how I started to love myself and became my best friend Who is this book for For young girls who feel that they want to take full responsibility for their lives but can't yet trust themselves or don't know where to start If you are tired of thoughts like I can't do it I'm insufficient I'm nobody then you should definitely do the tasks I have prepared for you Thanks to them you will be able to believe that you have influence on many aspects of your life and accept what you do not have influence on For those who need inspiration for their own development We often set ourselves a lot of goals we accomplish a lot of tasks but at the same time we feel that we are burning ourselves out and do not have the strength to get out of bed but we have taken it so far that we cannot slow down This book is meant to inspire you to let yourself go slow down and think about what you really need and who you really want to be For those who feel lonely feel like nobody loves them or supports them in difficult moments who need affection but nobody can provide it They are in relationships but feel that their partner does not give them as much love as they need Thanks to this book you will see how important it is to love yourself how important it is to communicate positively with yourself Through numerous exercises you will learn to be more grateful to yourself and through the authentic situations you will see that you always have a choice You will see that you decide what you think and feel and that emotions are a natural consequence of what you think What can you gain Get to know yourself your character traits and what you really want to do with your life and how to lead your life to be interesting Learn to love yourself which is the most important thing in achieving happiness fulfillment and harmony Make the best friend in your life who you are to yourself Learn to love yourself and accept who you are so that you can love others Get the life you want *Jewels of Morning Dew* Kardi Teknomo, 2013-01-15 *Jewels of morning Dew* is a unique self-help e-book which basically says that you can solve your problem smartly if you can evaluate your belief your perception and your attitude toward your problems What you act or react is directly influenced by the way of your thinking your values and your beliefs The book describes how it is possible to change your own perspective attitude and belief in such a way so that the responses of other persons or situations surrounding will be advantageous to you *Jewels of Morning Dew* discuss many broad subjects that may refresh your mind on happiness life purpose destiny luck and opportunity The book also discusses personal management of time and money and many practical ideas in how to do the best how to be well prepare how to be self-motivated how to win competition and how to face critics and discouragement how to enhance creativity and how to be self-disciplined and many more Moreover *Jewels of Morning Dew* also contains some advanced subjects such as ritual meditation setting body clock and controlling your own dream This book will give you many new perspectives to face your daily problems productively The topics are explained in very simple and self-contained descriptions with examples and illustrations for real-world applications You may use this book for your personal meditation companion as well as for a group discussion *The Perception Transformation Collection: 3 Books in 1 Bundle - How to See and Think Differently* Chris Smythe, How to See and Think Differently Is life hard or are we just making it up in our own mind What we perceive is what we believe and all this is based on what we hear see feel and think

Our perception drives our behaviors every day and our thoughts are perhaps the most crucial components of our ability to perceive. In this 3 books in 1 bundle we will discuss in details on the power of our perception and explore how the way our mind works affects our perception. We will take a closer look at how each of us perceives the sight and sound we receive in a way which is very different from each others. We will also discuss the importance of perception in our understanding of what reality really is and reveal some shocking Real Life Scenarios which will consolidate your understanding of our perception. We'll be diving in topics that all of us will face: Herd mentality, insecurity and topics that are related to how we can Think Outside The Box. We'll talk about why and how people act the same way or adopt similar behaviors as the people around them often ignoring their own feelings in the process. It Only Takes One Opportunity To Change Someone's Life. For the last book we will learn and find out how to take advantage of the opportunities around us. We have countless opportunities around us that go wasted everyday and this is due to the lack of awareness that we have regarding the importance of creating opportunities for ourselves. Whether it is regarding that someone special, family, friends, co-workers, acquaintances, new individuals or jobs around us, magical opportunities are always waiting for us but we have to be able to recognize an opportunity when we see one. If we all can be more aware of our surrounding, One opportunity can change everything and help us progress towards success. Download this powerful 3 in 1 guide to learn more.
