Rodney Woods,2016-01-15 This book and course is designed to enable Christians to lead confidently based on their identity in Christ Leadership is tough Many leaders come to leadership from competence in a different field without training and fear that they cannot really lead and will be found out one day Many leaders are insecure constantly assessing how they are coming across and where challenges may arise Being grounded in Christ is the foundation for all true Christian leadership This identity based leadership makes us less driven reduces the risk of burnout and enables us to survive personal attacks use conflict positively and overcome other barriers to effective leadership Once we operate from this secure base centred and grounded in Christ we become less vulnerable to threats to our status we cease to have anything to hide because we can afford to be vulnerable and we are less likely to be blown off course by strong willed people wanting to push their own agenda Theology explained and defended, in a series of sermons ... with a memoir of the life of the Author Timothy DWIGHT (D.D., President of Yale College.),1831 *Creating the Land of the Sky* Richard D.
