Theodore Millon, Seth D. Grossman

Aggression In Personality Disorders And Perversions:

Aggression in Personality Disorders and Perversions Otto F. Kernberg, 1992-01-01 In this important new book Dr Otto F Kernberg one of the world's foremost psychoanalysts explores the role of aggression in severe personality disorders and in normal and perverse sexuality integrating new developments in psychoanalytic theory with findings from clinical work with severely regressed patients The book also integrates Dr Kernberg's recent studies of the descriptive structural and psychodynamic features of problems stemming from pathological aggression with the vicissitudes of their psychoanalytic treatment Finally Dr Kernberg demonstrates the importance of differential diagnosis for effective psychoanalytically inspired treatment of these disorders providing a rich variety of clinical illustrations The book begins by relating the dual drive theory of libido and aggression to contemporary developments in affect theory Dr Kernberg then applies this general theory of affects to aggression which in its pathological form centers on the affect of hatred He analyzes sadomasochistic hysterical hysteroid and narcissistic antisocial spectrums of personality disorders emphasizing how aggression is structured in each group Dr Kernberg next describes and updates the theoretical frame underlying his approach to the treatment of these disorders outlines their clinical manifestations and illustrates their diagnosis and treatment ranging from standard psychoanalysis with infantile personalities to psychoanalytic psychotherapy with borderline personalities to the psychotherapeutic approach to the treatment of psychosis and hospital milieu treatment in the management of highly regressed patients In the final section Dr Kernberg links the findings from psychoanalytic approaches to personality disorders with those from the psychoanalytic study of sexual perversions

Aggression in Personality Disorders and Perversions, 1992 *Aggression in Personality Disorders and Perversions* Otto F. Kernberg, 1992-01-01 In this book Otto F Kernberg explores the role of aggression in severe personality disorders and in normal and perverse sexuality integrating new developments in psychoanalytic theory with findings from clinical work with severely regressed patients The book also integrates Dr Kernberg's studies of the descriptive structural and psychodynamic features of problems stemming from pathological aggression with the vicissitudes of their psychoanalytic treatment Finally Dr Kernberg demonstrates the importance of differential diagnosis for effective psychoanalytically inspired treatment of these disorders providing a variety of clinical illustrations

Aggressivity, Narcissism, and Self-Destructiveness in the Psychotherapeutic Relationship Otto Kernberg, 2008-10-01 In this book a leading psychoanalytic clinician and theoretician presents his thoughts on the latest psychodynamic developments and insights related to treatment of severe personality disorders Dividing his discussions into two sections one on psychopathology and the other on psychotherapy Dr Otto F Kernberg examines borderline personality disorder narcissism sexual inhibition transference and countertransference suicidal behavior and eating disorders In each chapter he integrates the ideas of European and Latin American psychoanalytic thinkers bringing them to the attention of English speaking readers This book includes a selection of recently published journal articles Their collection into one

additional case studies are integrated and used throughout Hemingway's Fetishism Carl P. Eby, 1999-01-01 Demonstrates in painstaking detail and with reference to stunning new archival evidence how fetishism was crucial to the construction and negotiation of identity and gender in Hemingway's life and fiction *Psychoanalytic Understanding of Violence and Suicide* Rosine Jozef Perelberg, 2005-10-18 Perelberg is well known and respected psychotherapist and is associate editor of the NLP Very little has been written on violence as opposed to aggression and very little clinical material has been published on violent patients Very distinguished list of contributors Who Am I? Miguel Angel Gonzalez-Torres, 2024-10-17 Identity as a concept does not appear in psychoanalysis until the work of Erik Erikson in the 1950s but today it is considered a key factor in understanding individuals and groups It is a concept of enormous complexity encompassing biological aspects internalised object representations that determine the inner world of the subject and relational aspects in the real world Answering the question Who am I really is a task that can span a lifetime Constructing one's own identity involves social cognitive rational and unconscious processes These elements underpin the answer to this question and its corollary What is my value As we move from looking at individuals in isolation to looking at groups we are also confronted with processes of identity construction and repair this time group identities through movements in which sexuality and its expression in the group play a major role This volume begins by exploring how issues of identity underlie many of the phenomena that attract our attention today both as clinicians and as citizens It opens with social and political phenomena such as nationalism where identity issues are most evident and then looks at individual nations such as Spain and their difficulty in maintaining a valuable identity shared by its citizens This is followed by an analysis of some aspects of social violence and the response to it electoral processes and the manipulation of citizens and also the impact on personal and group identity of the contemporary dynamics in large corporations where double speak and the infantilisation of employees have become commonplace In the second part Miguel Angel Gonzalez Torres reflects on how we can understand the sexual functioning of individuals and groups from an identity perspective emphasising the role of female sexuality as a sentinel element that signals deep group identity dynamics Gender identities and the social response to new proposals and attitudes in this area the contrast between desire and submission and the under explored complexity of the father's role in the contemporary family unit also require a look at the role of individual and collective identity Finally the focus is on artistic creation Mythical authors and mythical works always have an impact on personal and even social identity Many cinematographic works presuppose that the authors are searching for an answer to the question of identity who am I Or rather who are we The book concludes with a reflection on the reparative effect that the urban landscape can have on citizens through buildings and urban plans that relate to people and respond to their desires both conscious and unconscious The book proposes a journey through these three main areas reflecting on the importance of the construction and repair of individual and collective identity in our lives as social beings in our attitudes to sexuality and desire and in our dual role as creators and viewers of art It is the perfect book for

curious minds **The New World of Self** Charles B. Strozier, Konstantine Pinteris, Kathleen Kelley, Deborah Cher, 2022-10-07 In *The New World of Self* Charles B. Strozier and his coauthors take on the challenge of revisiting Heinz Kohut the most important and yet underappreciated figure in contemporary psychology and psychoanalysis Kohut focused on the clinical meanings of psychoanalysis but equally embraced historical themes to explain why the best modes of treatment are mutual open fluid flexible and of course most of all based in the deep empathic immersion of the analyst into the feelings affect and experience of the patient Acquainting the work of this eminent psychoanalytic theorist to a new generation of scholars this book unpacks the transformative research of Heinz Kohut and highlights his significance in the history of psychoanalysis

Spiritual Dimensions of Bediuzzaman Said Nursi's Risale-i Nur Ibrahim M. Abu-Rabi', 2008-07-24 The Nur community is one of the most significant religious and social movements in contemporary Turkey with millions of adherents and a strong institutional and educational system throughout the country This volume presents a picture of its spiritual dimensions by focusing on the ideas of its founder Turkish theologian Bediuzzaman Said Nursi 1877 1960 Prominent scholars in contemporary Islamic studies and comparative spirituality examine the various facets of Nursi's spirituality as revealed in his magnum opus *Risale-i Nur* which began to take shape in the 1920s and is considered Nursi's deep reflection on the Quran in light of rapidly changing conditions in Turkey Nursi argued that Islam must be organically linked to empire in order to preserve its identity in the modern era fostering a spiritual tradition that has steadfastly survived the secular project of Kemalism

The Narcissistic / Borderline Couple Joan Lachkar, 2004 In this second edition of her groundbreaking book Dr Joan Lachkar addresses the ever changing faces and phases of narcissism within the context of marital therapy and discusses the new developments in the treatment of marital conflict Drawing from many different theoretical frameworks mainly self psychology Kohut and object relations Klein the works of D W Winnicott and Kernberg are expanded to further explain why couples stay in painful conflictual never ending relationships traumatic bonding The new chapters case illustrations and updated treatment sequences are invaluable to both beginning and experienced clinicians *The Narcissistic Borderline Couple* is an essential text for every marital therapist offering an improved understanding of marital pathology within the framework of our changing world Publisher's description

Prologue to Violence Abby Stein, 2013-09-05 Despite mounting references to the transgenerational transmission of violence we still lack a compelling understanding of the linkage between the interpersonal violence of early life and the criminal violence of adulthood In *Prologue to Violence* Abby Stein draws on the gripping narratives of 65 incarcerated subjects and extensive material from law enforcement files to remedy this lacuna in both the forensic and psychodynamic literature In the process she calls into question prevailing beliefs about criminal character and motivation For Stein the early trauma to which adult criminals are subjected remains unformulated and as such unavailable for reflection Contrary to common belief these criminals especially sex murderers do not commit their crimes in a rational or fully conscious way They are not driven by deviant fantasy their

psychopathy is not inborn and they rarely commit acts of violence without conscience Stein's interdisciplinary analysis of her data infuses contemporary relational psychoanalysis with the insights of neuroscience traumatology criminology and cognitive and narrative psychology A powerful challenge to offender treatment programs to address the shaping impact of childhood trauma rather than merely to correct the cognitions of violent offenders *Prologue to Violence* will be equally compelling to researchers and academics investigating child abuse and adult violence Its mental health readership will be broad and deep ranging beyond clinicians who work with offender populations to all therapists who wrestle with experiences of dissociation and aggressive enactment in everyday life *Impulsivity and Aggression* Eric Hollander, Dan J.

Stein, 1995-03-28 Impulsivity and aggression have undergone considerable research scrutiny in recent years and will comprise a major research topic in psychiatry over the next decade Violence is a public health issue of great concern and advances in our knowledge of the psychiatry of aggression and disorders of impulse control are therefore of tremendous importance Specifically addressing diagnostic epidemiologic evolutionary neurobiological neuropsychological and legal issues this timely text brings together a large array of diverse data to provide a unique comprehensive and up to date account of this subject Specific impulse control disorders personality disorders and related disorders such as self mutilation bulimia substance abuse and neurological trauma are discussed Treatment strategies particularly psychopharmacology new agents undergoing trials and psychological approaches are reviewed No single work has yet attempted to address systematically the phenomenology neurobiology and treatment of impulsivity aggression and disorders of impulse control Written by leading world authorities in their field this text will have a wide audience including researchers and clinicians in psychiatry psychology psychopharmacology and mental health care as well as those in the fields of social and health policy
