

Coping strategies

talk to someone

imagine what advice
a friend would give you

go for a walk

think of things you
are grateful for

do something that you
really have to focus on
- if you can

tell yourself
- this too will pass

think of lessons
you might have learnt

write things down

problem solve

play some music

write a letter to someone
explaining how you feel

imagine a time when
this won't bother you

have a good cry

new edition led by two prominent Professors of Nursing explores issues of spiritual assessment in healthcare practice while
adopting a lifespan approach and also including expertise from nursing midwifery medicine mental health children and
adolescents meaningful ageing and intellectual disability The importance of cultural sensitivity and diversity are explored
because it is recognised that these are themes that have been neglected in discussions about spiritual assessment It provides
nurses and other healthcare professionals with a valuable resource that will assist them with identifying and meeting their
patients and clients spiritual needs The book as previously commenced by providing an overview of what is meant by
spirituality this operational definition is derived from the authors research and experiences in teaching these subjects to a
wide range of healthcare professionals The updated and expanded text will assist readers to engage with the conceptual and
theoretical challenges and developments associated with spirituality and spiritual care The book offers very practical insights
and steps for introducing and advancing spiritual assessment in a wide range of healthcare settings The adoption of a life
span approach means that concepts such as spirituality spiritual care and assessment can be better understood by healthcare
professionals working in specialist fields of practice Each chapter will draw upon up to date evidence to demonstrate the
development of both the art and science of spiritual assessment The book will continue to challenge contemporary thinking
asking for healthcare professionals working within a diverse range of care settings organisations institutions educational
contexts to evaluate their practice in relation to spiritual assessment A primary goal of this 2nd Edition is to continue to
advance thinking and practice in spiritual assessment by using a lifespan approach that offers insight into the dilemmas
obstacles deficits that inhibit or prevent nurses and other allied healthcare providers from supporting clients and patients
