Creating The Technical Report:

Monthly Catalog of United States Government Publications, 1983 **USDA Forest Service General Technical Report NC.**, 1979 *Affective, Interactive and Cognitive Methods for E-Learning Design: Creating an Optimal Education Experience* Tzanavari, Aimilia, Tsapatsoulis, Nicolas, 2010-01-31 This book focuses on the study and application of human computer interaction principles in the design of online education Provided by publisher The Naval Institute Guide to Naval Writing, 4th Edition Christopher E Crane, Estate of Robert E Shenk, 2024-06-01 With updates to every chapter this new fourth edition serves as the premier guide to professional writing for the naval services Authored by a naval officer who taught English at two service academies the book is widely used by officers enlisted men and women and civilians in both the Navy and Marine Corps Shenk provides sound practical advice on all common naval writing assignments across digital and print platforms Fully revised the book reflects the changing landscape of professional communication in general and changes in naval culture in the last decade across the fleet making it an essential guide **Resources in Education**, 1998

Building Surveys and Reports James Douglas, 2010-12-13 This book provides guidance on building survey work for typical residential commercial and industrial buildings with advice on how to diagnose a wide range of defects It considers both modern and older construction methods together with new and traditional materials The particular problems of alteration and renovation work are discussed with guidance on how to carry out measured surveys A separate chapter covers survey problems after flood and fire damage and the legal section takes account of recent developments in case law relating to inspections and surveys of properties This new edition continues to provide a thorough treatment of all the key issues relating to surveying buildings dealing with the problems that surveyors are likely to encounter when inspecting buildings Changes for the new edition include Examples and references have been updated Evaluation of condition rating systems for domestic and commercial buildings A new section on the home condition reports More information on slate defects Bibliography revised and expanded to make it more comprehensive Additional appendix showing the home condition report format **A Better Way to Build** Michael R. Adamson, 2013-01-15 While architects have been the subject of many scholarly studies we know very little about the companies that built the structures they designed This book is a study in business history as well as civil engineering and construction management It details the contributions that Charles J Pankow a 1947 graduate of Purdue University and his firm have made as builders of large often concrete commercial structures since the company's foundation in 1963 In particular it uses selected projects as case studies to analyze and explain how the company innovated at the project level The company has been recognized as a pioneer in design build a methodology that involves the construction company in the development of structures and substitutes negotiated contracts for the bidding of architects plans The Pankow companies also developed automated construction technologies that helped keep projects on time and within budget The book includes dozens of photographs of buildings under construction from the company's archive and

other sources At the same time the author analyzes and evaluates the strategic decision making of the firm through 2004 the year in which the founder died While Charles Pankow figures prominently in the narrative the book also describes how others within the firm adapted the business so that the company could survive a commercial market that changed significantly as a result of the recession of the 1990s Extending beyond the scope of most business biographies this book is a study in industry innovation and the power of corporate culture as well as the story of one particular company and the individuals who created it
