

THE ULTIMATE GUIDE

A man in a dark suit stands on a rooftop terrace, looking out at a city skyline at sunset. The sun is low on the horizon, casting a warm glow over the skyscrapers. The terrace has a glass railing, and the city lights are visible in the distance. The overall mood is contemplative and aspirational.

Doroghazi,Dan Wright French,2007-11-03 I met Bob Doroghazi when he dropped the first draft of his manuscript of The Physician s Guide to Investing A Practical Approach to Building Wealth at my office I will have to admit I was a bit skeptical a physician writing a book on investments During that first meeting with Bob it became evident that he had been a successful physician and a successful investor so I agreed to take a look at the book I was in for a pleasant surprise Bob s manuscript was easy to read and had specific advice useful to physicians interspersed with lots of practical tidbits for any investor Having written three college level finance and investment texts I was excited to be in on a project aimed at offering practical investment advice to a more general yet specialized audience I had high expectations for the book and am pleased to say that I believe Bob has delivered a book that every physician interested in building wealth and protecting assets should read Bob is a straight shooter he tells it like he sees it in his book Some doctors might be indignant on reading his statements such as Physicians sometimes have no idea of their limitations This type of arrogance and ego can result in investing disaster However if you do have these limitations and most professionals even college professors do then reading Bob s book will help you recognize situations in which they can lead to poor investment decisions
