Creation of the American Empire Lloyd C. Gardner, Walter LaFeber, 1933 **Creation of the American Empire** Lloyd C. Gardner, Walter LaFeber, Thomas Joseph McCormick, 1973 Creation of the American Empire Lloyd C. Gardner, Thomas J. McCormick, Walter LaFeber, 1976 **The Untold History of the United States** Oliver Stone, Peter Kuznick, 2013-10-15 Companion to the documentary series of the same name **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1975 *American Book Publishing Record Cumulative, 1950-1977* R.R. Bowker Company. Department of Bibliography, 1978 **The United States in Central America, 1860-1911** Thomas David Schoonover, 1991 In a work of unprecedented scope Thomas D Schoonover combines exhaustive multicountry archival research with a sophisticated theoretical framework grounded in world systems theory to elucidate the relations between the United States and Central America in the late nineteenth and early twentieth centuries Schoonover's archival research in Central America Europe and the United States encompasses public business organizational and individual records In analyzing this material Schoonover applies a world systems theory approach with that of social imperialism and dependency theory to underscore the broad multistate dimension of international affairs In exploring the international history of Central America Schoonover describes the role of personalities such as John C Fr mont Otto von Bismarck Theodore Roosevelt Manuel Estrada Cabrera and Jos Santos Zelaya the impact of railroad building and canal projects and the role of pan Americanism nationalism racism and anti Americanism **American Empire** Neil Smith, 2003-03-19 Roosevelt's Bowman was present at the creation of U S liberal foreign policy **Writings on American History, 1962-73**, 1985 This book provides a comprehensive listing of the book length works published from 1962 to 1973 that are relevant to the study of American history and is organized into a subject classification system This bibliography gives access to over 50 000 works on the history the geography and the political social and economic aspects of the United States its people its government and its institutions The entries cover the entire area now within the United States or under its jurisdiction ranging from prehistoric times to 1973 Introd

Choosing War Douglas Carl Peifer, 2016 In Choosing War Douglas Carl Peifer compares the ways in which different presidential administrations have responded when American lives were lost at sea Jacket **America's Strategy in a Changing World** Sean M. Lynn-Jones, Steven E. Miller, 1992 Del 1 America's Strategic options in a Changing Security Environment Del 2 Dimensions of U S Strategy after the Cold War **US Foreign Policy** Michael Cox, Doug Stokes, 2018 Critical and connected brings together diverse political perspectives from the world's leading experts giving students the tools to critically evaluate America's ever changing role in international politics and to connect theory to real events The American Approach to Foreign Affairs Roger S. Whitcomb, 2001-02-28 America's foreign relations tradition for all its successes has not always served the American people well Utilizing tradition as a framework of analysis of the historic American approach to foreign affairs this book critically examines the country's international conduct over time leading to a

number of provocative and controversial conclusions The first section deals with ideas ideals and ideology in American history that provide a context and value structure that have long conditioned the American people s conception of the world The second part critically examines the problematic American national style of interacting with others The nation s parochial approach to problem solving is explicated in the third section The fourth part centers upon the country s historic isolationist interventionist impulse a two sided often contradictory dynamic The fifth section is an extended analysis of the country s approach to alliance building after World War II as a case study of its approach to foreign affairs in the past The final section proposes that America s traditional values and decision making style have often been incompatible and this contradiction has brought forth the exorcising role of violence in American s relationships with others Democracy as a Way of Life in

America Richard Schneirov,Gaston A. Fernandez,2013-10-01 The United States is a nation whose identity is defined by the idea of democracy Yet democracy in the U S is often taken for granted narrowly understood and rarely critically examined In *Democracy as a Way of Life in America* Schneirov and Fernandez show that much more than a static legacy from the past democracy is a living process that informs all aspects of American life The authors trace the story of American democracy from the revolution to the present showing how democracy has changed over time and the challenges it has faced They examine themes including individualism foreign policy the economy and the environment and reveal how democracy has been deeply involved in these throughout the country s history *Democracy as a Way of Life in America* demonstrates that democracy is not simply a set of institutions or practices such as the right to vote or competing political parties but a complex multi dimensional phenomenon whose animating spirit can be found in every part of American culture and society This vital and engaging narrative should be read by students of history political science and anyone who wants to understand the nature of American democracy *Resistance to the Spanish-American and Philippine Wars* Charles Quince,2017-10-18

Following the sinking of the USS Maine in Havana Harbor in 1898 pro war arguments in the American press led public opinion to favor engaging in the Spanish American War or so goes the popular version of events Yet there was a substantial anti imperialist segment of the public that tried to halt the advance towards conflict Drawing on contemporary sources the author analyzes the anti war arguments that preceded the Spanish American War and continued during the war in the Philippines News articles letters to editors opinion pieces and the yellow journalism of the day show how anti war groups ultimately failed to stop a war with Spain **Thinking Otherwise** Susan A. Brewer,Richard H. Immerman,Douglas

Little,2024-10-15 *Thinking Otherwise* addresses the question of what makes a great historian by exploring the teaching and scholarship of Walter LaFeber widely acclaimed as the most distinguished historian of US foreign relations This volume of essays edited by Susan A Brewer Richard H Immerman and Douglas Little is a testament to a scholar who published more than a dozen books during his time at Cornell University where he delivered legendary lectures for half a century The chapters trace LaFeber s journey as a scholar and demonstrate his enduring influence on the history of US foreign relations

by linking six of his monographs to his abiding concern about the fate of the American experiment from the 18th century to the present Thinking Otherwise explains and assesses the scholarship of a historian whose work became canonical in his lifetime and continues to resonate throughout public policy debates *Bridging the Gap Between Rich and Poor* Nathan Godfried, 1987-10-05 A very welcome addition to the largely scarce literature on the history of Middle Eastern US relations in the area of economic development Choice Although the United States economic relations with the Third World have gone through various phases as political and fiscal conditions have shifted Dr Godfried contends that the main policy outlines established in the Middle East in the 1940s have dominated the American approach to Third World development ever since His careful analysis of the issue traces the U S role in the North South conflict over economic development and shows how U S development policy evolved during and after World War II with particular reference to the Arab Middle East

Turkish-American Relations, 1800-1952 Şuhnaz Yilmaz, 2015-03-02 This book aims to take the reader on a journey along the intricate web of Turkish American relations It critically examines the process during which the relations evolved from those of strangers into an occasionally troubled yet resilient alliance Through the extensive use of Turkish American and British archival documents and numerous private paper and manuscript collections the book examines Turkish American relations from 1800 to 1952 starting with the earliest contacts and ending with the institutionalization of the alliance after Turkey s entry into NATO Its purpose is to provide a better understanding of the significant issues pertaining to Turkish American relations such as the impact of international developments on foreign policy decisions the role of key figures and organizations in shaping the relations the interaction of political economic cultural and military factors in policy formation and the importance of mutual perceptions in shaping actual relations The analysis also situates Turkish American relations in the larger context of diplomatic history through an evaluation of how the United States relations with Turkey fit into the general framework of American foreign policy and also through an examination of the conduct and changing priorities of Turkish foreign policy in this era Such a study not only enhances our knowledge of Turkish American relations for the period of 1800 1952 but also provides further insight into the relations during the Cold War and its aftermath **Republic, Not an Empire** Patrick J. Buchanan, 2013-02-05 All but predicting the September 11 attack on the World Trade Center Buchanan examines and critiques America s recent foreign policy and argues for new policies that consider America s interests first

Нерассказанная история США Оливер Стоун, Питер Кузник, 2014-08-28 XXI
