Birds Beasts And Butterflies:

Birds, Beasts & Butterflies ,1998 *Stories and Pictures of Birds, Beasts, Fishes, and Other Creatures* Edward Step,1886 Birds, Beasts and a Bike Under the Southern Cross David Stirling,2008-06 This is the story of two Canadian naturalist observers enjoying the birds beasts weather and stars in New Zealand and Australia in the 1950s While traveling by motorcycle and camping rough they meet Kiwis and Aussies and try various temporary jobs in order to keep alive and healthy Publisher s description *W. Shropshire's Catalogue; being a ... Collection of Books of Prints, and Prints ... for the year 1778* Walter Shropshire,1778 **Bulletin of the British Ornithologists' Club** British Ornithologists' Club, London,1958 **The Bookseller** ,1888 The Golden Bough James George Frazer,2020-07-25 Reproduction of the original *The Golden Bough* by James George Frazer Richardson's Catalogue William Richardson,1791 *Supplement and Finding List of Recent Additions to the Lending Department, 1888-1893* Borough of Portsmouth Free Public Libraries. Central Library,1894 **The national illustrated reading and spelling book for the young** Thomas Buckley Smith,1858 **The Ornithologist and Oölogist** ,1889 The Eclectic Magazine of Foreign Literature, Science, and Art ,1879 **Silkworms and Silverfish** James Hoyt,2011-11-17 Here we have over one hundred and fifty translations of haiku verses largely composed by the five most famous of haiku poets All use insects as seasonal topics to set the scene in spring summer or autumn But the definition of insects is complicated because in the Sino Japanese tradition the insect genus includes frogs as well as bees spiders as well as silverfish angleworms as well as gnats and snakes as well as ants This expanded category is here called creeping things reflecting a similar division of fauna in the Bible It seems appropriate that the Japanese would use what is surely the world s shortest poetic form consisting of a mere seventeen syllables arranged in lines of 5 7 5 to describe the miniscule world of creeping things In so doing they expressed kernels of poetic inspiration in a few simple words eschewing the doggerel that so often has followed a brilliant line and leaving to the imagination place and time for the beauty of the haiku often lies in what is only hinted and left unsaid **Catalogue of Books on Angling, Hunting, Shooting, Natural History, &c** Henry Thorpe (Bookseller),1879 Twentieth Century Authors Stanley Kunitz,Howard Haycraft,1973 Foundation volume of authentic biographical information on the writers of this century of all nations whose books are familiar to readers of English **Animals and Plants in Chinese Religions and Science** Huaiyu Chen,2023-03-14 This book is a unique transdisciplinary study on animals and plants in medieval Chinese religions and science especially in such a critical era of environmental crisis today In recent years environment historians have written intensively on China yet the study of animals and plants in medieval China was less developed not much about the role of religions more precisely This book aims to bridge the gaps between religious studies and environmental studies between the history of science and religious studies and between animal studies and plant studies It also deals with folklores and other literary sources for examining the changing images of animals in the psychological and imaginative experience which are often overlooked in the

conventional scholarship This book addresses big issues such as how religious agents responded to the challenges about animals and plants as material culture in the mundane world and how the religious writers developed their different discourse about animals and plants from the state ideology and how the spiritual world and natural world mutually enriched each other in the medieval world of China **Haunted by Parents** Leonard Shengold,2006-01-01 In this book the eminent psychoanalyst Leonard Shengold looks at why some people are resistant to change even when it seems to promise a change for the better Drawing on a lifetime of clinical experience as well as wide readings of world literature Shengold shows how early childhood relationships with parents can lead to a powerful conviction that change means loss Dr Shengold who is well known for his work on the lasting effects of childhood trauma and child abuse in such seminal books as *Soul Murder* and *Soul Murder Revisited* continues his exploration into the consequences of early psychological injury and loss In the examples of his patients and in the lives and work of such figures as Edna St Vincent Millay William Wordsworth and Henrik Ibsen Shengold looks at the different ways in which unconscious impressions connected with early experiences and fantasies about parents are integrated into individual lives He shows the difficulties he s encountered with his patients in raising these memories to the conscious level where they can be known and owned and he also shows in his survey of literary figures how these memories can become part of the creative process *Haunted by Parents* offers a deeply humane reflection on the values and limitations of therapy on memory and the lingering effects of the past and on the possibility of recognizing the promise of the future **Chinese Narratologies** Xiuyan Fu,2020-08-20 This book provides a more rational and systematic explanation for the origin and evolution of the Chinese narrative tradition based on studies of Chinese literary classics local culture and items such as bronze wares and porcelain vessels with portrayed stories By doing so it uncovers forgotten interconnections and reestablishes obscured or unacknowledged lines of descent Furthermore it makes an initial study of acoustic narrative Going beyond the field of literature it employs tools and materials from diverse fields such as anthropology religious studies mythology linguistics semiotics folklore and local culture The book also offers an archeological inquiry into the knowledge found in various narrative texts objects with portrayed stories and perceptions with relevant plots Providing a wealth of insights inspiring investigative methods and practical tools that can be applied in narrative studies the book is an essential resource for researchers and students in the fields of comparative literature narratology and ancient Chinese literature
