Agrarian Structure And Peasant Mobilisation:

Agrarian Structure and Peasant Mobilisation Manabendu Chattopadhyay, 1996 Study restricted to eight villages of Silguri West Bengal **Agrarian Structure and Peasant Revolt in India** Amit Kumar Gupta, 1986 **Agrarian**

Structure, Movements & Peasant Organisations in India Gogula Parthasarathy, Sulabha Brahme, P. D. Shrimali, 2004

The Political Mobilization of the European Left, 1860-1980 Stefano Bartolini, 2000-08-28 In an in depth comparative analysis Stefano Bartolini studies the history of socialism and working class politics in Western Europe While examining the social contexts organizational structures and political developments of thirteen socialist experiences from the 1860s to the 1980s he reconstructs the steps through which social conflict was translated and structured into an opposition as well as how it developed its different organizational and ideological forms and how it managed more or less successfully to mobilize its reference groups politically **Agrarian Movements in India** Arvind N. Das, 2018-10-24 First published in

1982 In this volume we present a collection of original papers edited by Arvind N Das on agrarian movements in the populous Indian state of Bihar These movements are traced from the early twentieth century through to the Naxalite activity of the recent past their content and the forces which gave rise to them are examined and the response of the state both the colonial state and the post colonial state is identified Believed to be a significant contribution to the literature on agrarian movements which should be of considerable value to both specialists on India and to those with a more general interest in the agrarian question **Commercialization of Hinterland and Dynamics of Class, Caste and Gender in Rural India** Supriya

Singh, 2017-05-11 There is a great deal of controversy and debate on land acquisition and transactions concerning the economic development of India particularly the rural parts of the country This book explicates from a sociological perspective the effect of increasing land transactions on social mobility based on a detailed study of selected villages in Lucknow India It argues that villages in modern India particularly those close to cities are no longer simple and integrated communities but are rather more heterogeneous complex and mobile as a result of urban expansion and globalization It contextualises land transactions in a political economic model describing in detail the differential relationship between land and the state from ancient times to the present day noting the different laws relating to land and their implications for rural life **Private**

Politics and Peasant Mobilization Maria-Therese Gustafsson, 2017-09-13 This book explores how different corporate governance strategies affect community mobilization and the scope for influence when an area's population is faced with the arrival of the extraction industry Drawing on ethnographic research into Peruvian mining localities the author analyses a series of relationships which are characterized by confrontations clientelism demobilization and strategic collaboration By presenting a detailed account of micro practices and showing how these processes are interpreted by different groups Gustafsson offers a refined understanding of the multiple layers and informal workings of power between transnational corporations and local communities **Political Mobilisation and Democracy in India** Vernon Hewitt, 2007-11-05 This

book addresses the paradox of political mobilization and the failings of governance in India with reference to the conflict between secularism and Hindu nationalism authoritarianism and democracy It demonstrates how the Internal Emergency of 1975 led to increased support of groups such as the BJS and the RSS accounting for the rise of political movements advocating Hindu nationalism Hindutva as a response to rapid political mobilization triggered by the Emergency and an attempt by political elites to control this to their advantage Vernon Hewitt argues that the political disjuncture between democracy and mobilization in India is partly a function of the Indian state the nature of a caste class based society but also and significantly the contingencies of individual leaders and the styles of rule He shows how in the wake of the Emergency the BJP and the RSS gained popularity and power amid the on going decline and fragmentation of the Congress whilst at the same time Hindu nationalism appeared to be of such importance that Congress began aligning themselves with the Hindu right for electoral gains The volume suggests that in the light of these developments the rise of the BJP should not be considered as remarkable or as transformative as was at first imagined

Land Reform and Structural Adjustment in Sub-Saharan Africa Jean-Philippe Platteau,1992-01-01 **Changing Agrarian Structure and Labour Relations** G.

Satyanarayana,1992 **Political Mobilization of the Venezuelan Peasant** John Duncan Powell,1971 In the first part of this pioneering study John Duncan Powell traces the formation of a successful alliance between the peasant masses who sought land reform and a small urban elite which desperately needed a political power base Part II is devoted to an empirical structural functional analysis of the alliance Politico-peasantry Conflict in India Suresh Misra,1991 *Peasant*

Yogesh Atal,2009 The Indian Council of Social Science Research the premier organization for social science research in India conducts periodic surveys in the major disciplines of the social sciences to assess disciplinary developments as well as to identify gaps in research in these disciplines *Populism and Power* D. N. Dhanagare,2015-12-22 This book traces the entire trajectory of the farmers movement in Western India especially Maharashtra from the 1980s to the present day It reveals the fundamental contradictions between populism as an ideology and as political power within the democratic state

structure The volume highlights the ideologies of the movement its emergence in the wake of a perceived agrarian crisis how it conflates economics and populism the role of leadership stages of development from grassroots agitations rooted in civil society to the attempts to create space within structures of democratic politics the eventual formation of a separate political party and consequent implications It maps the linkages between populist ideology and mass participation and their contested successes and failures in the domain of electoral politics Further the author underlines the effectiveness of the movement in addressing class and gender equations in the region Rich in primary archival sources and informed field studies this book will interest scholars and researchers of agrarian economy rural sociology and politics particularly those concerned with social movements in India

Migration, Food Security and Development Chetan Choithani, 2023-05-11 This book examines the role of migration as a livelihood strategy in influencing food access among rural households By analyzing migration food security linkages it engages with the larger process of uneven development in India

Social Movements in India Ghanshyam Shah, 2004-04-08 Social movements hasn't been a popular topic with researchers making up less than 3 per cent of all studies in history political science sociology and anthropology sponsored by the Indian Council of Social Science Research ICSSR up to the mid nineties The research has had an institutional or government skew in that the study of the politics of the masses has been largely ignored There are reasons of history behind this but what has been consistently lost sight of is the fact that in the absence of an understanding of the politics of the masses the functioning of the state can be understood only partially This volume is a revised and enlarged edition of the author's review of literature on social movements in India first commissioned by the ICSSR After careful deliberation on the ideal definition of a social movement the author adopts for this volume the loose idea of non institutionalised collective political action striving for social and political change On the basis of the socio economic characteristics of participants and the issues involved this volume makes a nine fold classification of social movements peasant movements tribal movements dalit movements backward caste movements women's movements working class movements students movements middle class movements and human rights and environmental movements added in this edition This book is important as much for filling a scholarly lacuna in social science studies as for proposing and executing an orderly classification of literature on social movements in modern India The original shorter monograph received an enthusiastic response from both scholars and laypersons and this volume is likely to be welcomed similarly

Critical Perspectives on Agrarian Transition B. B. Mohanty, 2016-01-29 This book evaluates the relevance of classical debates on agrarian transition and extends the horizon of contemporary debates in the Indian context linking national trends with regional experiences It identifies new dynamics in agrarian political economy and presents a comprehensive account of diverse aspects of capitalist transition both at theoretical and empirical levels The essays discuss several neglected domains in agricultural economics such as discursive dimensions of agrarian relations and limitations of stereotypical binaries between capital and non capital rural and urban sectors agriculture and industry and

accumulation and subsistence With contributions from major scholars in the field this volume will be useful to scholars and researchers of agriculture economics political economy sociology rural development and development studies *The Communist Parties in Power and Agrarian Reforms in India* P. Eashvaraiah,1993 Study refers to the states of Kerala and West Bengal India
