstanding scholars to write essays on a selected series of Supreme Court cases Chosen for their contemporary relevance most of the cases addressed in this informative reader are from the last half century extending right up through Bush v Gore and the 2003 Michigan affirmative actions cases Unedited summary from paperback cover **U.S. Constitution Thematic Unit** Mary Ellen Sterling, 1994-03 Reproducible pages designed to teach children about the United States Constitution through a language arts approach **Transnational Constitution Making** Alicia Pastor y

Camarasa, 2024-06-14 This book examines the largely neglected but crucial role of transnational actors in democratic constitution making The writing or rewriting of constitutions is usually a key moment in democratic transitions But how exactly does this take place Most contemporary comparative constitutional literature draws on the concept of constituent power the power of the people to address this moment But what this overlooks this book argues is the important role of external transnational actors who tend to play a crucial role in the process Drawing on sociolegal methodologies but informed by new legal realism this book develops a new theoretical framework for examining the involvement of such actors in constitution making Empirically grounded the book uncovers a more comprehensive picture of how constitution making unfolds on the ground Illuminating the power dynamics at play during the legal process it reveals not only the wide range of external actors involved but also the continuity between decolonisation and post Cold War constitution making This book the first to provide an in depth examination of external actor involvement in constitution making will appeal to scholars of constitutional law sociolegal studies law and development and transitional justice **Comparative Constitution Making**

David Landau, Hanna Lerner, 2019 Recent years have witnessed an explosion of new research on constitution making Comparative Constitution Making provides an up to date overview of this rapidly expanding field p p1 margin 0 0px 0 0px 0 0px font 10 0px Arial *Pure Theory of Law* Hans Kelsen, 2022-05-13 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1967

Deciphering the Genome of Constitutionalism Ran Hirschl, Yaniv Roznai, 2024-03-21 Offers an extensive theoretical comparative normative and empirical account of the concept of constitutional identity **On Muslim Democracy** Rached Ghannouchi, 2023 This work presents essays by Rached Ghannouchi a prominent Muslim thinker and politician on the

meaning of freedom democracy pluralism and constitutionalism in Islam reflecting a turn in Islamist thought and practice towards embracing pluralist democracy It makes available a number of Ghannouchi s most important essays for the first time The book also includes a lengthy philosophical theological dialogue between Ghannouchi and Andrew March an American political theorist

Peopling the Constitution John E. Finn, 2014-03-24 The U S Constitution begins with the soaring words We the People but we the people have little to do with the document as most of us have come to know it When most people think of the constitution they think of it as a legal instrument the province of judges and lawyers who alone possess the expertise and knowledge necessary to discern its elusive and complex meaning This book outlines a very different view of the Constitution as a moral and philosophical statement about who we are as a nation This Civic Constitution constitutes us as a civic body politic transforming the people into a singular political entity Juxtaposing this view with the legal model the Juridic Constitution John E Finn offers a comprehensive account of the Civic Constitution as a public affirmation of the shared principles of national self identity and as a particular vision of political community in which we the people play a significant and ongoing role in achieving a constitutional way of life The Civic Constitution is the constitution of dialogical engagement of contested meanings of political principles of education of conversation Peopling the Constitution seeks nothing less than a new interpretation of the American constitutional project in an effort to revive a robust understanding of citizenship It considers the entire constitutional project from its founding and maintenance to its failure with insights into topics ranging from the practice of deliberative democracy and the meaning of citizenship to constitutional fidelity civic virtue the separation of powers federalism and constitutional interpretation The Civic Constitution in Finn s telling is primarily a political project requiring an active engaged and most importantly constitutionally educated citizenry committed to the civic virtues of civility and tending When we as citizens are unwilling or unable to tend to and sustain the Constitution and when constitutional questions reduce to legal questions and obscure civic interests constitutional rot results And in post 9 11 America Finn argues constitutional rot has begun to set in With its multi dimensional vision of constitutional governance Finn s book stands as a corrective to accounts that locate the Constitution in and conceive it essentially as a legal instrument making a powerful and impassioned argument for restoring the people to their rightful place in the politics and practice of the Constitution

Creating the Constitution John P. Kaminski, Richard Leffler, 1991
