Agriculture And The State In Soviet And Post Soviet Russia:

Agriculture and the State in Soviet and Post-Soviet Russia Stephen Wegren, 2010-11-23 Winner 1999 Edward A Hewett Book Prize from AAASS A comprehensive original and innovative analysis of the social economic and political factors affecting contemporary Russian reform the book is organized around the central question of the role of the state and its effect on the course of Russian agrarian reform In the wake of the collapse of the USSR contemporary conventional wisdom holds the the Russian state is weak Stephen Wegren feels that the traditional approach to the weak strong state suffers from measurement and circular logic problems believing that the Russian state thought weaker than in its Soviet past is still relatively stronger than other actors The state s strength allows it to intervene in the rural sector in ways that other power contender cannot Specifically as a measure of state intervention Wegren analyzes how the state has influenced urban rural relations rural rural relations and the nonstate private agricultural sector Several dilemmas arose that have complicated successful agrarian reform as a result of the nature of state interventions how reform policies were defined and the incentives rhar arose from state sponsored policies During contemporary Russian agrarian reform urban rural differences have widened marked by a deterioration in rural standards of living and increased alienation of rural political groups from urban alliances At the same time within the rural sector reform failed to reverse rural egalitarianism In addition the nature of state interventions has undermined attempts to create a vibrant productive private rural sector based on private farming Wegren s research is based upon extensive field work interviews archival documents and published and unpublished source material conducted over a six year period and he demonstrates the link between agrarian reform and the success of overall reform in Russia This learned and often controversial volume will interest political scientists policy makers and scholars and students of contemporary Russia

Rural Reform in Post-Soviet Russia David J. O'Brien, Stephen K. Wegren, 2002-03-20 Rural Reform in Post Soviet Russia reviews change in agricultural and rural life since 1990 through historical political sociological and anthropological investigation The contributors interest is not so much in agriculture itself but in agrarian issues such as the relationship between rural interests and changing Russian institutions the economic and social organization of rural households and the quality of life in rural families and villages

Bread and Autocracy Janetta Azarieva, Yitzhak M. Brudny, Eugene Finkel, 2023-08-18 Bread and Autocracy focuses on the political role of food in post Soviet Russia In less than twenty years Putin s Russia moved from heavily relying on imports to feed the population to being one of the world s leading food exporters The authors provide a comprehensive analysis of this transformation as well as its causes and consequences for Russia s domestic politics and foreign policy They argue that Russia s food independence agenda is an outcome of a deliberate decades long policy to better prepare the country for a confrontation with the West Moreover they show that for the Kremlin nutritional self sufficiency and domestic food production is a crucial pillar of state security and regime survival

Restructuring Post-Communist Russia Yitzhak Brudny, Jonathan Frankel, Stefani

Hoffman,2004-06-21 Since the fall of the Soviet Union in 1991 the question of whether Russia has been the source of ceaseless speculation both at home and abroad In search of answers twelve highly qualified scholars examine the complex interplay between continuity and change that has marked developments in Russia under the leadership first of Boris Yeltsin and now of Vladimir Putin Analysing the recent past they also peer into the country's future In his introduction to the volume Peter Rutland asks whether we are witnessing the gradual entrenchment of parliamentary democracy the slow return to autocracy or mere political stagnation Restructuring Post Communist Russia poses the fundamental questions while providing the information and analysis needed to give the at least preliminary answers **Sowing Market Reforms** M.

Crumley,2013-09-18 By examining a sector of the economy that was exposed to increased imports more than four decades ago Crumley illuminates the economic pressures resistance and reform that help to shape Russia's agrarian sector today

Russia's Food Policies and Globalization Stephen K. Wegren,2005-01-01 The post Soviet period has witnessed Russia's increasing interdependence with other nations in its food trade as in the economy as a whole President Putin has repeatedly identified international integration as an economic necessity if Russia is to share in the benefits of globalization In Russia's Food Policies and Globalization author Stephen K Wegren analyzes the primary questions affecting Russia and globalization How do Russia's domestic and external food policies affect its efforts at international integration How prepared is Russia for global economic integration for instance entrance into the World Trade Organization What are the structural economic and political obstacles that exist in Russia's food policies which in turn hinder closer integration In short will Russia integrate or fall behind and what is the role of food policy in deciding this crucial issue Through an analysis of Russia's contemporary food policies and strategies Wegren places Russia's economic development in a new international context Political scientists economists policymakers and scholars of the Soviet and post Soviet period as well as those interested in rural studies must read this book **Building Market Institutions in Post-communist Agriculture** David A. J. Macey,William Pyle,Stephen

K. Wegren,2004-01-01 Eurasia emerged from the former Soviet states failed agrarian program poised to be a great power in the new global economy In the late 1980's post communist states put forth an agrarian reform plan that promised whirlwind institutional change as its goal However these amendments did not unleash the efficiency and productivity that privatization and destatizing seemed to promise Editors David Macey William Pyle and Stephen Wegren along with a host of world leading agrarian analyst and practitioners discuss the shortcoming of post communist agrarian reform and reveal how and why particular policies were or were not adopted Building Market Institutions in Post Communist Agriculture draws on country level case studies to analyze various initiatives undertaken by agricultural economies Contributors use a comparative analytical framework to shed light on the complex universal processes of agrarian transformation that continue to change the social economic and political character of the former Soviet Union Rural Inequality in Divided Russia Stephen

Wegren,2013-07-24 This book examines economic and political polarisation in post Soviet Russia and in particular analyses

the development of rural inequality It discusses how rural inequality has developed in post Soviet Russia and how it differs from the Soviet period and goes on to look at the factors that affect rural stratification and inequality using human and social capital profession gender and village location as independent variables The book uses survey data from rural households and fieldwork in Russia in order to highlight the multiplicity of divisions that act as fault lines in contemporary rural Russia

Black Earth, White Bread Susanne A. Wengle,2022-03-15 Introduction setting the table Governance or How to solve the grain problem Production Consumption or The Perestroika of the quotidian Nature Conclusion vulnerabilities **The Cambridge History of Russia: Volume 3, The Twentieth Century** Maureen Perrie,Ronald Grigor Suny,2006-11-02 A major history of twentieth century Russia by leading scholars in the field **The Political Economy of Rural Livelihoods in Transition Economies** Max Spoor,2009 These chapters reflect the striking differences between transition countries in their processes of rural reform and development of rural poverty **Creating the Post-Soviet Russian Market Economy** Daniel Satinsky,2023-07-26 This book captures the essence of the period when Russians and Americans collaborated in creating new structures of government and new businesses in completely uncharted conditions It presents the experiences of key American participants in late Soviet and post Soviet Russia during a time when Americans thought anything was possible in Russia Using an analytic framework of foreground ideas Western liberal and neo liberal and background forces Russian cultural influences nationalism and lingering Soviet ideology it examines the ideas and intentions of the people involved First person interviews with consultants businesspeople and citizen diplomats help capture the essence of this turbulent reform period through the eyes of those who experienced it and present the importance of this experience as a piece of the puzzle in understanding contemporary Russia It will be an invaluable resource for students of international relations Russian Studies majors researchers and members of the general public who are trying to understand the evolution of the current antagonism between the United States and Russia *Rural Adaptation in Russia* Stephen K. Wegren,2022-05-19 The current dominant approach to Russian peasant behaviour emphasizes rural resistance to reform in broad terms and to the introduction of market forces in particular Bringing together some of the finest scholars on rural Russia this groundbreaking volume examines this perception with an analysis of both historical and contemporary patterns of rural adaptation in Russia Four articles included analyze peasant responses in the post Soviet era and focus on the relationship between poverty and rural adaptation the social origins of private farmers in southern Russia and Ukraine response patterns by large farms formerly collective and state farms household adaptation using a standardized set of criteria This fascinating book gives an illuminating picture of the ways in which peasants respond to new environmental conditions and stimuli created by reform The substantive material included draws on fieldwork and survey data collected from rural Russia from the Stolypin reforms in the pre Soviet era and collectivisation of agriculture during the 1930s in the Soviet era This book was previously as a special issue of The Journal of Peasant Studies **The American Bibliography of Slavic and East European Studies for**

1994 Patt Leonard, Rebecca Routh, 1997-05-31 This text provides a source of citations to North American scholarships relating specifically to the area of Eastern Europe and the former Soviet Union It indexes fields of scholarship such as the humanities arts technology and life sciences and all kinds of scholarship such as PhDs **Owning Russia** Andrew S. Barnes, 2018-07-05 During and after the breakdown of the Soviet Union a wide range of competitors fought to build new political and economic empires by wresting control over resources from the state and from each other In the only book to examine the evolution of Russian property ownership in both industry and agriculture Andrew Barnes uses interviews archival research and firsthand observation to document how a new generation of capitalists gained control over key pieces of the Russian economy by acquiring debt ridden factories and farms once owned by the state He argues that although the Russian government made policies that affected how actors battled one another it could never rein in the most destructive aspects of the struggle for property Barnes shows that dividing the spoils of the Soviet economy involved far more than the experiment with voucher privatization or the scandalous behavior of a few Moscow based oligarchs In Russia the control of property yielded benefits beyond mere profits and these high stakes fueled an intense enduring and profound conflict over real assets This fierce competition empowered the Russian executive branch at the expense of the legislature dramatically strengthened managers in relation to workers created a broad array of business conglomerates and fundamentally shaped regional politics not only blurring the line between government and business but often erasing it **Land Reform in**

Russia Stephen K. Wegren, 2009-11-24 This ambitious work is the definitive account of Russia's land reform initiatives from the late 1980s to today In Russia a country controlling more land than any other nation land ownership is central to structures of power class division and agricultural production The aim of Russian land reform for the past thirty years to undo the collectivization of the Soviet era and encourage public ownership has been largely unsuccessful To understand this failure Stephen Wegren examines contemporary land reform policies in terms of legislation institutional structure and human behavior Using extensive survey data he analyzes household behaviors in regard to land ownership and usage based on socioeconomic status family size demographic distribution and regional differences Wegren's study is important and timely as Russian land reform will have a profound effect on Russia's ability to compete in an era of globalization State Capability and Challenges to Russia's Food Security in the Twenty-first Century Stephen K. Wegren, 2025-11-24 This book offers a rigorous examination of Russia's state capability through the critical lens of food security revealing profound implications for domestic stability and international relations Drawing on extensive research the author demonstrates how food insecurity has historically catalyzed political instability in Russia explaining the Putin regime's substantial investment in agricultural self sufficiency since 2014 The analysis extends beyond domestic considerations to interrogate Russia's unique position as the sole major authoritarian grain exporter in a changing global order It contains compelling evidence that Russia's management of food security challenges constitutes a pivotal factor in contemporary geopolitics As climate change

threatens future Russian grain production it shows the consequences extend to dependent regimes and global market stability This timely contribution advances scholarly understanding of how control over fundamental resources influences state capability and international relations It will be essential reading for researchers and students in Russian studies international relations food security and political economy as well as policymakers engaged with global food systems and security governance

Bibliography of Agriculture with Subject Index, 1993-11 *Agriculture in Transition* Zvi Lerman, Csaba Csáki, Gershon Feder, 2004-01-01 In *Agriculture in Transition Land Policies and Evolving Farm Structures in Post Soviet Countries* authors Zvi Lerman Csaba Csaki and Gershon Feder study the land policies and farming structures of these newly emerging nations as components of institutional change in the rural sector change from a centralized rural economy to a market oriented economy

The Contemporary Russian Economy Marek Dabrowski, 2023-01-01 This textbook offers a wide ranging comprehensive analysis of the contemporary Russian economy as it functions in the early 2020s concentrated on the economy economic policy and economic governance Chapters cover recent Russian economic history the economic geography of Russia natural resources population major sectors and industries living standards and social policy institutions governance economic policy and Russia s role in the global economy The book will provide a comparative cross country context analysing how the Russian economy and its institutions perform compared to its peers to help students and instructors understand Russia s strengths weaknesses and future challenges Prepared by a team of leading Russian and international experts on the respective topics this textbook will be of interest to those studying Russian economics It will be valuable reading for undergraduate and graduate students of Russian studies the Russian economy Russian politics the economics of transition the economics of emerging markets and international relations
