Export Strategy: Markets and Competition (RLE Marketing) Nigel Piercy, 2014-09-15 This book offers management students and managers new insights by approaching exporting from the perspective of marketing planning rather than the mechanics of export practice The author evaluates the widely recommended strategy of key market concentration showing its weaknesses and the flaws in the supporting evidence The book provides the reader with a framework for making an explicit and informed choice between the real market options faced in practical export situations which takes into account the many company and market factors shaping such strategies Closely related to market strategy is the competitive base for a company's exporting particularly in balancing price and non price forms of competition and this is assessed in the second part of the book

The Oxford Handbook of Strategic Sales and Sales Management David W. Cravens, Kenneth Le Meunier-FitzHugh, Nigel F. Piercy, 2012-11-22 The Oxford Handbook of Strategic Sales and Sales Management is an unrivalled overview by leading academics in the field of sales and marketing management Sales theory is experiencing a renaissance driven by a number of factors including building profitable relationships creating delivering brand value strategic customer management sales and marketing relationships global selling and the change from transactional to customer relationship marketing Escalating sales and selling costs require organisations to be more focused on results and highlight the shifting of resources from marketing to sales Further the growth in customer power now requires a strategic sales response and not just a tactical one The positioning of sales within the organisation the sales function and sales management are all discussed The Handbook is not a general sales management text about managing a sales force but will fill a gap in the existing literature through consolidating the current academic research in the sales area The Handbook is structured around four key topics The first section explores the strategic positioning of the sales function within the modern organisation The second considers sales management and recent developments The third section examines the sales relationship with the customer and highlights how sales is responding to the modern environment Finally the fourth section reviews the internal composition of sales within the organisation The Handbook will provide a comprehensive introduction to the latest research in sales management and is suitable for academics professionals and those taking professional qualifications in sales and marketing
