academic success your style **Academic Success in Online Programs** Jacqueline S. Stephen, 2024-04-02 This book provides higher education students with a comprehensive resource to assist them in their academic persistence in an online course or program. It addresses a wide selection of topics emphasizing a myriad of factors that impact a student's persistence and ultimate success in an online program or course. The book helps students to gain insight into the skills, knowledge, and attributes needed to succeed in the autonomous nature of an online learning environment. Thus, this book helps students to proactively engage in activities to prepare for online learning. Information presented in each chapter is drawn from theory and recent research centered on persistence of online students in higher education. It incorporates hands-on practical activities to promote application of theory and research and encourages students to demonstrate their knowledge, skills, and abilities through the use of reflective and thought-provoking activities. Hence, this book provides online students with an up-to-date resource they can use to develop an awareness of their readiness and preparedness for online learning. Additionally, this book equips students with information and strategies aimed at helping them to address gaps in their skills and knowledge that may present them with barriers to academic success. The content of this book is aligned with widely used student learning outcomes and objectives of first-year student seminar courses and orientation programs for graduate and undergraduate students enrolled in online programs. Furthermore, it is deliberately organized and structured to support an online student's academic journey as they navigate the online learning environment. As such, these features make it an ideal book for use by students, instructors, and academic advisors or college and university academic support staff.

Helping College Students Write Laura M. Harrison, Becky Challenger, Erin Morgenstern, Oumarou Abdoulaye Balarabe, 2024-08-01 Although many educators want to help their students overcome their writing challenges, most higher education instructors do not have formal training in teaching writing. This book provides a detailed roadmap for college educators to help students make substantial improvements in their writing, particularly in courses where writing is a component but not the primary focus. This accessible guide offers conceptual tools and practical strategies, including lesson plans, stock comments, and prompts that instructors can use to explain frequently occurring writing problems and writing prompts to help struggling students address writer's block. Covering topics such as managing grading time, reducing students' anxiety about writing, giving clear and formative feedback, troubleshooting, and providing practical tips for helping ESL students, this book is a one-stop shop for assisting students across academic disciplines. By implementing the guidance offered in this manual, college and university faculty and instructors can guide students effectively and efficiently in improving their writing.

Ready for the Real World William C. Hartel, 1994 **The Struggle for Justice, Equity, and Peace in the Global Classroom** McClean, Marva, 2023-06-23 In the current state of global upheaval with the rallying call for human rights and justice for people who have been historically marginalized, the curriculum must be decolonized to ensure that children identified as marginalized and at risk are receiving an equitable education that is based on respect and acceptance of their cultural heritage as well as their human rights. The
