Creating Compassion Activities For Understanding Hiv Aids:

Creating Compassion Phyllis Vos Wezeman,1994 In a unique book filled with positive and creative faith based and experiential ways to explore this sensitive and often misunderstood topic Wezeman employs various art forms as her teaching method Each section presents a brief overview of such subjects as the truth and myths about HIV AIDS prevention through education and HIV AIDS awareness in all spheres of life **Medical Art Therapy with Children** Cathy A. Malchiodi,1999

Drawing on case material from a variety of situations the book describes medical research on medical art therapy with children and practical approaches to using art activities with them The text looks at children with burns HIV asthma and cancer **Aids in the World** Jafar Mahmud,2004 **The Advocate** ,1994-07-12 The Advocate is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States

Humanizing Pedagogy Through HIV and AIDS Prevention American Association of Colleges for Teacher Education,2015-12-03 This book explores the power of educators to serve as HIV and AIDS prevention agents The definitive text represents the work of a distinguished panel of teacher educators and health scientists who identify core information and skills effective educators of HIV and AIDS prevention should learn as they are prepared to attend to the academic and human needs of students It assigns to teachers in the US and abroad the novel role of prevention agents given their extraordinary ability to access and affect young people to influence their behavior Humanizing Pedagogy considers the social economic racial gender and other variables that impact the prevention of HIV and AIDS The authors collectively assert that the process of preventing HIV and AIDS when it considers historic and social context can compel educators to serve not only as practitioners of knowledge but as community agents of health and well being Attending to HIV and AIDS issues advances the capacity and ability of educators to see and attend to the complete learner Humanizing Pedagogy is a single volume resource for educators in the US and abroad interested in attending to the whole needs of the learner and saving lives

Lawrence,2006 Dr Susan Lawrence s Creating a Healing Society program pioneers the recognition of the devastating impact of human emotional pain and trauma as the root cause of societal and world problems Without healthy support traumatized people unconsciously influenced by inner pain engage in self destructive or antisocial behaviors We are accustomed to thinking about the impact of trauma on the individual but rarely notice the dramatic effect that trauma has on our society The cumulative result of these pain driven behaviors can be seen in the epidemics of AIDS Hepatitis C drug addiction and alcoholism in our violent and crime ridden society in unemployment homelessness and poverty in the ongoing cycle of child abuse and neglect and on an international level in terrorism and war In Creating a Healing Society Dr Lawrence describes her work with alcoholics AIDS patients prisoners and others dying of what one of her clients calls the delayed effects of child abuse Through concrete examples she shows that people can turn their lives around and by doing so change the quality of our entire society **Review of Women's Studies** ,2005 Handbook for Developing Emotional and Social Intelligence Marcia Hughes, Henry L. Thompson, James Bradford Terrell,2009-05-27 Handbook for Developing Emotional and Social Intelligence is an authoritative collection of practical content best practices case studies and tools that showcases the application and development of emotional and social intelligence in the workplace The authors are some of the best known experts in the field and the book includes practitioners academics and thought leaders that contributed to this rich collection of knowledge and solutions that will appeal to anyone involved in developing leaders and teams The handbook features topics such as leadership recruitment conflict resolution team development and stress management **Empowering Youth** KHRITISH SWARGIARY,2024-10-01 In today s rapidly evolving world educating young people about HIV AIDS is not just a matter of health it is a moral imperative that empowers youth to make informed decisions protect themselves and become advocates for their own well being and that of their communities This book Empowering Youth Comprehensive HIV AIDS Awareness Education for Students was born out of a growing recognition of the role that education plays in combating the HIV AIDS pandemic While medical advancements have transformed the treatment and management of HIV prevention through education remains one of the most effective tools in reducing the spread of the virus particularly among young people A Thematic Guide to Documents on Health and Human Rights Gudmundur Alfredsson, Katarina Tomaševski,2023-09-20 This publication is the second volume of Thematic Human Rights Guides published under the auspices of the Raoul Wallenberg Institute of Human Rights and Humanitarian Law The aim of the Guides as the title implies is to facilitate the use of international human rights standards by their systematic presentation Rather than reproducing full texts of various instruments substantive standards are grouped according to subject matter in order to enable users to

quickly and easily locate the topic they may be looking for A detailed index with references to the many international instruments which address the same issue reinforces this thematic approach The choice of human rights and health for the second volume in this series highlights the aim of the Guides to map out the entire range of human rights and fundamental freedoms as they relate to a specific topic The sheer size of this volume illustrates the number and variety of human rights standards relevant for health Many of these standards have been generated by organizations dealing with health rather than human rights and quite a few are found under medical ethics rather than human rights Subsuming medical ethics under international human rights law is a novel development pioneered by the Council of Europe Elsewhere the two fields remain separate and the publication of this Guide is intended to overcome this separation Documents have been included which provide an understanding of human rights within the health profession such as guidance to medical doctors with regard to abortion adopted by the International Medical Association and those human rights safeguards that have been elaborated to prevent abuses by health professionals such as those concerning mental health All of these standards provide a substantive background for inter professional dialogue on the evolving understanding of human rights A Thematic Guide to Documents on Health and Human Rights reflects the full range of issues encompassed by human rights and health Besides the right to health a wide range of rights and freedoms can be and is affected by the health sector Priority has been accorded to the crucial human rights safeguards namely those specifying protection against undue limitations or restrictions upon human rights Much as with any other human rights topic those safeguards are best developed for categories that are most vulnerable to denials and violations of their rights Detainees prisoners victims of armed conflicts children and the mentally ill thus figure prominently
