Watching While Black Beretta E. Smith-Shomade,2013-01-10 Television scholarship has substantially ignored programming aimed at Black audiences despite a few sweeping histories and critiques In this volume the first of its kind contributors examine the televisual diversity complexity and cultural imperatives manifest in programming directed at a Black and marginalized audience Watching While Black considers its subject from an entirely new angle in an attempt to understand the lives motivations distinctions kindred lines and individuality of various Black groups and suggest what television might be like if such diversity permeated beyond specialized enclaves It looks at the macro structures of ownership producing casting and advertising that all inform production and then delves into television programming crafted to appeal to black audiences historic and contemporary domestic and worldwide Chapters rethink such historically significant programs as Roots and Black Journal such seemingly innocuous programs as Fat Albert and bro Town and such contemporary and culturally complicated programs as Noah s Arc Treme and The Boondocks The book makes a case for the centrality of these programs while always recognizing the racial dynamics that continue to shape Black representation on the small screen Painting a decidedly introspective portrait across forty years of Black television Watching While Black sheds much needed light on under examined demographics broadens common audience considerations and gives deference to the the preferences of audiences and producers of Black targeted programming

Give and Go Thomas Mc Laughlin,2008-03-07 From the city courts of Harlem to the church halls of Indiana pickup basketball culture is intensely local and reflects the histories and identities of its players In Give and Go Thomas Mc Laughlin examines how players put into play a loose set of values and ethical styles that influence how they think feel move and relate to others within the community A lifelong pickup ball player one of modest skills but serious intent Mc Laughlin has internalized and embodied the culture of the game and he writes as a participant in the basketball community putting into words what his body already knows This book reflects the author s personal experience and observation of the game through the lens of contemporary cultural theory and also examines the representation of basketball culture in popular media including the films Hoop Dreams Hoosiers and White Men Can t Jump As only an insider can Mc Laughlin takes readers onto the court and into the minds of players as they negotiate the culture of the game

Urban Music and Entrepreneurship Joy White,2016-11-03 Youth unemployment in the UK remains around the one million mark with many young people from impoverished backgrounds becoming and remaining NEET Not in Education Employment or Training However the NEET categorisation covertly disguises and

obscures the significance of the diverse range of activities achievements and accomplishments of those who operate in the informal creative economy With grime music and its related enterprise a key component of the urban music economy this book employs the inherent contradictions and questions that emerge from an exploration of the grime music scene to build a complex reading of the socio economic significance of urban music Incorporating insightful dialogue with the participants in this economy White challenges the prevailing wisdom on marginalised young people whilst also confronting the assumption that the inertia and localisation of the grime culture results from its close links to NEET members and the informal sector Offering an ethnographic and timely critique of the NEET classification this compelling book would be suitable for undergraduate and post graduate students interested in urban studies business work and labour education and employment ethnography music and cultural studies The Creative Black Book 1992 ,1992 **The Corsini Encyclopedia of**
